J. C. DODGE, 160 Main St

The Weather.

BOSTON, May 21.—Fair to-night and Sunday morning. Showers Sunday afternoon.

OFF FOR CHICKAMAUGA.

VERMONT NATIONAL GUARD LEFT THIS MORNING.

A large crowd went from this city this morning to bid good-bye to the boys of Barre who left this noon for Chickamauga. The Montpelier band rendered a number of selections as the train stood in the depot. The boys were not permitted to leave the cars which numbered 10, and their friends had to speak to them from the car windows. When the crowd went to the Junction they went loaded down with fruit and eatable for their friends.

As the train pulled out of the depot it was a sad sight nearly everybody had tears in their eyes as the train went out of sight. The Barre crowd gave three cheers for Company E just before the train left.

On the Corner.

And still the battle is on between the police and the Club. Where to find a permanent place for holding meetings is the chief topic of consideration. Whenever the Club has been granted permission to meet, the police it is claimed have driven them away. The Inspector knows the reason why the police have prevented this gang of loafers from blocking our streets or disturbing the sleep of those who retire early, and the police are most certainly justified in keeping this gang from holding meetings when able to prevent such gatherings. Late yesterday afternoon the Inspector learned that the meeting last night would be held in the "Cut" known as "Hookers Cut" on the line of the Williamstown railroad. The Club assembled on the track, while the Inspector was at the top of the cut, and here is what this aggregation of lazy, useless and meddlesome grumblers transacted. A vote was taken as to where the crowd wanted the postoffice, and this called for much discussion among those present. About one half of the crowd wanted it in the new city hall building, as they claimed it was the best located. The fighters from the "bloody third" wanted it located in either Miles or Currier's block. The "Boss" war workers in wards five, wanted it placed in the Morse building. While the residents of North Barre said the government ought to be compelled to erect a block in their section of the city and place it down there. Now after they finished their orations about the postoffice a recess was taken for a few minutes, and I had time to consider the postoffice subject. The Inspector has no personal axe to grind, and blames no section of the city for asking for its location. The postoffice will boom business in any section of the city where it may be located. But while fair minded men would admit that the city hall building would be the most central location for the office, yet as Mayor Gordon sometime ago expressed it, "Do we want to make anymore contracts with Uncle Sam?" If not then why should we undertake to deprive others from furnishing quarters for the mails? Now Morse, Currier and Miles will have suitable rooms for the postoffice, and the Inspector has no doubt but in one of these three blocks the mails will be sorted for the Granite City. Let the city give us a good hall, and other necessary rooms, but do we want to use any of the rooms for a postoffice. Personally the Inspector is in favor of the postoffice being in the City building, but as a taxpayer I say put the bid so high that Uncle Sam will not pay it or if he concludes to pay the price asked secure a contract that shall have something of fairness about it.

Recess being over the club resumed business and discussed the holding of Executive sessions by the City Council. The Kickers present thought the taxpayers of the city should have the right to know all matters given attention in the meetings of the City Council, and that newspaper men should not be excluded. The Inspector does not oppose this opinion of the club, and would urge the members of the council to give this matter a little thought. But the "Cyclone" is coming, the club disappears from sight of THE INSPECTOR.

TWICE UNLUCKY.

Orevis Bateholder who it will be remembered fell from a load of hay last winter and was so badly injured had a similar experience Thursday night. He and his son Ad were driving in two separate teams towards their home on the Plainfield road and in a joking manner they started to race horses. Accidentally their carriages came in contact with each other and the old gentleman was thrown into the ditch striking on his side and breaking a bone in his arm. He was taken to his home and will probably be laid up sometime.

Col. E. B. Williston of the Sixth United States artillery, who was made a colonel about six weeks ago and is now likely to receive a brigadier generalship, is a Vermonter, and was a classmate of Commodore Dewey at Norwich university in 1853 and '54. He was made a lieutenant in the Second artillery Aug. 5, 1861, and has been in the service since the civil war.

Prof. B. G. Wilkins has received a state agency for "The Quaker Folding Bath" from the World Mfg Co. of Cincinnati, Ohio. Sub agents are wanted for town and counties at once.

Killed Five Volunteers
Twelve Injured.
Montserrat Escapes and Reaches Home Safely.

Cervera in a Trap---City of Peking Leaves for Manila.

Railroad to Klondike.

SEATTLE, May 21.—The contract has been let for a railroad from Skagway to Lake Bennett via White Pass. The work will be begun immediately.

Nearly Ready.

SAN FRANCISCO, May 21.—Two more steamers, making five in all, have been chartered for transports to convey U. S. troops to the Philippines. The City of Peking starts tomorrow and the others will follow in a few days. There has been a great deal of dissatisfaction expressed that the expedition did not start earlier but this has been caused by the fact that the government has been unable to procure transports or uniforms suitable for the climate of the country into which the troops are going. The transports are, however, almost ready and the uniforms are rapidly being made. They will be of white duck canvass such as is worn by the British soldiers in India. It is thought that about 20,000 soldiers will be landed in the Philippines and that if more are needed they will be sent at the request of Gen. Merritt, if he considers it practicable after he reaches there and has time to look over the situation.

Coal Barges, Not Warships.

PORTLAND, May 21.—The vessels which were sighted off here last night and supposed to be warships, have proved to be coal barges towed by a tug.

Chief Justice Carpenter Dead

CONCORD, May 21.—Chief Justice Alonzo P. Carpenter of the New Hampshire supreme court died here at 7 o'clock this morning. He had a paralytic shock a few days ago.

Brooklyn Fire.

NEW YORK, May 21.—There were two serious conflagrations in Brooklyn this morning. At each one a fireman was injured fatally and many were hurt. The first was a big tenement house. The loss was \$100,000. The second was in a saloon. The firemen's rubber boots melted when they stood in them. One of the firemen was paralyzed by live wires.

May Be Famine.

MADRID, May 21.—It is semi-officially announced today that there is perfect tranquility throughout Spain despite the war. A famine is threatened and trade will be ruined.

Volunteers Killed.

CHATTANOOGA, May 21.—The train conveying the First Missouri regiment of infantry was wrecked this morning by a collision with the regular passenger train at Rossville. Five privates were killed and 12 were injured.

Down-Nicholson Marriage.

QUINCY, Mass., May 21.—Lieutenant John Down, U. S. N., commander of the receiving ship Wabash, was married to-day to Mrs. Henrietta Wise Nicholson, grand daughter of Edward Everett. The groom wore a full dress uniform.

Eluded the Americans.

CORRUÑA, Spain, May 21.—The Spanish Auxiliary Cruiser Montserrat arrived last night from Cienfuegos having escaped the American blockade. There was a great crowd on the quay and the crew was received with an ovation. The people embraced the captain and officers. The commander declares that he has no dispatches.

103,000 Volunteers.

WASHINGTON, May 21.—103,000 volunteers have been mustered into the volunteer army. By the end of the week it is expected that the full number called for will be mustered. The regular army is being increased to 68,000 also.

A Fatal Mistake.

LONDON, May 21.—According to the best expert opinion here, if Cervera has gone to Santiago De Cuba he has made a fatal mistake. Vice Admiral Cervera, a naval expert, says he is convinced that the Spanish Admiral is now unlikely to strike at all. If he enters the Southern port he will severely effect a blockade. He can be readily watched by a few small vessels while the rest of Sampson's fleet can devote themselves to blockading other ports.

What They Say Of Us.

W. F. Scott has sold the daily and weekly BARRE ENTERPRISE to H. C. Whitaker and George A. Ross and will now take a well-earned rest. For nearly 20 years Broer Scott has been manager, editor and publisher of the ENTERPRISE. His retirement will be regretted by many friends among whom are numbered the newspaper fraternity of the state. At the same time the new management will have the good wishes of all for success in their new departure. —Windsor Journal.

The retirement of W. F. Scott from the BARRE ENTERPRISE removes one of the oldest and best known members of the newspaper fraternity. He has been in business at Barre 17 years, and in almost continuous service in the printing and publishing business since 1854. The ENTERPRISE has been sold to Henry C. Whitaker and George A. Ross, two estimable young men, who will continue to publish the weekly and daily. Seventeen years ago Mr. Scott bought the ENTERPRISE of L. P. Thayer, who had been printing it at Montpelier from the office of the Vermont Farmer, and moved it to Barre. Although there have been a number of different papers started during the interim, his paper has always held the position of the leading weekly of the city. The continuous application to business has told on his health and he now retires to gain much needed rest. Through his long connection with the business Editor Scott has become personally known to nearly every publisher in the state, and he will have the best wishes of all for a speedy return of health and a well-earned rest. —St. Johnsbury Republican

Real Estate Agents
