LEACH & WATERMAN

It's the Borax that Softens and Soothes

If you have used BO-RAXO in the
bath you know the wonderful feel-
ing of perfect comfort and cleanliness
which it brings.

You may never have bothered to wonder why, but it is because the Borax in

BO-RAXO

Bath and Toilet Powder

cleanses the pores—opens them and rids them
of all waste matter and poisons. Ordinary soaps do not do this. The Borax is also very softening and healing. Its continued use will keep the skin soft, smooth and healthy.

Sold in handy, sanitary, sifter-
top cans. At all dealers.

THE SUBMARINE TOLL

Made Gain of 394 Tons over July

London, Sept. 25.—Although the British shipping losses were lower, there was a slight increase in the total allied and neutral shipping losses due to enemy action and marine risk in August over July, according to a statement by the admiralty issued today.

The total figures are 327,676 gross tons, an increase of 3,904, divided as follows:
Allied and neutral losses, 151,275, an increase of 14,927; British losses, 176,401, a decrease of 6123.

The statement says:
"The British losses from all causes in August were slightly higher than for June, which was the lowest month since the introduction of submarine warfare. If the British losses from enemy action alone are considered, August was better than any month since September, 1916." The tonnage of steamships, 500 gross tons and upward, entered and cleared from United Kingdom ports in August amounted to 8,158,639, an increase over July of 438,741 tons.

DENTAL ROOMS

Red Cross Establishes Offices in
American Camps

London, Sept. 26.—There has recently been a great demand for dental work among American soldiers stationed in England or en route to France. The American army has a considerable number of dentists, and the American Red Cross has also furnished several but there were not enough. So Red Cross headquarters in London was asked to provide further aid, and within a few days, Captain E. Marion Cox, to whom this work was delegated, was able to report that 18 American dentists residing in London had volunteered part time service in nearby American camps.

To meet the requirements, dental rooms are being fitted up by the Red Cross at various American camps. At one large aviation camp in a suburb of London, a dental hut is being erected by the Red Cross, which will provide three chairs and all the latest equipment for gas and electric treatment.

NETTLE FABRICS

Germany Substitutes Them for Wool
and Cotton Socks
Amsterdam, Sept. 26.—Government-

backed propaganda to familiarize the German public with the advantages of nettle fibre fabrics is becoming more intense as the Fatherland's remaining wool and cotton stocks are dwindling in size.

At Zehlendorf near Berlin there is a large nettle farm where the weeds, planted this spring, have grown to a man's height. This nettle-growing business is carried on under the auspices of the "War Raw Materials" section of the War Department in Berlin, and 25,000 persons find employment in collecting the young plants in all parts of the country.

At the present time there are in Germany about 100 nettle fibre textile works, where the dried stalks are woven into cloth. One hundred pounds of well-dried stalks is paid for at the rate of 14 marks, while, the dry leaves, which are much in demand as cattle fodder, fetch 10 marks for 100 pounds. The same price is paid for a pound of dried nettle seeds.

Olin S. Bishop of Utica, prohibition candidate for governor at the primaries, who urged his friends all over the state to vote for Governor Whitman by writing in his name, at the Hotel Aberdeen predicted the Prohibitionists would poll 100,000 votes for Whitman.

KIDNEYS WEAKENING?

LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain. This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing

its preparation and sale. The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.
