The Weather.

Boston, May 26.—Cloudy; occasional rains tonight and Friday. East to north winds.

C. S. CURRIER,

SUPERINTENDENT OF WATER WORKS.

An adjourned meeting of the board of aldermen was held last evening for the purpose of discussing the momentous water question and to transact other business which should come before the board.

Permission was granted to O. D. Mathieson to post notices of the school entertainment upon the fence recently erected by Ward & Douglas on North Main street.

The next business to come up for discussion was the matter of employing experts in the interests of the city to appraise the value of the water works. It was voted to employ Freeman C. Coffin of Boston in addition to Mr. Blake whose name had already been approved. Mayor Gordon presented the nomination of City Engineer Currier as superintendent of water works and he was unanimously confirmed. The matter of salary was referred to the salary committee who will make out the contracts today and report at a meeting to be held this evening. Mr. Currier offered to accept the position for \$1200 and furnish his own team or at \$1000 in case the city would bear the expense of a team. A proposition that the City Clerk act as collector of the water rentals with the same commission as received from the tax collectors was discussed but not decided upon.

A resolution was offered by the Mayor that the city council proceed forthwith to purchase or take all lands, rights of way, water rights, privileges, etc., for bringing the water from the Martin Brook, so called, into the city. This was referred to a second reading. Upon application from Treasurer F. G. Howland, of the Barre French Library, a resolution was offered to appropriate \$300.00 to the use of this library. This was referred to a second reading and will come up for consideration at the meeting this evening.

GALE-MORRISON.

Rev. Edward J. Gale, formerly of this city and son of Lyman A. Gale was married on Tuesday to Miss Anna Morrison of Chester Ill. at the home of the bride. Mr. and Mrs. Gale are expected in this city on Friday or Saturday. Mr. Gale is well known in this city and his many friends will be pleased to hear the good news. He was ordained at the last Methodist conference at Springfield and was stationed at Island Pond. He will only spend a few days in this city with his parents.

What They Say Of Us.

After creating and conducting the Barre Enterprise for seventeen years, Editor Scott has sold it out to Messrs. Whitaker and Ross, two young men who have recently been associated with him in the publication of the daily edition. The Enterprise has always held a most respected and conservative position in state journalism, and has been conducted most honorably and successfully by Mr. Scott. Congratulations to him on this opportunity for a rest after nearly a half century of continuous work in the harness, and continued success to the Enterprise.—Burlington Clipper.

W. F. Scott, of the Barre Enterprise, has sold that paper to H. C. Whitaker and G. A. Ross, and will take a well-earned vacation. Mr. Scott has been connected with the Vermont press for nearly half a century, the last seventeen years as proprietor of the Barre Enterprise, and is well and pleasantly known by the State fraternity, all of whom will wish him health and prosperity.—Burlington News.

SCHLEY ACTS

Unhampered by Strategy Board.

California to be Called First.

PLANS to Cut American Cable. Oregon at Key West--Montejo Afraid of Dewey at Manila Battle.... Poor Condition Spanish Ships.

Forced to Fight.

HONG KONG, May 26.—Captain Concha of the ill-fated Spanish cruiser Don Juan De Austria, which was destroyed by Dewey in the battle of Manila, says that the Spanish commanders were aware that the fight was hopeless, but they were forced to it by the state of public opinion in Manila. Most of the officers wanted to steam out of the harbor and meet the approaching fleet but Montejó refused. Concha says that the Spanish fleet was in a disgraceful condition, the engines were broken, the ships were leaking, and on some of them not more than two of the guns could be fired. On some of the others only the decks were protected.

The Last Sad Rites.

LONDON, May 26.—There has been a remarkably impressive scene at Westminster since two o'clock at which time the arrivals of those who were anxious to witness the remains of Gladstone. A line was formed composing many of the notables of England, the cabinet, ministers, and members of the House of Commons down through all classes. The doors opened at 10 o'clock. One hundred persons passed the body every minute and in two hours 40,000 had viewed the remains of one of the greatest statesmen the world ever knew. Sir Vernon Harcourt, the Liberal leader in the House, arrived this noon.

Blockade Quiet.

KEY WEST, May 26.—The gunboat Hornet came in this morning from the blockade before Havana and reports that everything is quiet there.

High Life in Prison.

NEW YORK, May 26.—Robert W. Fielding, the former deputy commissioner of public works, was today sentenced to two years and a half in Sing Sing and to pay a fine of \$2,000. He was convicted a few days ago on the charge of conspiracy and the allowance of fraudulent claims against the city of Brooklyn.

Judge Lynch Convicts.

SALISBURY, Md., May 26.—Garfield King, an eighteen-year-old negro, was taken from jail this morning and hung. His body was riddled with bullets. He was in jail waiting trial for the murder of a white boy Saturday night.

Sworn in to Second Call.

SAN FRANCISCO, May 26.—California may be the first state to furnish a complete regiment under the President's second call. Orders have been issued to inspect the fifth regiment and they expect to be sworn in as a body tomorrow.

Spain Will Retaliate.

MADRID, May 26.—The newspapers here are continually urging the cutting of the American cable connections across the Atlantic if the Cuban cable are cut.

Massing on New England

FLEETS OFF HALIFAX.

Spanish and French.

NEW YORK, May 26.—Special to Commercial advertiser from Halifax N. S. says a fleet of French and Spanish warships are just reported off Halifax harbor.

Hurried orders have been sent to all troops in garrison, and the forts about city and harbor are being manned by extra forces.

Strategy Board Superseded.

KEY WEST, May 26.—The movement of the American vessels under the three squadron commanders is being taken as a generally accepted fact, and that Schley is in the vicinity of Santiago is believed to be true, while the report that the squadron under Watson is along the western and northern coasts is now shrouded with only a slight uncertainty.

The composition of these three squadrons has been changed but the names of the vessels are not permitted to be known. It is also accepted as a fact that Schley is to be permitted to work out the problem of Santiago himself. This arrangement is greeted with much satisfaction from all sides, as it is the general opinion that an experienced naval officer in the field of action is better suited to conduct his own movements than a board of strategy in Washington is.

Dewey's victory is probably largely due to the fact that he was cut loose from any communication with Washington and was thus unhampered by any such orders as Sumpson was troubled with in Southern waters.

Subral Not The Spy

MADRID, May 26.—Confirmation has been obtained here in a despatch from the island of Martinique of the departure of the Spanish torpedo gunboat Terror from Fort Du France. Lieutenant Subral a former naval attaché of the Spanish legation at Washington is here, therefore the statement that he is Jimenez the spy who was arrested at Key West is incorrect. The story was started by some of the passengers who said they recognized Subral in the person of the spy. Further investigation of Jimenez's case shows the importance of his capture and it is believed he has a number of associates who may be detected. A complete chart of the American coast especially of the harbors of the large cities was found in his effects.

Children Burned to Death.

IRON MOUNTAIN, Wis., May 26.—The residence of A. Richter was burned last night. Two children were burned to a crisp and two others were so badly burned that they cannot live. The fire was caused by the explosion of a kerosene lamp.

Drowned in the Gold Fields.

NASHUA, N. H., May 26.—Information has been received here that an entire American Klondike party consisting of seven men, five from here and two from Haverhill, were drowned by the breaking up of the ice in Frazier River May 2. They left here March 4th.

Guns For Spaniards.

GIBRALTAR, May 26.—Information has been obtained from a trustworthy source which says that a consignment of 40 Knapp guns for the forts of Cadiz have been sent and are now on the way through Spain. They passed through Germany, France and the Spanish custom houses as kitchen furnishings.

More Troops South.

PROVIDENCE, May 26.—The Rhode Island volunteers arrived here this morning enroute for Falls Church, Va. It was 36 years ago today when a similar scene was enacted. There was great enthusiasm here. The line was reviewed by the Governor with his staff and Mayor Baker. The whole city was a mass of bunting.
