Dear Sirs.—The Acme Light Roadster came to hand O. K. on the 10th inst., and I must frankly say it meets my fullest expectations, and I am very much pleased with it. I consider it a strictly high grade on-to-date wheelin every detail of design, material, construction and finish, and is fully equal, if not superior to many of the best \$100.00 wheels sold on the market here. I believe the Acme frame is the strongest and most rigid and the most graceful and lightest frame built. It is a beauty among beauties, and cannot fail to satisfy.
