COUNTY OFFICIAL PAPER

Entered at the Post-Office at Pierre, South Dakota, as mail matter of the second class.

KENYON IS SENATOR

Des Moines, April 12: Judge W. S. Kenyon, the Fort Dodge government trust buster, was elected United States senator for the Dilliver succession on the last day of the legislature by the following vote: Kenyon, 85; Deemer, 19; Porter (democrat), 51.

LEGISLATORS UNDER ARREST

Springfield, Ill., April 11.—Because one-half of the senate was "playing horse," Lieut. Gov. Oglesby ordered them arrested today for nonattendance and they must appear for trial tomorrow.

INJUSTICE TO A SENATOR

Sioux Falls Argus-Leader: In a list of progressive senators, we note that the name of Senator Gamble is omitted. Who had authority to list Senator Crawford as a reformer, and to deny a similar place to Senator Gamble? They both work together, and both were elected to office by the same faction in South Dakota.

WEDS SIOUX INDIAN

Los Angeles, Cal., April 11.—Exclusive and ultra fashionable members of the Arroyo Dinner club were shocked last night when they discovered that Miss Annabel McFarland, their youngest and prettiest member, had secretly married a Blackfoot Indian. He is Hart Schultz, a tribesman of the Dakotas, 6 feet 2 inches tall.

In the every day walks of life we meet with a class of people who want to leave the impression that they are boosters. In fact, they would feel highly insulted for any one to even insinuate to the contrary. Nevertheless, a great many of this class of boosters were never known to boost for anything aside from their own selfishness. This sort of boosting never built up any community, town or city that there is any record of.

Week end information from the scene of conflict gives to distracted Mexico strengthening hope for peace. During the week the war cloud lowered and peace receded almost to the vanishing point. It is explained that the interruption to negotiations was caused by misdirected telegrams and misinterpretation of code messages. Misunderstandings have been cleared away and there is an expectation that terms may be agreed upon.

Associate Justice Charles E. Hughes received the congratulations of his colleagues on the United States supreme bench today, this being the forty-ninth anniversary of his birth. Justice Hughes is the youngest member of the supreme court and will have to serve twenty years more before he will be eligible to retire on full pay.

The impeachment trial of Judge John F. Cowan in North Dakota before a high court consisting of the members of the state senate is proving rather sensational. Politics may be pretty lively in South Dakota at times, but they are always tame compared with doings in our sister state on the north.

E. E. Benson, of Hurley, charged by the government with having sold cigars from boxes without destroying the revenue stamps, was found guilty of the charge. The prisoner was sentenced to serve six months in the Yankton county jail and to pay a fine of \$50 and costs.

The same old question of a false moral theory against the sound business principle of regulated saloons will soon be up before the people. Whatever is best for the whole of the business and moral interests of the city should be supported.

The sensible woman who made up her mind in midwinter that she wouldn't buy a new hat in the spring has about decided she will buy one if she can get a very great bargain. All the milliners are offering very great bargains this season.

"The time is not far distant when alfalfa will be one of the principal crops of South Dakota. Every farmer in the state should be taking an interest in and making a thorough study of this great forage producer," remarks the Waterbury Opinion.

This time South Dakota refuses to get excited over the disbarment proceeding based on politics.

There are again slaughtering the Albatrosses. They do this every spring, and it is a crime.

The settlement of western lands can be very greatly accelerated, and each of the western states containing a large amount of public land very much benefited, if congress would pass a law in line with the resolutions unanimously passed at the Billings Dry Farming Congress, providing for the classification of the rough mountainous lands that are valuable only for pasturage, by a commission to be appointed by the secretary of agriculture, and such lands sold out in such sized tracts as would be necessary for the support of the average American family, that is, lands to be sold on ten years' time and requiring the purchaser when making final payment, to show that he has pastured the land to a reasonable extent.

An American physician who recently visited the scene of a battle between the federal troops and insurgents in Mexico, tells a tale of abandonment of their wounded by the former that is almost beyond belief. This physician states that he found on the field three days after the battle thirteen wounded federalists in a pitiable condition, crazed by thirst, their wounds unclean, and scorched by a burning sun.

Tom L. Johnson, the former mayor of Cleveland, who died Monday night, was enabled to accomplish much for his home city because of his hatred of sham, his honesty of purpose, and his intense desire to place the administration of his home town on a business basis. His death in the prime of life was a regrettable thing in every way.

Now it is stated that it is due to Senator Crawford's opposition that Mr. Elliott has not received the appointment as federal judge some time ago. Senator Gamble is quoted as expressing the opinion that the difficulty in the way will be overcome soon, and the position filled.

And now unheard of widows are turning up to mourn for the estate of Gen. T. T. Eckert, former president of the Western Union Telegraph company. These rich fellows must be glad that they're going to stay dead a long time.

Roosevelt is now headed homeward from his western wanderings.

ALL RESERVATION LANDS GO

Indian lands in South Dakota and North Dakota aggregating more than 4,000,000 acres will be thrown open to settlement if bills introduced by Senator Robert Gamble are enacted into law. The bills affect unallotted lands on the Standing Rock, Cheyenne River, Rosebud and Pine Ridge reservations.

RELEASED BY DEATH

Mrs. Harriet Battin passed away into the sleep of death at the city hospital Monday morning, after many years of suffering. The immediate cause of death being pneumonia.

The aged lady came to Pierre about three weeks ago to visit her son, F. E. Battin. Immediately upon her arrival she was stricken with illness, and her condition daily became more serious. Like a child, worn with sleep, she passed away in a peaceful sleep.

She is survived by husband and seven children. Three sons reside in her home—Bloomfield, Iowa, two daughters reside here, and the third in Hutchinson, Kans. Mrs. Battin has been a member of the Methodist Episcopal church since childhood; she also held membership in the Rebekah order.

Her husband, Newton Battin, was notified of the illness of his wife who arrived here Saturday. Tuesday morning her body was taken to her old home in Iowa, for burial, and the same was accompanied by husband and children, the funeral services were held today.

The sympathy of the community is extended to sorrowing relatives here and elsewhere.

BROOD SOWS FOR SALE

I have 60 head of Poland China sows, a few light hogs and 3 registered boars, this is the best bred bunch of hogs in the county, they will all be sold at prices right. I also have a few well broke, gentle horses cheap, at the Northwestern Livery, Pierre, S. D.

H. N. WALKER,

Mgr.

Wasn't That Funny?

"Did you go for that ride with Charley in his motor car?" "Yes, it was lovely. The constant oscillation didn't bother me a bit."
