

THE AFRICANS OF THE AMISTAD.

HARTFORD, September 21, 1839. Immediately after the opening of the Circuit Court this morning, Judge Thompson said the Court were not prepared, as yet, to dispose of the case under consideration finally, and that any intimations he might then throw out, ought not to be taken as the ultimate views of the Court. He said the case was not free from great difficulties, and the Court were embarrassed with the right disposition of it. The three girls, and all the prisoners, had been discharged altogether from any criminal accusation. It now becomes a serious question what disposition shall be made of them;—with the others, as well as the children who had been brought before the Court on the writ of Habeas corpus; for the embarrassment felt by the Court extends to all the persons in custody. N. Y. Journal of Commerce.

IT IS A FACT. That our Ohio loco loco government have sent an agent to England to borrow TWO MILLIONS OF DOLLARS, to be expended by the loco in Ohio!! And it is a fact, that the loco loco agent has not yet succeeded in borrowing the said two millions, or any part of it. And the prospect is, that he will come back to the loco loco with a face as long as a pump handle, perfectly satisfied that "he who goes borrowing goes robbing." Steubenville Herald.

The farmer gets the reduced sum of SIXTY-TWO cents per bushel for wheat, during these blessed days of tory bank reform—the tory office holders are paid from THREE dollars per day, up to TWELVE HUNDRED per annum. Thus we see the benefits of Tory legislation, whilst they have reduced the produce of the farmers and laboring part of community, they have enabled the purse proud, Tory office holder to live at one half what it heretofore cost him, and his salary the same. Oh! for some more glorious humbugs to gull the people. Zanes. Repub.

What a precious set of hypocrites the leading loco focos are. A short time ago it was death and destruction to us all, to be indebted to the English, to the "lords and ladies and nobility," and all that—now, in the face of day; they openly and publicly send an agent to those same lords and ladies and nobility, to borrow the small sum of two millions of dollars—forty four horse wagon loads of money—so that we, the good people of Ohio, may have the pleasure of paying interest for forty years to those self same lords and ladies and nobility. Steubenville Herald.

TAXES. Our readers will perceive, by the Tax notice in this paper, that notwithstanding what is coming down and money becoming scarce the Taxes are GOING UP. What will our taxes be, when the interest of the TWO MILLIONS our loco loco folks have sent to England for, shall be added? Let every man calculate for himself. Let him also calculate how long it will be his interest to submit to locofoco misrule and extravagance. Steub. Her.

Silk Culture—Greatest Cocoonery—It is stated in the Bridgeton Chronicle that the Cocoonery at Germantown, Pa., belonging to Philip Physick, esq. is the largest in the world. He has had this summer two millions (2,000,000) of worms with great success—and has 400,000 multiculis trees growing on his grounds. He intends planting about sixty acres next spring for his own use, and expects to feed 15,000,000 of worms by year after next. He is fully in the belief that the silk business is destined to be very extensively carried on by Americans.

BREACH OF PROMISE.—Our readers probably recollect that a Miss Washburn obtained a verdict of \$1100 in the Huron Common Pleas, and that the lady offered to relinquish it but \$300 of the judgement. Wells thought even that sum and the costs too much for his broken promises, and appealed to the Supreme Court. At the last term in Huron county the case was disposed of, and a verdict of \$600 and costs awarded Miss W. Wells is abundantly able to pay, though judgements and costs amount to some \$1800 and if the lady relents this time, she deserves never to be more than half courted hereafter. Cleveland Herald.

WHIPPING A WIFE.—In the Franklin Circuit Court, Harvey Pease, on Tuesday last, was fined five dollars, and sentenced to four months imprisonment in the county jail. Although this may appear to be a severe penalty, we are satisfied from the evidence, that it was meeting out justice. It appeared that Pease had been in the constant habit of whipping his wife, ever since the wedding night, & in conversation with his neighbors, who reported him for ill treating her, contended that he had a right, which he could prove from the Holy Scriptures, to whip and rule his wife as he pleased. We think the jury can convince him that they have a right also to punish him for it. Brookville, (Indiana) American.

How to stop a Newspaper.—Call at the office and fork up arrearsages and order it stopped like a man; and not refuse to take it out of the post office, and sneak away like a puppy. [Times]

Brighton Market—Monday, Sept. 23, 1839. [Reported for the Daily Advertiser & Patriot.] At market 725 Beef Cattle, 540 Steers, 4650 Sheep, and 675 Swine. A large number of Beef Cattle arrived. Prices—Beef Cattle—Prices have further declined, and we reduce our quotations—first quality 7 25, second quality 6 50 & 6 75, third quality 6 50 & 6 75. Swine—We continue our former quotations, viz. yearlings \$12 & 16; two year old \$18 & 28. Cows and Calves—Sales at \$25, 42, 48, 50, 55, and 60. Sheep—Dull. Lots were sold at \$1.50, 1.71, 1.88, 2.12, 2.25, 2.37, 2.52, and 3.25. Swine—A short supply at market, and a small advance was effected. Lots to peddle were taken at 4, 4 1-4 and 4 1-2 for Sows, and 5 1-4 and 5 1-2 for Barrows. At retail 6 1-2 for Sows and 7 & 7 1-2 for Barrows; a few choice pigs for 1-2c more.

A DESTRUCTIVE FIRE.

Three Churches and the National Theatre destroyed.—Yesterday afternoon, about 5 o'clock, some of the persons employed in the National Theatre, corner of Leonard and Church streets, discovered a fire in the vicinity of the gas room, which they endeavored to extinguish, with a small force pump, but were soon obliged to relinquish it, and make good their retreat. The building was soon enveloped in flames, which communicated to the adjoining rear of the French Episcopal Church, "De St. Esprit," corner of Franklin and Church streets, and to the African Church opposite, on the corner of Church and Leonard streets. The inside of the buildings with their contents were entirely destroyed. The rear gable and a part of one of the side walls of the Theatre fell, destroying the rear part of the two story brick front dwelling, No. 14 Leonard at, and seating fire to the Stone Dutch Reformed Church in Franklin street, between Chapel and Church streets, the inside of which, together with the roof of the two story school house next adjoining and belonging to the Church, were destroyed. The walls of the French Church and of the Dutch Reformed Church do not appear to be injured, particularly the former, the walls and pillars of which are of white marble. The walls of the African Church and Theatre will probably have to come down. The Churches are supposed to be insured. The Theatre was owned by Messrs Aymar & Co. and O. Mauran, and leased by Mr. James Wallack, whose loss is estimated at about \$25,000—no insurance. The building was valued at about \$60,000, and insured in this city for \$40,000. N. Y. Journal of Commerce.

We understand the Supreme Court of Vermont have decided that the marriage of Mr. Field of New Fane, with Miss Phelps of Windsor, (afterwards Mrs. Clark) was not legal.—The case (which had relation to property) had been pending for years in the Courts. It excited much interest at the time.—Keene Sent.

Q. COOLIDGE, Esq. is Agent for the Phoenix in Chesterfield, N. H.

MARRIED. In this village, 16th inst. by Rev. A. Brown, Mr. David L. Noyes to Miss Elizabeth M. Randall, both of Chesterfield, N. H. [Printer's fee acknowledged.] In this village, 22d inst. by Rev. A. Brown, Mr. Ethan S. Chapin to Miss Louisa Burn, both of Springfield, Mass.

STOVES. THE subscribers give notice that they have removed to No. 4, BRICK ROW, one door south of the store which they formerly occupied, where the Public are invited to call and examine their extensive assortment of Stoves—consisting of the following Patterns: Johnson and Geer's Superior Premium; Joel Rathbone & Co's Improved do; do. Four Boiler Stove; Green & Curtis' Celebrated Comical; Conant's Improved Rotary; Stearns' Patent; Bucklin's Patent Railway Cooking Stove; Also, Alwood's Patent Farmers' Railway Cooking Stove. To this stove is attached an Elevated Cast Iron Oven, which is the best ever used for all baking purposes—baking every thing perfectly even, top, bottom and sides; and demanding no attention to the articles put in, until they are done. Finally, it will bake, boil, roast, and wash, all at the same time. We have constantly on hand, Box and Parlour Stoves, Caldron Kettles, Fire Frames, &c. &c. Stove Pipe and Sap Boilers MADE—AND ALL JOB WORK DONE TO ORDER.

OLD IRON, Cast and Wrought, and most kinds of Produce, received in payment, and a reasonable credit given. We respectfully solicit all in want of the latest improvements in Cooking Stoves, or any other article in our line, before purchasing elsewhere, to call and examine our stock, in which we are confident that the most fastidious will be able to suit themselves in regard to design, material and workmanship. J. H. & W. H. ESTERBROOK. Brattleboro, Sept. 16, 1839.

STAMPS AND BRANDS OF ALL KINDS, CUT BY HENRY P. CHASE, BRATTLEBORO CENTRE, VT.

WANTED. IN exchange for Goods, SEVEN and ELEVEN STRAW BRAID, by Sept. 24. BLAKE & LAWRENCE.

DYSENTERY, DIARRHOEA AND CHOLERA MORBUS, CURED.

IN 3 to 15 Hours, by the use of Dr. HOLDIN'S ANTI CHOLERA SYRUP, when taken at the commencement of the disease, however severe, and it has seldom failed to effect a complete Cure, when taken at any stage of the complaint, even after every other means had entirely failed, and the case become hopeless. Dr. HOLDIN being sensible that new and distant countries had been discovered within the last century, and that new and frightful Diseases had made their appearance within a few years, especially that frightful disease, the Cholera, that had altered almost entirely the Cholera of Dysentery, Diarrhoea and Cholera Morbus, so that the most approved medicines had entirely failed to effect a cure, thought that new Discoveries might be made also, in medicine, and that a more spirited investigation ought to take place, and that he ought not to adhere to the slavish & dogmatical prejudices of the ancients. He therefore strove to learn the effect of new vegetable substances upon the human organization. With a zeal that has never been surpassed, he studied man's physical and moral nature, and the science of diseases, and the art of healing among the Saenages and Civilized World. And his great labors have resulted in a New Discovery in the Cure of Dysentery, Diarrhoea and Cholera Morbus, that he has succeeded in becoming one of the most important that has signalized the annals of Medicine since the discovery of the circulation of the blood by Dr. Harvey. The following extracts are from Western Journals:— "In commending Dr. Holdin's Anti Cholera Syrup, for the cure of Dysentery, Diarrhoea, Cholera Morbus, &c., I am only subscribing to the opinion of thousands of the most learned physicians of this Country. VON HELMONT, M. D. St. Louis, June 1st, 1839." "The eminence of Dr. Holdin, as a physician, his acquisitions are scarcely exceeded by any, and his scientific and astonishing Cures Anti Cholera Syrup, has effected to my knowledge, at any hospital, and recommending it to the public, I have seen it Cure, in less than 12 hours, the most severe form of Dysentery, without any other medicine being given. Cincinnati, Ohio, July 3d, 1839. L. HOW, M. D." "I have seen the most astonishing cures effected by Dr. Holdin's Anti Cholera Syrup. I have known it cure in less than three hours, the most aggravated form. G. PIERA, Botanic Physician. Illinois, July 1, 1839." "Three years since, Dr. Holdin made a journey to the Indian Tribes, which excited the curiosity of the faculty, from which he returned last year. And to his zeal in the cause of science, we owe one of the most valuable Discoveries in Medicine. He has communicated to me an account of his interview with various tribes of Indians. I am, however, most astonished with the wonderful curative properties of his Anti Cholera Syrup, which he discovered among the Indians. I have never known it fail to effect a cure; I have known it to cure in less than three hours, when taken at the commencement of the disease. G. BENDER, M. D. Louisville, Ky., July 3d, 1839.

"N. B. I would recommend every family to keep it." FOR SALE BY Birge, Brackett & Co. Brattleboro, Sept. 1839.

THE NEW-YORKER. The Publishers of the New-Yorker respectfully announce the commencement of a new Volume of their journal on the 31st of September next, being the Eighth of the double Quarto Edition, and completing the Sixth year of its publication in the Folio or common newspaper form. The New-Yorker is now so widely known as to render superfluous any detailed delineation of its character and objects. Suffice it here that the work is intended to sustain the reputation of a weekly Literary Journal not inferior in ability and standing to any on either side of the Atlantic. About two-thirds of its columns are devoted to the best Original and Selected Literature, comprising Reviews, Essays (Scientific and Literary), Tales, Poems, choice Extracts from New Works, Biographical and Historical Sketches, &c. &c. In this department, Critical Notices of nearly all new publications of interest will be given. The remaining columns will be devoted to a condensed abstract of the Political and General Intelligence of the day, Domestic and Foreign. Under this head, the returns of all important Elections throughout the United States will be carefully compiled and compared with those of former Elections, so as to give a clear exhibit of the relative strength of each political party in the several States. All political movements of interest will likewise be briefly and impartially chronicled. In fine, it will be the general aim of this paper to be first useful and instructive, then agreeable and entertaining. The steady support through the last three years of an average of more than 3,000 subscribers warrants the belief that the conduct of the work has not disappointed the hopes of its friends, while it has secured the decided approval of an intelligent public. Such as it has been will continue to be, with the exception of the additional aid already secured in its Editorial department, to which it is hoped that still further strength will be added by arrangements now in progress. If unwearied exertion and a fixed resolve to spare no labor or expense which may tend to elevate the character of their work can avail any thing, the undersigned are justified in cherishing a confidence that their journal will at any rate maintain the standing it has already attained in the public estimation. H. GREELY & CO.

CONDITIONS.—The Quarto Edition of The New-Yorker is issued every Saturday evening on a large imperial sheet (25 by 40 inches) of superior paper, each number containing sixteen large pages of three columns each. This edition forms two ample volumes of 432 pages each per annum, making 864 pages in a year, excluding Advertisements and including 52 pages of New and Popular Music, of which one is given in each number. This edition is afforded to subscribers at Four Dollars per annum, or Three and a Half when paid absolutely in advance. Three Copies will be sent for Ten Dollars remitted free of Postage, or Ten Copies for Thirty Dollars.

The New-Yorker, Folio Edition, is printed on a large imperial sheet (25 by 47 inches) of fine white paper, and afforded to subscribers at Three Dollars per annum, or Two and a Half if paid in advance.—Five Copies will be sent for Ten Dollars remitted as free of charge, and any larger number in proportion. Subscriptions to either Edition are respectfully solicited. Address H. Greely & Co. 1 Ann-st. New-York. See Green, Esq. Agents, Brattleboro.

Crockery, Crockery. SEE New Lot, comprising the best assortment ever in our Store; and shall be sold at Prices accord to none—Call and see, at BIRGE & DICKINSON'S. Sept. 25, 1839.

FRESH Lime for Sale, by E. W. PROUTY & CO. Brattleboro, Aug. 23, 1839.

VALUABLE INFORMATION.

THE INDIAN VEGETABLE PILLS are a certain cure for disease locate every variety of form, because they thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin and kidneys, and stimulate the blood to purify itself. In other words they open the natural drains, and restore NATURE (THE GRAND PHYSICIAN) to her full drive disease from the body. The above outlets, or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off; and so long as they are kept open, and discharge freely their allotted portions of impurity, the body will continue in health; but when from eating improper food, breathing impure air, and other transitions from heat to cold, cold or exhaustion or any other cause, the bowels become inactive, the pores of the skin become closed, or the kidneys fail to perform their functions properly, the impurities which should be drawn from the body by those outlets, will be retained, and continue to accumulate until the body becomes literally loaded with disease. If the channels of our mighty rivers should become blocked up, would not the accumulated waters find new outlets, or the country become inundated? Just with the human body, if the natural drains become closed, the stagnated and corrupt humors will find vent in the various forms of disease such as Fever, Small Pox, Measles, Rheumatism, Gout, Apoplexy, &c. or Death will be our sufferings. Therefore, when sick near at the stomach, just in the back and side, quick pulse, burning skin, or any other unpleasant symptoms, indicate that one or more of the natural drains are not discharging freely, and that the constitution is about to commence a struggle for the restoration of health, no time should be lost in administering a few brisk doses of the Indian Vegetable Pills. By so doing, all the functions of the body will be restored to order, and the foul humors (the cause of every inflammation or pain we suffer) will be removed in as easy and natural a manner, that the body will be restored to its former state.

The above Pills may be taken at ALL times, and under ALL circumstances, with perfect safety. They suit all constitutions and all ages, and are natural to the human constitution as food; consequently they can never injure or alter the constitution. Like our food, they are digestible; therefore they enter into the circulation and impart an energy to the blood, which enables it to flow with freedom quite to the extremities, and consequently to keep the pores of the skin open. They are true and potent purgatives, like our food, because they drain all corrupt humors from that life-giving fluid. They impart strength and vigor to the whole system, and their effects are always beneficial; because they only remove those humors which are opposed to health. They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels of those slimy humors which not only irritate and excite the nervous system, but paralyze and weaken the digestive organs. In short they possess all the good properties that can be claimed for any medicine; and what is very remarkable, it is utterly impossible to use them without benefit.

More than twelve thousand persons can be referred to who have been cured of complaints apparently of the most dangerous character, solely by the use of the INDIAN VEGETABLE PILLS. OFFICE, and general Depot for the sale of the above PILLS in the New England States, 198 THIRDM STREET, near Court Street, Boston, where they can be had at Wholesale or Retail. AGENTS have been appointed for the sale of the Pills in most every town in New England. All letters relative to the Pills should be addressed thus: "N. E. OFFICE N. A. COLLIER or HEATON, 198 Tremont Street, Boston, Mass." 1, 2. BIRGE, BRACKETT & CO. Agents for Wintham County. SUB AGENTS. Chas. W. Joy, Williamsville; Hiram Baldwin, Dover; Smith & Charier, Ludlow; A. B. Childs, Wilmington; Philip Martin, Guilford; J. C. Stone & Co. Guilford, Green River. Sept. 1839.

Box, Parlour and Cook STOVES. THE subscribers would respectfully inform the inhabitants of Brattleboro & its vicinity, that they have just received their Fall and Winter Stock of BOX, PARLOUR & COOK STOVES, at the STONE BUILDING opposite the Brick Row, where they will find a general assortment of the following patterns: W. V. Mory's patent Hot Air Cook Stoves; do. Union, do. Johnson and Geer's Superior Premium do. Green and Curtis' Comical do. Kelly's Patent do. Conant's Improved Rotary do. do. Patent Improved do; Parker's Patent Parlour do; Conant's Vermont do; W. V. Mory's do do. 5 sizes Box Stoves—together with many other patterns, too numerous to mention. And by the way, amongst the best they would just mention BUCKLIN'S PATENT RAILWAY COOK STOVE, which is one of the kind long looked for, on account of the many good qualities which it possesses. And for baking it is excelled by none on account of the large and spacious oven that is attached to it. And if there is any one in the village or near by that wishes to test the many good qualities the stove possesses, can have one put up, and after a thorough trial, it does not give satisfaction, it may be returned free of expense. As these patterns are mostly new ones, they have confidence in warranting them to the public to be as good as the best, and will be sold as low as can be found in the market. And in addition to their stock of Stoves, they will find a general assortment of Caldron Kettles, Hollow Ware, Fire Dogs, &c. &c., and are daily manufacturing Stove Furniture of all kinds, tin, copper and brass. English and Russian Iron Stove Pipe kept constantly on hand and sold at Wholesale and Retail. Sap Boilers made to order and of short notice, and made of the best of stock. Jobbing and Repairing in their line done at all times, and all orders promptly attended to. And all those who want to buy any of the above articles would do well to call at the Stone Building and examine for themselves before purchasing elsewhere, as they will all be sold low for Cash, or short approved credit.
