Interesting Program, Including Historical Address, in the Anniversary Exercises of the Baptist Bible School---Remarks by Members Who Were in the School When It Started

Memories of the old days and bright | cago, field secretary of the International hopes for the future were mingled in the observance of the 70th anniversary of the formation of the First Baptist Bible M. L. Rugg of Columbus, Ohio, and Rev. Sunday. Many of the older members of all three of whom were members of the the church and the school were present at the morning service which was given over to an appropriate observance of the anniversary. The church was decorated with potted plants and cut flowers and the chapel was made gay with wild flowers

by Miss Lillian Newton's class. The ntire school marched into the church in long processional and occupied seats in a long procession and design and the centre. After the special musical program by the choir Rev. James Nor-cross, New England secretary of the American Baptist Home Missionary society, gave an energetic and pithy adciety, gave an energetic and pithy address on the significance of the Sunday

school movement.

At the close of the service in the church the Bible school marched back into the chapel, where the anniversary exercises were held. After a brief devotional service L. W. Hawley, superintendent, read a number of letters from former members of the school and former pastors of the church. Among those who wrote congratulatory messages and pastors of the church. Among those who wrote congratulatory messages and greetings were Rev. George B. Gow of Glens Falls, N. Y., Rev. F. E. Tower of Albany, N. Y., and Rev. George B. Lawson, principal of Vermont academy, all former pastors of the church; Dr. O. B. Douglas of Concord, N. H., a former superintendant of the Sunday school, Rev. Marion Lawrance of Chi-

Bible achool before they entered upon their work as pastors, and Rev. Alexan-der Macgeorge of Hasbrook Heights, N. Y., formerly state evangelist. An in-teresting hatorical sketch was given by J. Edward Hall. Mr. Hall's historical sketch showed that

Mr. Hall's historical sketch showed that for the first 10 years of the school's ex-istence no records were kept and there was no regular organization. Rev. Mr. Field, the first minister of the church, was instrumental in forming the school in 1840 and was its first superintendent, Deacon Jacob Estey was the second and Isaac Hines the third, the latter serving until the regular organization in 1850. Other superintendents, in their order, have been J. A. Farwell, O. R. Post, E. E. White, O. R. Post, C. L. Brown, C. Raymond, A. G. Nourse, George E. Higley O. B. Douglas, George E. Higley, A. A. Cheney, S. H. Warren, J. J. Estey, and J. W. Hawley, the latter having and L. W. Hawley, the latter having served since 1885. At the 28th anniver-sary a record was made as follows: "Our Sunday school commenced in 1840. Sunday school commenced in 1860, twenty-six years ago, in a hall, now Joseph Clark's store." The average attendance in 1860 was 23. The membership in 1969 was 479. The largest attendance in the history of the school was 500, on rally day, 19 years ago. The collections have amounted to several hundred dollars each year, the amount in 1876 being \$52, of which \$300 was for missions. Several hundred members of the school have united with the church, the number in 1902 being 88. The report mentioned the various excursions and picnics which the 1902 being 88. The report mentioned the various excursions and picnics which the school has enjoyed and of assistance rendered to other schools. In one place the records showed a roll of honor which contained the names of 15 Civil war veterans. In November, 1865, the school voted to attempt to procure a bell to place in the steeple of the new meeting house, and in September, 1868, the bell was placed in position, the school paying \$117 toward its purchase. Services for the installation of officers were held in July, 1869, and they have been held nearly 1850, and they have been held nearly every year since then. The sketch noted the practice of the school in recent years of giving at Christmas time to those "more needy than ourselves."

Events of years past were called up by

the reminiscent remarks of Miss Frances Elliot, Mrs. Abby E. Fuller and Mrs. Lucy A. Cox, who were members of the school when it was started 70 years ago, Reminiscences were given also by Sherman H. Warren of Auburn, Mass., a former, superintendent Mrs. Warren E. former superintendent, Mrs. Warren E. Banks and Mrs. Addie C. Van Doorn. The tales of the old days paved the way for a few earnest words from the super-intendent, L. W. Hawley, on the outlook for the school in the future.

ANOTHER WONDERFUL FLIGHT.

Charles K. Hamilton Made Trip by Aeroplane from New York to Philadelphia and Return

Charles K. Hamilton arose from Governors island at New York in an aeroplane Monday morning and sped without break 88 miles to Philadelphia in a remarkable cross-country flight under the auspices of the New York Times and made the trip in one hour and 51 minutes, leaving Governors island at 7.35 and land-ing at Philadelphia at 9.25. Alighting at Aviation field he delivered letters from Gov. Hughes and Mayor Gaynor to Gov. Stuart and Mayor Reyburn, accepted messages of congratulations from them to bear in return, and started for New York again, with only brief intermission for food, fuel and oil.

He had flown approximately 70 miles of his return journey when a slugging motor drove him to descend in a swamp motor drove him to descend in a swamp near South Amboy, N. J., at 12.55 p. m. The propeller was broken there in landing, but after repairs had been made Hamilton resumed his flight at 6.20 and landed at Governors island at 6.29. Thus the return trip was made in one hour and 36 minutes at an estimated average speed of 54.96 miles an hour, which breaks the record made by Curtiss's flight from Albany to New York.

Albany to New York.

That Hamilton did not make the return trip as easily as the outgoing trip
was due only to an omission due to haste. In his hurry to get away he neglected to clear his spark plugs; they fouled, the engine balked and he had to come down on the banks of the Raritan river, two miles above South Amboy. Curtiss still holds the official record for speed, but Hamilton Monday took all American records for cross-country dis-

Montreal Newspaper Plant Wrecked

The newspaper plant of the Montreal Herald was wrecked Monday and from 20 to 30 persons, including several linotype operators, lost their lives. The supports of the sprinkler system tanks on the roof gave way and a mass of metal and water weighing 35 tons crashed to the basement. The stereotyping furnaces spread coals on each floor as they fell, and fire tracks out on each floor simultaneously. broke out on each floor simultaneously, adding its horrors to the disaster. The property, which was valued at \$450,000, was not wholly destroyed.

DOVER.

Corse Golden Wedding in West Northfield.

Mr. and Mrs. Edwin S. Corse of West Northfield, Mass., observed the 50th anniversary of their marriage June 3, in the old Dickinson house where they have lived 18 years. They were married in Dover by Rev. John L. Smith, who was settled here at that time and who later was killed in South Vernon. Mr. Corse is the last of a family of 11 children. eight boys and three girls. He lived in Wilmington, one-fourth mile from the

Mrs. Corse was one of 11 children, eight girls and three boys, and she has one sister and one brother. She lived in Dover one-fourth mile from the Wilmington line. Mrs. Corse was Julia Smith before her marriage. There are two chil-dren, Mrs. Jessie Titus, William Corse, and one grandchild. Grace Corse, all of Springfield, this state. Mr. and Mrs. Corse were recipients of gold money and other money, and over 180 postal cards, besides many letters coming from New Hampshire. Vermont. Massachusetts. New York, New Jersey, Pennsylvania, Ohio, Indianna, Minnesota, and Califor-nia. It is interesting to know that Mrs. Corse's father rode in his mother's arms on horseback from Sheffield, Conn., to this town when he was an infant.

Fire which broke out on the northern water front in Seattle, Wash., Friday night during a hurricane spread with great rapidity and destroyed the wooden buildings on a section covering 20 acres. The loss is \$1.000.000. Five hundred peo-

The case of H. H. Powers against the Rutland Railroad company, in which suit was brought to recover a balance claimed was taken from the jury in county court at Hyde Park Saturday and a verdict given by the court for the plaintiff to recover the full amount sued for, \$21,700. The case will go to supreme court.

While trying to move a wagon into his sarn Saturday night J. H. Hammond, 68. of West Windsor, was crushed to death. When found he was lying under the rear wheels. He was a contractor, and he built part of the masonry addition to the Vermont state prison two years ago. The announcement of Mr. Hammond's death was a sad feature of the Odd Fellows' memorial services in Windsor Bunday.

Canvassers Who Were Out in the Pouring Rain Saturday Collected a Total of \$335.05.

The pouring rain Saturday did not dampen in the least the spirits of the 50 young women who served as canvamers for the red tag benefit for the Brattle-boro rest room. At intervals the canvassers returned to the room to dry out somewhat and take refreshments before going out into the storm again. Brattleboro was canvassed as thoroughly as the energy and ingenuity of the young women could do it and the results were very satisfactory. It was known from the way the money came during the day that the returns would be nearly as the way the money came during the day that the returns would be nearly as much as last year in spite of the weather and when the final returns were in it was found that \$35.05 had been collected. Miss Florence Fentland and Miss Frances Putnam made the beet showing, collecting together about \$45 from the east side of Main street. Miss Florence Foster, Miss Elizabeth Taylor and Miss Laura Harper had the west side of the street and collected nearly as much. The special canvassers whe had larger stores and offices added enough to these amounts to make the total from Main street \$120.22 the east side giving \$71.35 and the west side \$48.85. Several other canvassers took in from \$11 to \$15 each. canvassers took in from \$12 to \$15 each.
Following is the list of those not already mentioned who sold tags: Mrs. ready mentioned who sold tags: Mrs. Griffin, Miss Elizabeth Hildreth, Miss Elizabeth Brissor, Mrs. Frank Willard, Mrs. A. W. Montgomery, Miss Jessie Ransom, Miss Alice Spencer, Miss Edith Yeaw, Miss Doris Smith, Miss Evelyn Staples, Miss Marjorie Leach, Miss Charlotte Tuttle, Miss Uanna Beard, Miss Helen Kenney, Miss Gladys Evans, Miss Margaret Root, Miss Adele Cowles, Miss Dessie Worden, Miss Alice Hall, Miss Dessie Switzer Miss Ruth Sargent, Miss Hazel Switzer Miss Ruth Sargent, Miss Dessie Worden, Miss Alice Hail, Miss Hazel Switzer, Miss Ruth Sargent, Miss Ruth Wilder, Miss Ruby Upham, Miss Ruth Prentles, Miss Elizabeth Lewis, Miss Ruth Westherhead, Miss Helen Rohde, Miss Marion Bartlett, Mrs. E. D. Wilson, Mrs. E. E. White, Miss Lillian Douglas, Miss Grace Angler, Miss Jane Brew, Miss Gladys Yeaw, Miss Lena Smith, Miss Lila Kimball, Miss Bertha Allen, Miss Gertrude Bailey, Mrs. Mary Tucker, Miss Elfra, Bemis Mrs. Alice Tucker, Miss Elfra Bemis, Mrs. Alice Spaulding, Miss Rill Bishop, Miss Mary L. Loring, Miss Dora Robde, Mrs. Arthur Rhode, Miss Elizabs Ruth Harlow, Miss and Miss Amy Ryan, e, Miss Elizabeth Sargent, Miss Harlow, Miss Nettie Butterfield

REPUBLICAN COUNTY CONVENTION.

Brattleboro, Vt., June 13, 1916 The Republicans of Windham County are hereby called to meet in convention at Newfane on Tuesday, July 5th, a H o'clock a.m. for the purpose of placing in nomination candidates for senators assistant judges of the county court, state's attorney sheriff, high bolling and judges of probate, to be supported at the next September election, and for the election of a county committee for the

ensuing two years.

Towns will be represented in convention by their delegates on the basis of one delegate from each town, one delegate for every 50 votes, and one delegate for every fraction of 50 votes exceeding 25 votes, east for the Republican candidate. for governor at the election in 1998. Delegates will be chosen in caucuses, called by the Republican committee in each town, and will provide themselves with credentials signed by the secretary of the caucuses at which they are chosen, and are requested to present such cre-dentials to the county committee im-mediately on their arrival at Newfane. The caucuses must be held on the same date in accordance with Section 126, Revised Statutes of Vermont, and the committee hereby designates Satur-day, June 25th, 1910, as the date when caucuses shall be held.

(Signed) LINN D TAYLOR, Chairman HERBERT D. RYDER, LESLIE T. PAGE, A. V. D. PIPER, GERALD S. ADAMS. FRANK E. DAVIS.

One of University of Vermont's Oldest Graduates.

Nonpareil, published in Council Bluffs, lowa, contained recently an in teresting sketch of the life of Rev. G. G. Rice of that city, who was one of the students with the late John A. Kasson in the University of Vermont nearly 70 years ago. Mr. Rice graduated in 1845 and Mr. Kasson was a member of the class of 1844. The late Charles Dewey of Montpeller, brother of Admiral Dewey, was one of Mr. Rice's classmates. Mr. Rice states that there are only two graduates of the university living who are his seniors—O. Haloran of the class of 1842, and an attorney named Pierson, who was a member of the class of 1843. Haloran was for many years queen's counsel in Montreal. Mr. Kasson was 88 at the time of his death. Mr. Rice his 90th birthday anniversary ast September. Pierson is about 94 years old. Mr. Rice is not certain of Haloran's age, but thinks he is nearly 90. Mr. Rice has a brother. Hopkins Rice, still living on the home farm in Enosburg, this state, where their father was born. Mr. Rice has lived in Council Bluffs since 1851. He founded the First Congregational church there and was its

Officers of Grand Chapter, O. E. S. These grand officers were elected at the Sth annual session of the grand chapter of Vermont, Order of the Eastern Star, of Vermont, Order of the Eastern Star, in Burlington: Patron, Arthur G. Spaulding of Ludiew; matron, Mrs. H. L. Stillson of Bennington: associate patron, Geo. F. Leland of Springfield; associate matron, Mrs. Ella F. Weeks of St. Johnsbury; secretary, H. L. Stillson of Bennington; treasurer, Mrs. Etta F. Frazer of Windsor; conductress, Mrs. Dana N. Coy of Windsor; associate conductress, Mrs. Gertrude F. Buell of South Strafford; warder, Mrs. Abble E. Stone of Barre. Charles Howard of Bellows Falls is district deputy grand patron and Mrs. Grace Richardson of Williamsville district deputy grand matron for the second disdeputy grand matron for the second dis-trict of Vermont.

Water System Free of Litigation, By the payment of \$9500 to the Smith, Whitcomb & Cook company of Barre the last water suit against the city of Barre has been wiped off the slate, and the city's water system is free of all litiga-tion and restriction as to the use of water. Twelve years ago Barre began a movement to acquire a municipal water plant. With its acquisition came numerus suits and injunctions. Some were fought through the courts and others were settled, but the Smith, Whitcomb & Cook suit has remained until now.

The Vermont Episcopal institute in Burlington will be reopened, the endow-ment fund of \$100,000 having been raised. An attempt will be made to raise \$5000 more, to be used in making necessary repairs on the building.

Patrick Condon, 69, was fatally injured Patrick Condon, 69, was fatally injured in the Vermont Marble company's Middlebury plant recently. He was caught between the gang and the car on which there was a large block of marble. He suntained injuries to his side and head and one arm was broken. He died in the hospital in Proctor the day following the accident. He leaves a wife and the He leaves a wife and three

MOUNT HERMON

Interesting Statistics About the School Given to Trustees in Principal Cutler's Annual Report.

The annual meeting of the trustees of Mount Hermon school was held Monday in Holbrook hall. A feature of the meeting was Principal Henry F. Cutler's annual report in which he sketched the progress and development of Mount Hermon during the decade since the death progress and development of Mount Her-mon during the decade since the death of the founder, Dwight L. Moody, in 1899. Mr. Cutler emphasized that Mr. Moody's plans and purposes for the school had been followed as far as they were understood, and that Mr. Moody's watchword "to help" had been the watchword of the school during these years. Some very interesting statistics. years. Some very interesting statistics were given. Of the 6172 students in the last 29 years of the school up to Janu-ary 1, 1910, 335 have entered during these last 10 years. During this period 47 out of 51 states and territories and Porto Rico, also 55 foreign countries, have been represented. They have gone away in all directions, so that now Mount Hermon is represented by her former students in every state and ter-ritory of the Union and 22 foreign coun-Within the past 10 years 10 new buildings have been erected, including West hall, a dining hall with capacity for 1000: Holbrook hall, the administratio building: a gymnasium and central heat-ing plant. Besides these, three buildings have been enlarged or remodeled, and our residences for teachers have been

During this period a department of agriculture has been added, and among other things mentioned he calls attention to the care Mount Hermon forests are receiving at the present time, and that 150 acres of pine seedlings have been planted within the past few years. Ten years ago the endowment of the school was £37,000; at the present time it is £542,000, making an increase in 10 years of £206,000. The amount 10 years ago in the permanent plant was \$451,000,at the pres-ent time this amount is \$786,000, making an increase in the 10 years of \$335.000. This makes a permanent increase in the 10 years of \$541,000, an average increase each year of \$54,100. The running expenses during the last fiscal year averaged \$365 per day. Of the increase from all sources 69 per cent has been used for running expenses 19, per cent for permarunning expenses, 19 per cent for permanent improvements in buildings and 12 per cent for permanent endowment. The money put into buildings and endowment was given for those special purposes. Mount Hermon still attracts the same type of men as those for whom Mr. Moody founded the school. Nearly @ per cent of the students now in school had some trade or occupation before en-tering, and at the present time 47 per cent are responsible for all or the greater part of their expenses. With regard to the present sudents he makes the interesting state-ment that 48 per cent of them first learned of Mount Hermon through some former student. A significant feature of former student. A significant feature of the progress of the last decade has been the manifestation of loyalty on the part of the former students. To applicaof the former students. The plushed ment of a quarterly magazine gantization of 12 city clubs and the city clubs and the city clubs are at the city clubs.

Death of Mrs. W. F. Nichols. Mrs. Lizzle Robinson Nichols, wife of William F. Nichols, cushier of Mount Hermon school, died at her home, at 3 o'clock Thursday afternoon, June 2. Mrs.

Nichols's early home was in Hardwick. She entered Northfield seminary in 1890, the second year of that institution. She was connected with Mount Hermon in was connected with Mount Hermon in one capacity or another from 1881, when in the summer of that year D. L. Moody brought Eer over to be matron of the South farm house, until her marriage to Mr. Nichols in 1889.

In the year 1883-84 she was a special student at Wellesley, and in the year 184 she resumed her class room duties at hair.

usly at Mount Hermon since her the school life. She is survived by her husband, a son Philip, and two sisters, Mrs. S. L. Thrasher, and Mrs. Benjamin Hall of Hardwick.

The Milk Controversy Settled.

An agreement has been reached be ween the milk contractors and the rep-resentatives of the producers by which the winter price of milk will be paid for 0 months, beginning July 1, and the con-tracts will run to May 1, 1911. This is a victory for the producers. It does not ecure all that was demanded, which was the winter price throughout the year, but it secures what the contractors refused to consider at the beginning of the contest. While this controversy, or milk strike, as it is termed, has been unfortunate and caused some hardship and much expense, it was the only course to take to enable the producers to secure any recognition of their rights. The contractors had dominated the producers for so many years that they expected to con-tinue. Under the leadership of President Abbott and Secretary Hunter of the Milk Producers' company, loyally supported by the producers, a partial victory has been won. The results secured are so reasonable that it should not have required so much effort to secure them.

Wage Scale Affecting 1000 Granite Workers.

The new scale of wages agreed upon by he granite quarry owners of Montpelier and Barre, that is to be in force until March 1, 1915, and which has been signed by representatives of both sides, went into effect Monday, About 1.000 quarry workers are affected. The new schedule calls for five-year

agreement with a minimum wage of 27 cents an hour, with eight-hour day and weekly pay. Heretofore the quarries have always been worked under so-called "average" bill, while the cutters and workers in other branches of the granite industry have been under a minimum wage bill.

Ever since the strike was settled in February negotiations have been in progress to bring the quarrymen under a like agreement with the other allied trades in the granite business and to have them adopt a bill of prices that shall expire at the same time as does that of the cutters and blacksmiths. The agreement that went into effect Monday accomplishes this, and no one peed day accomplishes this, and no one peed day accomplishes this, and no one need

The Late John L. Bacon's Farm Sold for \$16,000.

Malcoim W. Niven, a New York law-yer, has bought "Marshland" from the heirs of John L. Bacon for \$16,000. This estate is situated in Quechee, (in the town of Hartford.) contains 485 acres and was used by Mr. Bacon as a summer home. He spent thousands of dollars in its development. It was originally the home of Lieut. Gov. Marsh, one of the first lieutenant-governors of the state and Mr. Bacon selected the name "Marshland" to perpetuate the name of

Snowballing in June.

A party of botanists who arrived in Rutland Monday from a trip of exploration to Mount Horrid in Rochester had the unusual experience of snowballing in Vermont in June. The altitude of the peak is only 2,500 feet but the immense cliffs on top are cut by deep fissures into which the sum cave never nenetrate and which the sun's rays never penetrate and at the bottom of two of these three feet of snow was found.

A woman who is a has-been beauty is as fussy as a man who has lost his

Forty Per Cent of the Scales in Use in Vermont Said to be Inaccurate-Confer ence Called by the Governor.

Fifty representative citizens and county and local officials from different parts of the state were present in Montpelier June 8 at the conference called by Gov. G. H. Prouty to discuss the subject of standard weights and measures and the matter was left with the governor to appoint a committee of five to draft a bill to be considered by the next legislature, which will include the appointment of state sealer of weights and measures. S. S. Holbrook, of the bureau of standards of the department of commerce and labor at Washington, gave a report of

the conditions which the government offi-cials found to exist in Vermont. Forty per cent of the scales in use here were not accurate and of these 80 per cent gave short weight. Liquid measure was found to be used where the law called for the use of dry measure. The liquid is 15 per cent less than the dry. This according per cent less than the dry. This, accord-ing to the report, stifles honest competi-tion and injures the dealer who is trying to give the people just what is paid for.

In the same store one brand of print butter was found to be one and oneeighth ounce short of the pound while another brand was found to be as much overweight. Some merchants who buy overweight. Some merchants who buy vegetables by the weight have been found to be using wrong weights, giving 50 instead of 62 pounds for a bushel of potates, 50 instead of 52 pounds for onlong; 60 and 45 instead of 46 for apples. Honest competition is impossible owing to the fact that some dealers have been found who gave 13 per cent short on everything. In the preparing of package goods for delivery there has been a good field for the use of wrong weights. In some cases this has been due to the use of faulty apparatus while in others the apparatus was found to be all right, plainly indicatwas found to be all right, plainly indicat ing that the short weights were due

Vermont is not alone in this class, the same conditions being found in other states where a bureau of inspection does

Sold 20 Acres for \$25,000. J. D. Pratt of Clarendon sold Monday to the Clarendon Valley Marble company

owned largely by New York men, 20 acres of land from his farm in Clarendon for \$25,000. The big price is said to be due to the fact that the concern recently discovered a vein of pure white marble on the property. Some months ago the concern leased 20 acres adjoining the piece just bought and they have been installing machinery and working a few men for some time. It is expected that the company will establish a permanent industry in Clarendon, employing 30 or more hands.

Read what Dr. Charles Parkhurst, Edito of Zion's Herald, says in a Recent Is-

"If installation of a Glenwood Range will bring as much relief, comfort and delight to other homes as it has to that of the editor of the Herald, then we of the editor of the Herald, then we could hope that one would be purchased at an early date by many of our readers. The range which gives such pronounced satisfaction is the Cabinet Glenwood, with gas attachments. It is ideal in conception and execution, doing everything that was promised."

The plain Cabinet Glenwood is the manufacturer's conception of what a modern range should be. Artistically plain—no decorations—every working part at the

decorations—every working part at the front convenient to the user. Mechanically simple and guaranteed to give the service and satisfaction that it was in-

ended to give. The Gienwood Range, manufactured by the Weir Stove Company, Taunton, Mass., is for sale by leading dealers throughout the United States.
