

WHAT KIND OF A DRUG STORE DO YOU WANT TO PATRONIZE FOR 1904?

Do you want cheap price and cheap quality? Or do you want high price and high quality? Or do you want high quality and fair price? If quality doesn't count with you and you want only cheap price items we tell you candidly that you had better not come here to trade. But if you want quality first, last and all the time we invite you to make this your headquarters for all Drug Store Goods. You will not be disappointed with the service that we give you. You will learn to think more and more of our Drug Store the longer you do business with us. We thank you for the very liberal patronage of the past and trust we may be able to serve you better in the future.

Yours truly,

There has been considerable talk of late among Yale's business men and citizens about the advisability of petitioning the American Express Co. to establish a down-town office. The proposition seems to meet with favor here and we see no reason why the express company should not be willing to grant such a request. At the time Joe Muir was working at the Pere Marquette railway station a petition was circulated and liberally signed by the business men of Yale, but the Express company would not listen to the request. On Thursday of this week Bert Holden circulated a petition and secured the signature of nearly every business man and firm in town.

* Time To Settle *

Once each year or oftener every man should settle every account he has contracted in that time. If you have not followed that practice in the past, now is a good time to get square with the world and start the year 1904 aright. We have a great many accounts outstanding and must have the money due, therefore each and every one owing us is requested to call between now and Jan. 1st and straighten their accounts either by cash or note. After that date the books will be closed and a strictly cash business will be transacted.
