November 1.

This is the height of the season on womens' misses' and children's Outside Garments. We are selling more than usual this season. We ought to! We have many will not be tound elsewhere in fine garments which are not this vicinity. Whatever the usually found outside a few length is the "sweep" is very pensive garments we have but single cape from last season tion a few styles today. few of a kind, often only one, and do not intend to this year. but as quick as a new and desirable thing is put on the market by the fashionable New York tailors or importers our customers have a chance to see what it is. We try to have the most stylish cut, the proper cloth, and the best values in the market.

Each season we have an ncreasing number of customers come to us for fine garments from Greenfield, tioned standing of the following list of Keene, Bellows Falls and further up the valley. And we need them all to make it at all possible to carry the stock to advantage.

> Coats are all short and the rough cloths of the patterns most in favor are already getting scarce in the New York market. On our popularpriced coats at \$10, \$12.50 and \$15 it is already difficult to keep the assortment of sizes complete, but I am in the market every week now and get things I want if they are to be had. Recently I closed out three lots of \$10 jackets of which the manufacturer had no more cloth to cut, so that we sell them for \$8.85 each. At \$16.50, \$18, \$19.50, \$21.50 and \$25 I have a few very "nobby" jackets. More children's coats, both long and

short, just in. At \$5 each a lot of 12, 14, 16 and 18 year sizes in Navy Mix, Brown Mix and Gray Mix Jackets of excellent style and firm, warm cloth. [The children. What men's under- able at rock bottom prices. 16 and 18 year sizes will fit wear we have left goes at 32 or 34 bust.]

I have an English Marten Cape at \$100, which looks as women and children; handgood to me as any other I kerchiefs for everybody. have seen at \$125 or \$135.

Astrachan Capes about 30 inches long and very full sweep are popular this year. I have them at \$10, \$15, \$16.50, \$18, \$19.50, \$21, \$22.50, \$23.50, \$25 and \$26. The \$10 one is made of "pieces," all others full skins.

Other fur Capes of Electric Seal, Wool Seal and Coney, in which 30 inches deep is the best selling length this season. Because I bought them for less than their value I have just closed a lot which are only 24 to 26 inches deep made of excellent Coney skins. While this lot lasts the price will be \$4.95 each.

I have a few long coats carried over from last season which were all the way from \$12.50 to \$21. If you want one you can pick from the lot for \$5,-they are mostly small sizes. One quilted, lined Circular in the lot and a few high cost children's long coats.

I have a few very "swell" separate skirts, in high novelty rough goods, at \$11 each. Some rough boucle black ones at \$6, \$7.50 and \$10. Some black serge ones, fully lined A. With a Handle

Those Japanese tea pots that we offer for ten conts are easily worth double that money, and they have a handle that adds to their usefulness and beauty, and we are sure you will appreciate them if you see them. This price may not always be given you, but you may be sure of it for the next week. Some very pretty baskets came to us, no matter just how, but they came in such a way that we sell a 23 cent basket for 10 cents. Handsome is a very big word, but it well applies to the paper holders that we are selling at 50 cents. Those rose bowls of which you heard are for sale at our stores and few can keep from expressions of pleasure when they first see them. Pretty? Of course they are, very pretty, and as cheap as pretty. A great abundance of new goods, as this is the time of year when we add rapidly to our stock of pretty things, and you better look in upon us often. Millinery at Mrs. Neal's

WAS never better appreciated than this year' for with the enlarged parlors, and larger amount of millinery noods, and the prices still kept at the lowest possible place, the people who are coming daily for hats, bonnets and trimmings or to have millinery work done are loud in their words of praise, both of goods and the reas mable prices. One thing is particularly pleasing and that is that those who have usually bought elsewhere are coming this year to me, having heard how little money it really takes to get a pretty hat or bonnet at MRS. W. H. NEAL'S, over Richardson's Market, Elliot street.
