## Horse Collar Sense

It is impossible to Sweeney colts with the "Whipple" Humane Collar, and no sweat pads are used to burn them up in hot weather. Note the points of trouble marked on the small illustration (in the circle) showing where and why the old-style collar bruises the horse. With this Collar a horse can pull a much heavier load as there are over 45 square inches of pulling surface on each shoulder properly placed as compared with only about 10 square inches of pulling surface in the old-style collar. Do you wonder that dealers sold over 35,000 of these Collars last year and that over 50,000 are in use?

Price per pair \$15.00.

15 Days Trial, If Not Satisfactory Money Refunded.

We carry a full line of **Honest Home-Made Light and Heavy Harness.**

We Live to Learn.

Mehmed V., new Sultan of Turkey, learned that graft, spies, despotism and slavery do not travel hand in hand with industrial security. Abdul Hamid overruled that. Today that is why today the Ottoman empire is undergoing metamorphosis, the various stages of which furnish an entrancing story. Read it in this paper's next issue.

Rejuvenation of Turkey by Willard W. Garrison, you will learn the inside facts of the new regime in Turkey, the ways of Mehmed, the tragic lines in Ottoman life today and the possibilities which "New Turkey" presents to Americans.

Photographs taken on the streets of Turkey during the stirring scenes of revolution will furnish an elaborate pictorial balance for the article.

Trouble Makers Ousted. When a sufferer from stomach trouble takes Dr. King's New Life Pills he's mighty glad to see his Dyspepsia and Indigestion fly, but more he's tickled over his new fine appetite, strong nerves, healthy vigor, all because stomach, liver and kidneys now work right.

## Armor Brand Tinware

offers you your first opportunity of knowing you're getting your money's worth when you buy tinware. It is impossible to tell the difference between poor and good tinware simply from the way it looks. The cheap, thin coated ware is just as bright and shiny as the good, honest value.

Armor Brand Tinware is coated with an extra thick coat of pure tin and is the only tinware sold under a trademark label by name. That name is your guide to the tinware that wears and wears. Remember the name, **Armor Brand**, and insist on having it. In the only way to be sure of getting full value for your money. The thick coat of pure tin is your protection against rust, so, for wear, buy **Armor Brand Tinware.**
