Bull Brand Wins Out In Comparative Test

On Farm of Markham & Puffer, Avon, N.Y.

"Bull Brand" Dairy Ration was placed on the farms of Markham & Puffer, Avon, N. Y., in competition with another well-known, widely advertised feed which they had fed for a considerable period. They were reluctant to purchase "Bull Brand," thinking that there was no feed equal to the other.

On the strength of our guarantee they purchased a car of "Bull Brand" with the agreement that they would not have to pay for the feed until they were convinced that it was not only equal to, but better than the feed they were using. After feeding "Bull Brand" they became permanent "Bull Brand" users, a fact which needs no further comment.

Right in this town many feeders are making similar records with "Bull Brand." Ask us for their names.

What "Bull Brand" is— a clean honest feed, containing 24% Protein or 20.5% digestible protein; 5% Fat or 4.5% digestible fat; 50% carbohydrates and only 12% fibre.
