

THE CITY.

There were four minor building permits issued yesterday, aggregating \$300. One thousand cases of tea from Japan were received at the customs house for David Cole.

The paving on Locust street, the street leading to Cut-Oft island, was completed last night.

The temperature, as reported by the local signal office yesterday was as follows: At 7 a. m., 32°; at 10 a. m., 39°; and at 1 p. m., 57°.

John A. Horbach has brought suit against the city to restrain it from selling some of his lots at delinquent tax sale. He alleges that the property was illegally assessed.

The paid members' benevolent association held a brief business session Sunday evening, at which it was decided to hold the fourth annual ball of the organization on New Year's eve.

Mrs. Kateina Dollinger died Sunday afternoon at her residence, 809 Howard street, of heart failure. The deceased was 77 years old. The funeral will occur today from the residence. Interment will be at Forest Lawn.

John Johnson, a young man twenty-six years of age, died at the city hotel Sunday of consumption. He had been in Colorado with his parents and the party were on the way to their home in South Dakota. The remains were forwarded to Brookings county, South Dakota.

The milkmen's association has fixed upon new scale of prices which will go into effect November 1, as follows: Fourteen cents for 1. These using from one to three quarts per quart, supplied at the rate of sixteen cents for 1, and those using over four quarts will be given eighteen cents for 1.

**The Great Benefit.** Which people run down state of health derive from Hood's Sarsaparilla, conclusively proves that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength, but Hood's Sarsaparilla builds up a perfectly natural way all the weakened parts, purifies the blood, and assists to healthy action in every important organ, the kidneys and liver.

LOOKING AFTER THE FRANCHISE.

**How the Street Car Employees Were Enabled to Register.** The officials of the Omaha street railway company have been actively engaged during the past week in urging their employees to register. In order that the work would be thoroughly accomplished each division foreman was instructed to see that all men under his immediate charge should be given an opportunity to get their names on the list.

"Every employee of the company, I understand, had registered by 9 o'clock last Thursday evening," remarked Superintendent Smith yesterday morning. "We have effected arrangements by which all men in our service will be given time to cast their ballots on election day. This will be accomplished by our relief system without the loss of time to the men."

"While the company is making no effort to influence the suffrage of its employees on the amendment question, it is that they will vote in a manly and independent manner, and that a number of them have worked on the street cars of Wichita and other Kansas towns to cause them to vote for high license."

"The city railway company of Wichita pays its men \$1.25 per day for twelve and fifteen hours' work, while the Omaha street railway company pays its employees \$2 for ten hours' work. If so great a difference is to be made in the salaries as a result of prohibition, the men have a very decided preference for the present government."

**French novelty dress patterns, \$10.—**An unprecedented bargain. One hundred French pattern suits, in beautiful combination, actual value from \$20 to \$25. For three days only we shall sell them at \$10 a pattern in our dress goods department. The Morse Dry Goods Company.

**Closing on Election Day.** Business reporters yesterday made a canvass of the business district of the city with a view to ascertaining the feeling of business men regarding the closing of their stores on election day.

In the canvass there were found fewer than half a dozen prohibitions. The sentiment was decidedly in favor of closing not during the whole, at least during one-half day, in order to give clerks and other employees all the time required to vote.

A number of merchants said they could afford to lose the business of half a dozen days, and even months, rather than that prohibition should prevail.

Others stated they would not only close their stores, but they would then return to the polls and work against prohibition.

Every firm, however, announced that its employees would be afforded every opportunity to cast their votes.

**Take Notice.** All members of the merchants and manufacturers' union are requested to meet at Hornberger's hall Tuesday, the 28th at 2 p. m. H. Y. ANDERSON, Secretary.

**Work on the Viaduct Progressing.** Three immersion in girders, spanning the Union Pacific's switching tracks, have been arranged on the Tenth street viaduct Sunday. The work would have been accomplished with great danger if undertaken while switching was in progress in the yards, therefore, the men were compelled to wait the big supports on Sunday.

The contractors and workmen are continually annoyed by petty thieves who steal scrap iron, tools and anything else they can conveniently come along their clothes. The thieves usually come during the day while the work is in progress and the thieves escape detection in the crowd of idlers who congregate in the vicinity of the viaduct.

An effort will be made to keep sightseers at a distance and in this manner keep the viaduct away.

**Citizens of Omaha at home and abroad should remember that the remaining days of registration are Friday, October 31, and Saturday, November 1.**

**S. A. Orchard.** Carpet, furniture and drapery.

**Highway Robbery.** W. G. Doty, a musician who lives on Forty-fourth street, north of the Belt line, was held up by two masked men on Saturday night at the crossing of the Beltline and Cuming street. One of the men held a gun on Mr. Doty while the other searched him for cash and jewelry.

The highwayman secured but a small amount of change, less than \$1, which was all Mr. Doty had on his person. One of the robbers found a small parcel of cash in one of his victim's pockets and, after eating a piece of it, asked him if it was for his little girls. The robber returned the parcel and told Mr. Doty to hurry on home, an injunction he was not slow in acting upon.

**Sentenced.** Judge Clarkson sentenced John Harris, colored, convicted of assaulting one Lizzie Riley, to the county jail for three months and until the costs of prosecution are paid.

**Morse's New Department.** We opened a new BLANKET BED COMFORT department with new goods, new shelving, new CEDAR BEDS, and in future we shall sell all kinds of blankets in this department.

To introduce it we shall offer some special bargains all this week, notably some DOWN COMFORTS at \$6.50, \$7 and \$10, and a lot of all-wool blankets at \$3.00 a pair.

We are making very low prices all over the store. Visit us—walkaround, look things over, ask questions, compare prices. No one will urge you to buy or wonder how much money you have to spend.

**THE MORSE DRY GOODS CO.**

**Citizens of Omaha at home and abroad should remember that the remaining days of registration are Friday, October 31, and Saturday, November 1.**

**German in Five Weeks.** Free lectures fully explaining the natural method next Friday at 4:30 and 8 p. m. at Y. M. C. A.

**RAILROAD COAL MINES.**

**The Alton Causing Trouble.—G. F. Trainor on the Jump.**

"The situation at the Union Pacific mines in Colorado is not nearly so serious as reports indicate," said an official of the coal department of the road. "The statement that the miners at Rock Springs are only two or three days' work away from a strike is false. Since the first of August the men have been working full time and whatever delay they have experienced has only been temporary. One coal traffic has slightly been increased, and we have been pressed for cars to handle the output."

No official report has been received of the strike which is reported to have been threatened at the entrance of one of the mines on Sunday morning.

**Train's Second Trip.** Among the passengers on Sunday's east-bound Union Pacific-Northwestern sleeper was George Francis Train, the "globetrotter." He stopped only a few minutes in this city and was very reticent, refusing to talk to any of his acquaintances who chanced to meet him at the depot. Mr. Train is on a second trip around the world. He made his last trip in sixty-three days and has declared his intention of making the trip this time in sixty days. This intention is announced in red letters on a large black sign which the citizen carries with him.

**Didn't Accomplish Much.** General Passenger Agents Lomax of the Union Pacific and Francis of the Burlington have returned from Chicago, where they spent four days last week at the meeting of the passenger committee of the Transcontinental association.

But little of a nature interesting to the public was done at the meeting, the work of the session being confined chiefly to the disposition of routes and business.

A proposition for the reformation of places in the Pacific coast traffic was offered, but no action was taken and the matter was made the subject of a special meeting held on November 17.

**The Trouble at Boulder.** "The B. & O. was ahead of us in furnishing news of trouble in our affairs at Boulder, Colo.," said B. & O. M. J. "The facts of the case are that we have only recently got into shape by the standard gauging of the Denver, Utah & Pacific. It is doing any business in the way of hauling coal and stone in that part of Colorado. The Union Pacific had a monopoly of the coal business there and of course wanted to maintain it. When we wanted to cross the Union Pacific track at our own object, and I see by the report in 'The Bee' that the people became very much excited over the contest. We will certainly insist upon our right to get a share of the traffic from that region."

**Western Passenger Matters.** There is a prospect of another row in the Western Passenger association.

There has been no low raised for several weeks and local passenger people have been at a loss to account for the matter. The cry has been raised, however, this time by the Alton, which has made the charge that the Burlington has filled the scalpers' offices at Denver, Kansas City and Omaha with returns of tourists' tickets at low rates to eastern points and that the passenger business is being accordingly demoralized. The Alton also threatens to withdraw from the association unless these tickets are taken out of the market.

"The Alton and several other one-horse roads have a span of this kind every few weeks," said a Burlington passenger official in speaking on the charges. "They want the Burlington to do their big business with them and how can they be refused. Everything reasonable has been done to keep the Alton in the association. If it withdraws a demoralization of rates will probably follow but the association has a very decided preference for the present government."

**Free Lectures at Y. M. C. A.** Fully explaining how a practical knowledge of German can be acquired in five weeks by the NATURAL METHOD next Friday at 4:30 and 8 p. m.

**Citizens of Omaha at home and abroad should remember that the remaining days of registration are Friday, October 31, and Saturday, November 1.**

**SOUTH OMAHA NEWS.**

**Stolen Property Recovered.** The buggy, harness and blanket stolen Friday night from Bailhus letter was found Sunday on the Tennan's farm, about a mile south of Papillon. On learning that a mile, answering the description of the stolen one, Charles H. Brodick, agent of the Chicago and Northwestern, has just returned from Cheyenne and Laramie, Wyo., where he spent a fortnight.

Mr. and Mrs. W. W. Summers of Syracuse, N. Y., are the guests of Councilman and Mrs. E. Towl. Mr. and Mrs. Summers are on an extended trip through the Dominion of Canada and the western states.

**Notes About the City.** Merrell, infant son of Mr. and Mrs. J. T. Don, is down with diphtheria.

Democratic dissatisfaction exists to a considerable extent over the outcome of the election Saturday night, but it now looks as though no independent ticket will be in the field.

The mission in St. Agnes' church, being conducted by the Rev. Father Maurer and Shea, C. S. R., Redemptorist fathers, from St. Louis Mo., will close this evening. Nearly one thousand persons were called to gain admission Sunday night.

Swift & Co.'s new cooling houses about completed as far as the brickwork is concerned. The brick story will be finished today. Carpenters will finish the inside work as fast as possible. As soon as the work is completed on the cooling building the workmen will commence on the hog raising and boiler and engine rooms west of the tracks.

**Citizens of Omaha at home and abroad should remember that the remaining days of registration are Friday, October 31, and Saturday, November 1.**

JUDGES AND CLERKS.

**A Move to Have the Registrars Serve in These Capacities.** The question of judges and clerks at the ensuing election is engrossing the attention of the citizens. It is also one which must be considered by the officials of both the city and county and must be acted upon at least, within a day or two.

Thus far, these officials have given little attention to the matter, notwithstanding that the papers of the city have on several occasions referred to it.

It is conceded that the election officers should be men of high character, intelligent, accurate and penmanship, to those who are able to act on such occasions. If they are not, the work of depositing the ballots on election day will be delayed and the announcement of the vote will be delayed beyond precedent. This is admitted despite the fact that the number of voters is predicted to be very large and has been almost doubled, because the registration is much larger than it ever was before. So much so is the case that the number of the precincts has now registered more voters than were registered when the precincts were first organized. This is evidence of the fact that every voter is interested in the coming election and intends to poll his ballot to knock out prohibition.

Without competent people, therefore, to receive and count the votes, it is admitted that this interest and determination will not avail, especially if, as is feared, the election is delayed to such an extent that the voters should not be able to vote. The promised attempts of prohibitionists to distribute citizens will cause delay, enough without expecting any more delay from the election officers.

Several officials spoken to by Bee reporters have subscribed to the views of this paper on the subject and say that they will leave nothing undone to secure the best men for the work. They have personally solicited a number of the clerks in the county and city offices as well as in the precincts and have received a number of responses in the affirmative.

Commissioner Berlin says that he is in favor, whenever practicable, of appointing the registrars as judges and clerks of election. They are already familiar with the lists, as well as with the voters. They know where the names are, and as a rule record a vote in one-third less time than a board of strange officials could do.

The other commissioners, he thinks, favor this plan, and there is little doubt but that it will be carried out. He says also that several of the brightest young men in the country are in the city and the city have made applications for positions on the several election boards, and from them will be selected a sufficient number to fill whatever position may not be filled by the registrars.

In nearly all the county precincts, however, the judges and clerks of election have already been elected, having been voted for at the election in November of last year. These, it is presumed, by some are now empowered to act, but this view is not held by well-informed people. If objectionable people are to be found among them, they may really be removed, because only a few of these elected have qualified. It is held that they should have qualified the first of the year, and all other county officers. These, then, however, qualified two days ago and there is no doubt that more of them will qualify today.

The commissioners will meet Wednesday morning to take action on the matter. The judges and clerks in the county precincts as above referred to are as follows:

**JUDGES.**—Dr. E. J. Bessy, George M. Drexel, Frank Gelson, Clerk—James W. Moore, Fred Moulton.

**JUDGES.**—F. J. Bessy, George M. Drexel, Frank Gelson, Clerk—James W. Moore, Fred Moulton.

The Majority

Of so-called conservatives do little more than impair the aggressive functions and create bile. Ayer's Cherry Pectoral, on the contrary, while it cures the cough, does not interfere with the functions of either stomach or liver. No other medicine is so safe and efficacious in diseases of the throat and lungs.

Four years ago I took a severe cold, which was followed by a terrible cough. I was very sick, and I was unable to do any work. I consulted a physician, and he gave me a prescription, but it did not help me. I then tried Ayer's Cherry Pectoral, and it cured me. I have since used it many times, and it has always given me relief. I can now do my work, and I am in good health. I can now do my work, and I am in good health. I can now do my work, and I am in good health.

**Ayer's Cherry Pectoral.** PREPARED BY DR. J. C. AYER & CO., Lowell, Mass. Sold by all druggists. Price 25c; six bottles, \$1.50.

FEW STORES

In the country, carry the stock and variety of Men's Shirts and Drawers we do. Our store rooms for surplus stock, are crowded with winter underwear and other furnishings, purchased in large quantities in anticipation of the increased duties which must now be paid on imported woolen goods. Having saved this increased duty, we are enabled to mark all our immense stock at exceptionally low prices. This low duty will continue as long as our present stock lasts.

The following lots which we place on special sale for this week, will be found extraordinary bargains.

Men's fancy striped Camel's Hair shirts and drawers, silk bound at 35c each. Plain Camel's Hair, silk bound and silk stitched, with ribbed ends at 50c each. Fancy heavy Cashmere shirts and drawers, finished shoulders, neat stripes at 65c. Superior natural wool shirts and drawers, of excellent finish with ribbed ends at 75c. All the above are grand values.

Our hosiery is sold at about one half the prices other stores charge. Our assortment is immense. In this department we offer this week the following two big bargains. Fine wool seamless socks at 15c a pair. Others are selling these at 30c. Very fine merino, full regular made, of handsome shades at 20c.

In gloves we carry a full assortment; all the desirable styles for driving and street wear. Nothing but what is of reliable stock and of good make is sold at our glove counter, as we warrant every pair. Our prices are positively below everybody else.

Within the past few days we have received an entire new stock of hats. We venture to say that during last week we opened more hats than a good size hat store would get in a year. We had an immense run in this department, and were obliged to stock up again, and now we are ready for another run. Latest shapes and prices, lower than ever.

Open until 8 p. m. Saturday, 10 p. m.
