BROOKLINE.

The spring term of school in district No. 1 began this week with G. B. Bush

May was ushered in with snow squalls and a high wind. The lack of rain to start grass and crops is much felt. The churches of Townshend, Newfand Jamaica. Williamsville and South New fane were represented at the Sunday school association held here last week. The weather was all that could be sired, and a profitable and pleasant time was spent in discussing and listening to methods of work in our Bible schools.

HALIFAX.

The Late Mrs. Harriet A. Willard. Harriet A., wife of the late James

entered into rest April 20 at the years. Her parents were James and Lucinda (Wilcox) Stanclift. She was from a family of five children, two boys and three girls, being the last one. One brother, Isaac Stanclift of Spencer, N. Y., lived until about two years ago. She was born in Halifax. Her parents died when she was but a child. She went to Marlboro and lived with her uncle and aunt, Solomon and Abigail Stanclift, un-til her marriage at the age of 18 years to James Willard of Halifax and returned to her native town, where she spent the remainder of her life. Her husband died about seven years ago. They had seven children, six of whom survive; the oldest, a son, died at the age of ten years. Her life was one of constant toll as long as health permitted, and, unselfish devotion to her family. She was a woman of many excellent traits of character, a Christian in the true sense. Hampered by disease and helplessness many of her last years, she was shut-in from the world, but bore it all with remarkable patience and Christian fortitude, never complaining, ever ready to go, but still waiting patient-ly the Divine will in which she fully trust-Her absent children visited her as often as possible, which was a great com-fort to her, her home being with her youngest daughter. Mrs. Hosea Fisher. At her request, Rev. C. S. Sherman of East Dover officiated at the funeral which was held from the home of Mr. and Mrs. Hosea Fisher April 23, at 1 p. m., she having selected the fourteenth chapter of John to be read, also Mark 2: 3 for the basis of the very appropriate remarks by the pastor. He spoke very feelingly, drawing some practical lessons from the life of the departed, showing that bedily helplessness was not the worst calamity. A quartet feelingly sang three selections two of them, "Wait and murmur not" and "A Home on High," being her selection

There were many flowers from loving ones, among them a beautiful pillow enscribed "Mother," from her children, who in her life had done what they could do for her comfort and to lighten her burden. Much sympathy is felt for them. ecially Mrs. Fisher, who has been ill

Death of Gen. Fitzhugh Lee.

Gen. Fitzhugh Lee, ex-governor of Virginia, died in Washington Friday night from an attack of apoplexy. He was stricken on the train while en route from Boston to Washington earlier in the day. Gen. Lee had long been a figure of national prominence. He was 70 years old, a nephew of the late Gen. R. E. Lee, the greatest man of the Southern Con-federacy, and a grandson of "Light Horse Harry' Lee of Revolutionary fame, who was one of Washington's trusted lieutenants. His father was Admiral Sidney S. Lee of the United States navy.

wars, and was an instructor at West Point when the civil war broke out. He resigned to enter the Confederate services and rose to the rank of major general, having charge of the cavalry corps of Gen. R. E. Lee's army. He was governor of Virginia from 1886 to 1890, and United States consul general to Havana 1893-98, being there when the Maine was blown up, and during the troublous times im-mediately after, just before war was declared. President McKinley appointed him a major general of volunteers in the Spanish-American war, and after peace was declared he returned to Hayana as military governor. He wrote a history of the life of Gen. Robert E. Lee.

In reply to what has been said, that the seniors did not feel that their entertainments and suppers had been so well patronized by the villagers as they ought to have been, we would say that so little notice was given of them, that those outside of the schood did not know of them until after they were over, and then it was a little too late to attend. It has always been the custom to advertise in the papers one week ahead. We are sure the community feel very kindly toward the students and show their kindness in many ways.

The British mint has been busily engaged in coining farthings. Until very recently farthings have been almost un-known coins in many, perhaps the majority, of the British possessions. They are only coined to encourage thrift in the colonies. By introducing the small-est coin of the realm a saving can be effected on purchases of small quantities of speaks.

W. W. Rockhill, the newly appointed American minister to China, and a well known Eastern travelor and author, known Eastern traveler and author, says that the present population of China, instead of being, as it is usually given, nearly 450,000,000. Is probably not much over 250,000,000. The census of 1741, which Mr. Rockhill considers more trustworthy than any other, shows 143,000,000. Considering the numerous devastating famines and wars of the succeeding 150 years, the natural annual increase would be small. Far from being overpopulated, many portions of China could support a greatly increased population.

Death of Archibald Mack.

This community was shocked last week Thursday evening at the sudden death from heart disease of Archibaid Mack. Several years ago he suffered greatly from heart trouble, but the past year had been much better, and on Thursday spoke of feeling unusually well. About 7 o'clock in the evening his little grandson, Don Eddy, found him lying on the lounge and became alarmed when his grandfather did not speak to him. When the doctor arrived he said that death

undoubtedly instantaneous.

Mack was born in Windham Feb 8, 1832, and, with the exception of a few years spent in the West when a young man, had always lived in town. He possessed a pleasing tenor voice, which retained its sweetness and clearness even after his body became feeble. His fond-ness for flowers was remarkable and every summer his yard, full of flowers, was the admiration of all passers-by. He was a good citizen and neighbor and his bright, witty sayings were quoted far and near. Familiarly known as "Arch," he was a friend to old and young alike and will be

WOULD KICK AND SCREAM

Baby's Awful Suffering from Eczema - Could Not Hold Her - Tore Face and Arms Almost to Pieces-Grateful Mother Says:

"CUTICURA REMEDIES SAVED HER LIFE"

"When my little girl was six months old, she had eczema. We had used cold creams and all kinds of remedies, but nothing did her any good; in fact, she kept getting worse. I used to wrap her hands up, and when I would dress her, I had to put her on the table, for I could not hold her. She would kick and scream, and when she could, she would tear her face and arms almost to pieces. I used four boxes of Cuticura Cintment, two cakes of Cuticura Soap, and gave her the Cuticura Resolvent, and she was cured, and I see no traces of the humour left. I can truthfully say that they have saved her life, and I should advise any one suffering as she did, to give Cuticura a fair trial. Mrs. G. A. Conrad, Lis-bon, N. H., Feb. 7, 1898."

FIVE YEARS LATER

Mrs. Conrad Writes

"It is with pleasure that I can in-form you that the cure has been permanent. It is now six years since she was cured, and there has been no re-turn of the disease since. I have advised a lot of friends to use Cuticura in all diseases of the skin."

Instant relief and refreshing sleep for skin-tortured babies, and rest for tired, fretted mothers, in warm baths with Cuticura Soap and gentle anoint-ings with Cuticura Ointment, the great skin cure. MOST PROFITABLE

OF ALL

FARM INVESTMENTS.

This is what the Cream Separator has proved to be. Twenty years of experience upon the part of hundreds of thousands of users in every country of the world bear witness to the fact. No one disputes it.

There never was a better time to make this all important farm investment than the present. Butter is unprecedentedly high in price. It is most desirable to produce all possible of it, that none go to waste and that the quality be such as to command top prices.

As between separators, DE LAVAL supremacy is universally conceded. DE LAVAL machines are actually cheapest, of equivalent capacities, while they gain and save twice as much as the best of imitating machines and last four times as long.

If you have cream to separate you cannot afford to delay this investment a single day. If you haven't the ready cash the machine will earn its cost while you are paying for
