WAR IS REALLY OVER.

Great Relief Felt by Officials In Washington.

The Protocol Is Really In the Nature of a Treaty of Peace, Though Many Detalls Still Remain to Be Attended To. Washington, Aug. 13.-The long lookd for dispatch authorizing the French bassador to accept the terms of the United States has at last arrived, and length relieved of their anxiety lest something might occur to delay the successful outcome of the negotiations which it has been conducting with the Spanish government through M. Their fate is sealed, and the protocol in that respect project was instituted could be present is as binding as any definitive treaty of on that day. There is a strong liklihood peace. Many Details Remaining.

Many details remain to be agreed up on which are not even referred to in the purely military and naval subjects will be referred to a military commission.

This commission may encounter some o our attention that some years ago Spanish soldiers in Cuba and Porto Ridifficulty in making a disposition of the ish government open to the charge of advices received here from private sources throw some light upon this, say ing that the Spanish government is apprehensive that the returning warriors will join the Carlists and break out in open rebellion against the present dynasty. It is probable the military commission will be clothed with adequate power to deal with this question in the interest of the United States.

THE AFTERMATH.

Having Arranged For Peace, Spain Is Now Settling Her Domestic Affairs.

Madrid, Aug. 13.-The question of the acceptance of the protocol having been shots with the insurgents, who retired finally settled and its signature explicit. ly and definitely authorized, the government is now considering the domestic situation for the best means of allaying the excitement and propagating the idea that Spain's surrender is not so complete as indicated by the bald terms of the protocol. As the first step in this direction a semiofficial note has been issued. It is as follows:

"The government is of the opinion that the most critical period of the peace negotiations has now arrived, as it depends on the arrangement of details as to whether the peace will be more or less advantageous. Spain wish s clusion the Liberal remarks. Montauk Point, N. Y., Aug. 12.-Five hundred men of the First volunteer cavairy, or Roosevelt's rough riders, arhere, in command of Major George M. Dunn. The new arrivals comprise Troops C, H, I, L and M complete and detachments from Troops E. F and G. The men are in fine shape except for a little fatigue incident to their long journey by rail. They were assigned to a temporary camp with the detachment of the First regular cavalry. They were not long in making their camp. There are now more than 2,000 men in camp, and more than 500 tents have been

erected. Resides medicines, compressed foods, meat extracts and jellies the hospital department now has on hand 200 suits of pyjamas, 150 suits of underclothes. several cases of slippers and cases of works and magazines, all of which were contributed by the Woman's National War Relief association.

Miss Helen Gould, Mrs. Washington A. Roebling, Mrs. Brown and the other members of the association who were conducted on a tour through the camps and all the hospitals could not help expressing gratification of the present condition of affairs and did not hesitate to say so. Miss Gould's offer to Colonel Forwood to supply anything that is needed removes the possibility of there ever being very much need in the hospitals. The offer was a sweeping one, but the manner in which the association has supplied goods already has shown the authorities at the camp that the promise can be fulfilled.

AT CAMP THOMAS.

Paymasters Get Through-Troops Will Be

Sent by Rail to New Camp. Chickamauga, Aug. 13.-The paymasers have finished their work at Camp Thomas and gone to other camps far-ther south. The work here was finished much earlier than expected, the trained paymasters getting through the regiments with great rapidity. The money left in the camp is causing considerable disorder, but a strong provost guard is preventing any serious consequences.

It is now the general opinion at Camp Thomas that the two divisions ordered to new camps will remain here at least ed are being inspected by special officers, and no more will be made untithey report and their reports are thoroughly considered. From the best in-formation obtainable the two divisions ble, but will be sent by rail.

Major Nye, commissary of subsistence of the local army supply depot, and Captain McDowell, local quartermaster, are making preparations to send traveling rations with the troops.

Work is progressing rapidly on the large reserve hospital at Chickamauga. It was at first intended to arrange this hospital for 800 patients, but it is now the intention to make the accommodations sufficient for 1,000.

Madrid, Aug. 13 .- An official dispatch has been received here from San Juan de Porto Rico confirming the report that the American troops have occupied Mayaguez, the important town on the western coast of Porto Rico. The dispatch adds that the Spanish garrison, consisting of a battalion of infantry and some guerrillas, with two mountain guns, commanded by Colonel Toto, mada a sortle from the place, and during the engagement which followed the Spanlards had three men killed and nine wounded. Some gendarmes, it is announced, overtook the Castillo band of insurgents at Cuevas and exchanged into the mountains.

Everybody in the navy department is apparently glad that Commander McCalla has been so fortunate. Several years ago he was convicted by a court martial of ill treatment of sailors and sentenced to suspension and loss of numbers. He lost seven numbers in the period of suspension and now wins them back by good work. Since he has been in Cuban waters Commander McCalla has worked night and day.
