DO YOU WANT THE

BEST FURNACE ON THE EARTH

IN POINT OF ECONOMY, DURABILITY AND GREATEST HEATING CAPACITY

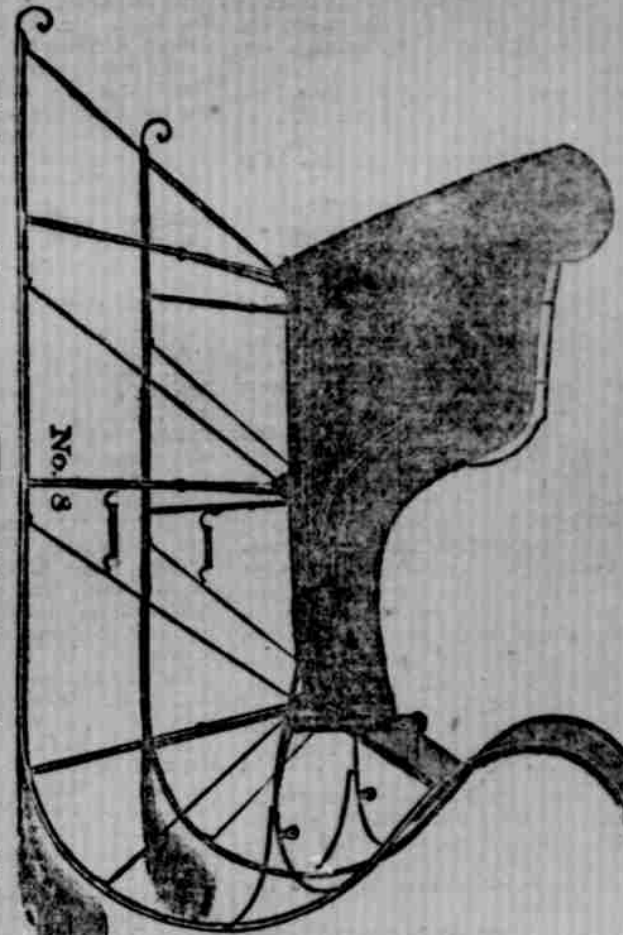

Put in by men of FORTY YEARS EXPERIENCE in Heating and Ventilation. If so come and see the GILT EDGE at our store. The Furnace may be ever so good and yet be a failure in heating effectually and economically if skill is not shown throughout. Long experience enables us to steer clear of the many blunders that novices fall into, and to overcome difficulties that often present themselves. We can name parties in this city who are using 10 to 12 tons of coal right beside our Furnaces which are using only 6 tons for heating 3 to 10 room houses and heat successfully up to 70 degrees. We Guarantee and Warrant our Furnaces for 5 years. Over 210 of our Heaters set in Milwaukee last year and every one gives Perfect Satisfaction. We have set our heaters in this city for 5 years and can refer you to every one, and can truly say we have never had one taken out. We can save you One-Third in fuel and at less cost in Furnaces. We honestly believe there is no better Furnace made, if as good, and we leave our workmanship to prove itself. We are in the field and ask a careful examination of our Furnaces when we have placed them, and our prices, and we know you cannot go amiss. Ventilation has been our study for 40 years in Furnace setting. We have the largest radiating surface of any furnace made, and combined with our Return Flue makes a Perfect Success. We are also dealers in General Hardware, Stoves and Tinware, Builders' Hardware, Paints, Oils and Varnishes, etc., including Doors, Windows, Glass and Building Paper, also Screen Doors and Windows, Gasoline and Oil Stoves.
