Brattleboro Local

LOCAL NOTES AND GOSSIP.

It is expected that a new chapter of the Order of the Eastern Star will be started in Brattleboro within a few weeks.

There will be a business meeting of the members of the Baptist Young Men's Union in the chapel the evening of April 20.

A Relief Corps will serve a supper at 6, A. R. hall Wednesday, April 24, from 5:30 to 7 p. m. The supper is invited.

Miss Gilbert Spaulding, one of the daughters of Mr. and Mrs. Fred J. Spaulding, died at her home at 29 Central street Wednesday morning. She had never been well and her death was not unexpected. They have the sympathy of the community in their bereavement.

A good sized burglar scare was caused by a number of imaginative children living in the vicinity of Cedar and Myrtle streets early in the week. An investigation of the report showed that the foundation rested upon a small Hebrew who had been seen about the street gathering old iron and other junk.

Prosser closed his week's entertainment in the auditorium Saturday evening with about the usual stunts in gymnastics. With all his subjects hypnotized he induced them with the idea that they were on roller skates and their movements were ludicrous. Friday night there was a ring circus and many stunts were performed.

The evening entertainment in connection with the Congregational fair Mar 2 is to be under the direction of E. W. Wade, who will present among other features a Red Riding Hood dance by 16 little girls. This is said to be unique and pleasing and to contain some surprises. It has never before been produced in Brattleboro.

Henry Temple Piper, three-months-old son of Mr. and Mrs. Harry L. Piper, died at their home in Esteyville Tuesday night. The child had been healthy from birth but was taken suddenly ill the morning before the night when he died. Mr. Piper is the local reporter for the Vermont Phoenix and with his family has recently moved here from Springfield, Mass. The people of the town who have occasion to know Mr. and Mrs. Piper deeply sympathize with them in their loss. Funeral services were held yesterday afternoon at the house, Rev. E. Q. S. Osmond officiating. Burial was in Mornington.

The annual meeting of Bingham chapter, O. E. S., for the election of officers for the ensuing year was held in Masonic hall Tuesday evening. A supper was served to members and their families at 6:30 and the election followed the reports of the secretary, treasurer and other officers. Following is the list of officers elected: Worthy patron, Mrs. Martha Swift; assistant worthy patron, Milton Eddy; assistant worthy patron, Mrs. Sarah Dickenson; secretary, Mrs. Eugene Pettie; treasurer, Mrs. J. E. Lawrence; assistant conductors, Mrs. Ida Coombs. The officers to be appointed will be announced at the next meeting of the order.

A delegation from the Greenfield union of car workers and inspectors of the international association waited on officials of the Boston & Maine road Saturday and handed in resolutions, not only from the 75 members of the Greenfield union, but from the car workers of Springfield, Northampton, North Adams, Belvidere Falls and South Vernon, asking an increase of 25 cents a day in their pay. If granted, the request means an increase for this class of employees all over the system. The delegation was received courteously by the officials, but no answer was given to the request. Representatives from all the unions mentioned met at Greenfield Friday evening, and the discussion of the matter of the increase in pay lasted until 2 o'clock Saturday morning.

To the number of attractive stores in town a new one has been added by D. Frank Shea, who has remodelled his property on Elliot street. The building has been entirely fixed over. The basement is to be used as a fish market and has been fitted up with new asbestos lined ice chests and porcelain fittings. The ground floor is to be used as a grocery store. This part has received the most careful attention, with new plate glass windows, added in front, a new metal ceiling and new electric lights. The upper floor of the building will be used as a residence by Mr. Shea and family. A full line of fish will be carried both fresh and salted, and a choice line of groceries, especially canned goods, will be kept in stock. Mr. Shea will do business on a basis of strictly cash on delivery.

The drama, As Ye Sow, which has caused so much talk throughout the entire country, will be produced at the auditorium tomorrow afternoon and evening. Rev. John Snyder's play deals with New England people, and in particular the men and women of a small town on Cape Cod, where Rev. John St. John is pastor of one of the churches. Into the quiet life of this little place comes all of the passion and whirl of the great world outside, looking for a time the serenity of life for the villagers. The working out of a knotty problem in sociology—the eternal problem of the love between men and women—constitutes the serious portion of the play, while love, as less powerful, fills in the pauses with a rather more cheerful effect, the human and more humorous aspects of the grand passion being shown in the minor characters and episodes. William A. Brady and Joseph R. Grismer, the producers of Rev. Mr. Snyder's work, think very highly of the new play and have given it an elaborate production.

THE MAYOR OF TOKIO.

Story of the Opera to Be Seen Here Next Thursday Evening.

With a record of 200 nights in Chicago and 250 in New York the rollicking new farcical opera, The Mayor of Tokio, will be the attraction at the auditorium next Thursday evening. The book is by Richard Carle and the music by W. F. Peters. The scene of the new opera is laid in Japan and deals with the adventures of a comic opera organization stranded in the Nippon metropolis. Marcus Orlando Kidder, impresario of the luckless troupe, is played by J. L. Kearney, who was selected by Mr. Carle as being the only comedian in the country whom he felt could follow him in the part. Mr. Kidder and the remnants of his Komiques have arrived in Tokio with sadly depleted treasury and wardrobe. In addition to Kidder himself, all that remain of a troupe that left San Francisco 60 members strong for the tour of the far east are a sour-faced wardrobe mistress, a love-sick song-book boy, a soubrette with Shakespearean ambitions and nine little girls called the "pennant ballet." At the time of their arrival the mayor of Tokio is unfortunately entangled in a plot with a Russian spy, Ivan Orfildich, and General Satake, a conspirator who has entered into an agreement with Ivan to

MAYOR OF TOKIO.

betray important secrets of the Japanese government. The mayor has the unfortunate habit of talking in his sleep, and Satake persuades him that during one of his somnambulant conversations he has betrayed the secrets to a foreign agent. Furthermore Satake informs the mayor that unless the latter forces his daughter Olotto to marry the conspirator he will report the mayor's supposed treason to the mikado, with harikari as a result. Olotto, however, falls in love with Julian Lincoln, the tenor in Kidder's company, and with the ardent characteristic of the maid's affections. Complicating matters to a further degree, the mayor mistakes Kidder's Komiques for a royal party of princes and princesses who are momentarily expected in Tokio. Kowtow gives the royal welcome and hands the keys of the city of Tokio to Kidder, who opens up the city and takes the lid off until his identity is discovered and he is thrown into jail. A rich American father of the tenor turns up at the right time, and with the assistance of his clerk, book everything comes out pleasantly.

China is producing about 90,000 tons of iron ore a year at Shu Wei-Yao, some 80 miles from Hankow, and is shipping it all to Japan. The ore yields 60 to 65 per cent. of iron. Millions of tons of this rich ore is in sight, besides large quantities of limestone.

Madame Tussaud, famous for her wax figures, died in London, where she had lived for 49 years, at the age of 90, in the year 1850. She it was who by her art had preserved the portraits of the men of the French revolution, including Marat and Robespierre; of Charlotte Corday, the Princess Lamballe and of Madame Beauharnais, afterward the wife of Napoleon I.

The virtues of the hot water application are recognized to such an extent that hot-water bags are made in a great variety of shapes and sizes. The latest designs are made to fit around the joints such as the knee, ankle and elbow. They are very effective in the treatment of neuralgia, arthritis, rheumatism and similar affections.

This May Interest You.

No one is immune from kidney trouble, so just remember that Foley's Kidney Cure will stop the irregularities and cure any case of kidney and bladder trouble that is not beyond the reach of medicine. Sold by All Druggists.

Five arrests have been made in St. Albans and others are said to be imminent following what the police and detectives say is a systematic series of robberies of brass trimmings from the Central Vermont Railway company. Those already under arrest are James Peters, a roundhouse employee of the railroad, and Samuel Godfrey, also employed by the company, Mr. and Mrs. Harry Cohen and Louis Vaivert. The last three men, Peters and Godfrey have already been bound over to the September term of county court. The railroad company engaged the Thiel detective agency of New York to ferret out the loss of brass. Five detectives have been at work for some time. The stealings have averaged from 1400 to 1500 cents a week. Most of the brass stuff was sent to Jersey City and Boston, and it is said that an arrest has been made in the latter city.

Custom Shoes

\$3.88

This splendid line of shoes for men has never been exceeded for sterling wear, for perfection of fit, beauty of style, for excellence of finish and for completeness of assortment.

Over thirty styles to select from in great variety of leathers, comprising Wax Calf, Box Calf, Patent Calf, Patent Colt, French Enamel, Vici Kid, Velour Calf, Russian Calf and Russel Vici; also Oxfords in every leather, and all at one uniform price. Our tenor system of purchase and sale enables us to give you at \$3.88 all in one group, all the kinds you ordinarily buy at \$4.50 to \$5.00. We know this sounds big, but we have submitted our shoes to the most critical examination of fair-minded buyers everywhere, and we have not yet to find a single case where our shoes are excelled by the so-called \$4.50 and \$5.00 shoes. Every pair of these shoes has the famous Metallic Oak soles, which will outwear two pairs of ordinary soles, this item alone making them worth 75 cents more than any other shoe in the market.

Price, \$3.88

Johnson Shoes

for Working Men

We would give a good many dollars if we could show this shoe to every working man, every farmer, every truckman, every foundryman, every man who gives shoes especially hard wear. If we could only do this, there would be no other working shoes sold, because the moment you see them you realize that they are superior for wear to any you ever saw at any price. They are not dressy shoes—shoes cannot be "good looking" and "good wearers" at the same time, but if wear is what you want, Johnson shoes beat all the shoes yet made. Every pair of Johnson shoes has

FOUR SOLID SOLES

of best union sole leather in the bottoms. Every shoe is stitched with very best linen thread, and then to make it doubly strong it is stitched again with the same linen, and then to do away with any possible last chance of ripping, they are stitched a third time with the same thread. The uppers are from the strongest calf that is tanned, Congress or laced, plain or cap toe.

Youths' Johnson, 11 to 2, \$1.39
Boys' Johnson, 2 1/2 to 5 1/2, \$1.69
Men's Johnson, veal shoes, \$1.98
Men's Johnson grain shoes, \$2.22

Franklin Shoes

for Business

This shoe has been the marvel of the shoe trade ever since the manufacturers put it on the market. 'Twas said such a shoe could not be produced at the price and allow the factory to live, but the great output has enabled them to do so much business that even at the small margin of profit afforded, they have been satisfied, and the wearer gets a shoe for \$2.00 that for store, shop and light outdoor wear has never been equalled, much less excelled. Every pair is made from plump Durham calf stock, has best union soles, and is warranted by the Franklin Shoe Co. and by us to satisfy every wearer. They come in all widths and sizes, congress or lace, plain or cap toe. Four styles of toes and lasts to suit every shape of foot. The demand is so great for these shoes that sometimes the factory is weeks behind on orders.

Little Men's Franklins, sizes 8 to 13 1/2, \$1.25
Youths' Franklins, sizes 11 to 2, \$1.50
Boys' Franklins, sizes 2 1/2 to 5, \$1.75
Men's Franklins, sizes 6 to 11, \$2.00
Men's Franklin box calf and veal shoes for dress wear, \$2.50

Walton Shoes

"THE BEST SHOE FOR BOYS" IS THE "IT WILL WEAR."

The Walton Shoe Factory is a boys' factory. They make more shoes for boys than any other manufacturers in the world. They make nothing but boys' shoes and the result is that they know how to make boys' shoes. The Walton factories turn out 9,000 pairs of shoes every working day in the year. Think of it! 9,000 boys sold every day from one factory. Does this mean anything? Does it have any lesson for you? Does it not teach you that such shoe production and consumption must mean shoe merit? Boys like shoes that are distinctly boys' and wear literally like iron. The Walton shoe fills just the place. It has the style, it has the wear. Other shoes there are, and good shoes, too, but only the Walton has the happy combination of style and quality to so marked a degree.

Walton Satin Calf: Little Gents' shoes, 8 to 13 1/2, 98c
Youths' shoes, 11 to 2, \$1.22
Boys' shoes, 2 1/2 to 5 1/2, \$1.44
Seamless Shoes: Sizes 8 to 13 1/2, 98c
Sizes 11 to 2, \$1.39
Sizes 2 1/2 to 5 1/2, \$1.69

COMPANY B DISBANDED.

Attempt to Strengthen St. Albans Company Was Not Successful.

In pursuance of General Order No. 8 issued at the adjutant general's office under date of April 12, Company B, 1st Inf., V. N. G., was disbanded and mustered out of the service of the state Tuesday. The adjutant general, as stated in the report for having fallen below the standard of efficiency. About two months ago a general order was issued from the adjutant general's office which was practically the same as General Order No. 8, ordering the company to be disbanded for having fallen below the standard of efficiency. A citizens' meeting was called at that time and as a result of this meeting a petition was forwarded to the governor and adjutant general begging that the execution of the order be withheld pending an investigation. At this meeting a citizens' committee was appointed to investigate and confer with the military authorities. The committee together with a committee from Company B held a conference with Adj. Gen. W. H. Gilmore and Col. J. C. Estey and as a result General Order No. 5 was rescinded. The citizens' committee, Second Lieutenant F. B. Ashland, was ordered to receive the company and put the company in such a condition that it would be able to report to the military authorities at some future date. This committee did make a report to the adjutant general and this report is the substance of General Order No. 8.

CENTRAL VERMONT BURGLARY.

Systematic Robbery Resulted in Five Arrests in St. Albans.

Five arrests have been made in St. Albans and others are said to be imminent following what the police and detectives say is a systematic series of robberies of brass trimmings from the Central Vermont Railway company. Those already under arrest are James Peters, a roundhouse employee of the railroad, and Samuel Godfrey, also employed by the company, Mr. and Mrs. Harry Cohen and Louis Vaivert. The last three men, Peters and Godfrey have already been bound over to the September term of county court. The railroad company engaged the Thiel detective agency of New York to ferret out the loss of brass. Five detectives have been at work for some time. The stealings have averaged from 1400 to 1500 cents a week. Most of the brass stuff was sent to Jersey City and Boston, and it is said that an arrest has been made in the latter city.

Is Pure Food Law Constitutional?

The constitutionality of the new pure food law passed by the Vermont legislature, as affecting the sale of diseased meat or animals, will be tested in an interesting case to come up before Judge A. A. Hall in Chittenden county court at Burlington. G. F. Peet of Shelburne was arrested a few weeks ago for alleged violation of the law. Peet is a dealer in meat and he makes the possession of any such carcasses, dressed or packed in a manner suitable for sale or use as food, prima facie evidence of the intent to sell the same or to ship the same out of the state, for use as food. The penalty is imprisonment for not more than one year or a fine of not more than \$300 for each offense. The respondent, through his attorney, V. A. Bullard of Burlington, has filed a demurrer in the case on the ground that the new law is unconstitutional in that it is a violation of the interstate law.

Middlebury Breaks With U. V. M.

The faculty representative on the athletic committee of Middlebury college has instructed the managers of the various teams to look no games with the University of Vermont. It is understood that

this action is the result of the disorderly nature of the football game between these institutions played last fall. The announcement came as a complete surprise to the student body, and was generally looked upon with disapproval. It is, however, not without precedent. Similar action was taken two or three years ago because of the unsportsmanlike attitude between the two colleges. Last year the athletic relations were resumed, and it was hoped that they might continue uninterrupted. This year the schedules of Vermont and Middlebury contain a football game in Burlington for Memorial day, according to an old custom, which game will, under the new order, be canceled.

McCabe Cases Not Pressed.

The cases of the state against Patrick F. McCabe, a former station agent at Bolton, charged with train wrecking and with injury before the state board of railroad commissioners were not pressed last week in Chittenden county court. These cases grew out of the wreckage of the Knickerbocker Limited at Bolton in January, 1906, while running at the rate of 60 miles an hour in which wreck all the passengers escaped death miraculously. McCabe escaped to Canada and after some time was traced to a remote farm house. He consented to return without extradition papers and testified before the commissioners as a result of which the charge of train wrecking was dropped. The last legislature repealed the statute under which they were brought and enacted a new law.

Teams Join N. H. League.

At a meeting of the New Hampshire baseball league in Manchester last week Burlington and Montpelier-Barre were given franchises with the stipulation that each club raise \$1000 as a guarantee of good faith. T. K. Milne represented the Burlington interests and A. W. Daley of Montpelier and C. H. Wishard of Barre in the interest of the league. The meeting was very harmonious and everything points to a most successful season, which will open May 11 and close Sept. 8.

Vermont News Notes.

E. H. Deavitt, state treasurer, received Monday taxes on railroad corporations as follows: Boston & Maine, \$22,246.51; Rutland railroad, \$23,412.29. The time for paying such taxes expired at midnight Monday.

County Game Warden Harry Chase of Bennington county went to Arlington last week to superintend the planting of a consignment of brook trout fry from the state hatchery at Roxbury. Of the shipment 45,000 were planted in Colebrook, Black brook and the "Tom Cullinan" brook, tributaries of the Battenkill river, Arlington. Five thousand were taken in charge by E. G. Bacon of Sunderland and planted in Mill brook, Sunderland, also a tributary of the Battenkill.

Nine freight cars were derailed Sunday on the Central Vermont railway between Montpelier and Barre, blocking the line and necessitating running passenger trains over the Montpelier and Wells River road of Barre and Intercity. A wreck train arrived in the evening. All but three of the derailed cars were got back on the track before the wreck train arrived.

The announcement was made in Rutland Monday that Mason A. Green, for 13 years connected with the Rutland Daily Herald, and its managing editor for seven years, had severed his connection with that paper. His work as a journalist, editorial writer and student of economics, has made him one of the best-known figures in the Vermont newspaper field. Mr. Green's resignation is due to a desire to obtain a much needed rest and to enable him to devote more time to his other literary work. For the present he will remain in Rutland. There has been no an-

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orinex Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orinex Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Sold by All Druggists.

Guaranteed Liquor Cure

No Detention From Work or Loss of Time—Desire for Drink Destroyed by Orinex.

When one of our most reliable druggists makes a positive statement that he will guarantee to cure the liquor habit if Orinex is used in accordance with directions or refund the money it shows his great faith in the treatment. It is in this way that Orinex is sold by the leading druggist in nearly every city and town. In every box is a registered guarantee which entitles you to a refund of your money if Orinex fails to effect a cure.

No other cure for the liquor habit has been sold in this way and the remarkable guarantee shows how far superior Orinex is to the ordinary sanatorium or home treatment. There is no detention from work or loss of time when Orinex is used. It destroys the desire for liquor, so that the drink is not missed also cures the deranged stomach, weakened nerves and other ill effects of excessive drinking restoring the patient to perfect health.

Orinex is prepared in two forms, No. 1, the secret remedy which can be used in food or drink without the knowledge of the patient; No. 2, for those who take the remedy of their own free will. Both forms are guaranteed. A registered guarantee in every box.

Treatise on how to cure drunkenness free on request. Orinex Co., Washington, D. C. The price of either form is \$1 a box making the cost of the complete cure less than one-tenth what it is usually charged at sanatoriums, with a guarantee that the expense will be nothing unless a cure is gained. Mail orders filled. Orinex is for sale by Brooks House Pharmacy, Main street.
