OMAHA HOLDS SECOND PLACE

Denver's Loss and Manager Wilson's Nerve Reverses the Standing.

ST. JOE PROTESTED GAME IS THROWN OUT

Pitcher McClosky Held to Be Incligible to Play in the Western Until His Little Rock Matter Js Finally Adjusted.

As the outcome of a piece or monumental managerial stunidity on the part of Parke Wilson, the Denver team finds itself again in third place. Before the Denver team left home the National Board of Arbitration awarded the services of young McCloskey, the Denver phonom. to Little Rock of the Southern league. The boy didn't want to leave Denver and Denver didn't want to lose him, so Packard wired to Finn of the Southern league, offering \$300 for McCloskey's release. Finn replied \$500 or Mc-Closkey. To this Packard reiterated his \$300 offer, and got no reply. In the meantime Denver left for the present trip without McCloskey, but after running against a snag at St. Joseph sent for him. Mc-Closkey landed in time to go into the game on Monday, and with a little aid from Criss, the umpire, landed Denver a winner in the tenth inning. At the outset Manager McKibben protested against Mc-Closkey playing, but Manager Wilson said he would take a chance. When the notice of the protest was sent to President Sexton he very promptly threw the game out and Denver loses what might have been a victory. At any rate, the omission of that game and the loss of yesterday lands Denver in third place.

Omaha did not play yesterday, and leaves Peoria with two wins and a tie for the series. This is the best showing the team has made on the trip, but the satisfactory feature of it is the evidence that the boys have gotten on their feet again, and are likely to come home in as good position as they went away. Today, tomorrow and Monday the team plays at St. Joseph and then rests two days, playing the 3d and 4th at Kansas City, returning here next Saturday to meet Denver in a three-game series,

GAMES IN WESTERN LEAGUE Moines and Milwaukee Play Thirteen Innings Without

Settling It. MILWAUKEE, June 27.—Milwaukee and Des Moines played a thirteen-inning tie game which was a pitchers' battle through-out. The game was called to allow the yisitors to catch a train. Attendance, 1,300. Score:

Milwaukce1 1 0 0 0 1 0 0 0 0 0 0 0 0 0 5 5 1
Des Moines0 0 0 2 0 1 0 0 0 0 0 0 0 0 3 20 2

BLOOMFIELD SEES A FINE GAME Seventeen Innings of Fast Ball Results in a Victory for Creighton.

BLOOMFIELD, Neb., June 27.—(Special.)

—By far the best game of base ball ever seen in this territory was played on the home grounds here between the Creighton and Bloomfield league teams to about 300 spectators, taking seventeen innings to decide the contest. It was so closely contested that it was nobody's game until the last man was out, both pitchers having splendid support, and brilliant plays were so numerous that nearly all of the eighteen men shared alike in the distribution of honors. The pitchers displayed remarkable nerve in holding out until the very last. Score:

COOL WEATHER IS UNTIMELY

Low Temperatures Hinder Distribution of Mid-Summer Specialties.

KING'S ILLNESS MIXES FOREIGN MARKETS

Trade on this Side, However, is Well Maintained, with Agricultural Prospects Far Above the Average.

sufficient to cause this, for the track is a NEW YORK, June 27 .- R. G. Dun & Co.'s fine rain track and will dry off into shape ; Weekly Review of Trade says: Foreign markets were badly disarranged by the sudden illiness of the king of Eng-land and there was much liquidation prior to the closing of the London exchanges from Wednesday afternoon to Monday norning. after any ordinary night's rain. But the management had not expected a rain, and so after Thursday's races the track was well wetted, to make it perfect for the next day. This, with the rain that folmorning.

Trade is well maintained, although leads trib lowed, was too much for even that well emperatures interfered with the distrib temperatures interfered with the distribu-tion of midsummer specialties. Manufac-turing operations have increased in ac-tivity and especially in the iron and steel industry and textile production, while the constructive work on new buildings and bridges is very heavy. Labor difficulties have not improved in the coal region, but numerous settlements have been effected elsewhere. Railway earnings thus far reported for drained oval, and it could not be dried in time. Either the wetting or the rain alone Four of the races to come Saturday, therefore, will be for \$500 purses, and

2:35 pace, a 2:30 pace and a 2:40 trot. elsewhere.

Railway earnings thus far reported for June exhibit an increase of 4.6 per cent over last year and 17.7 per cent over 1999.

Most of the blast furnaces that were stopped by the scarcity of anthractic coal have resumed with coke, of which the ovens have established new records of output and shipments have been still larger owing to the stocks accumulated during the car shortage. Then Flia Range will do guideless wonder work as usual, while the Roman stadium races will not be omitted. The Tri-City amateur pace, too, will bring out a big field of entries and will be hotly contested, while the performances in a similar race on Thursday promise half miles in 1:09 or

bhortage.

Despite too vigorous pig iron production, numerous contracts have been piaced abroad and still the machine shops, manufacturers of stoves and implements, and the production of stoves and implements. The track dried up nicely Friday afternoon, and, unless a hard rain is experienced this morning, the races this afternoon will facturers of stoves and implements, and consumers generally are seeking diverses. Structural shapes of steel and all forms of railway equipment continue to lead the market orders in these lines running far into next year. Bars and sheets are the least active divisions of the market, but even in these there is no tendency to weakness. be very fast. The program is one of the best ever presented in Omaha at a race meeting, and as the track was what the horsemen call "lightning fast" Thursday, it should attain that form again today, with

Higher freights have not materially checked importations, and it is reported that a large structural mill in Germany has sold its output for this year to American consumers. Another evidence of demestic needs is the placing of a Mexican rail contract with British producers which would ordinarily have been taken in this country. On account of the lengthy program the races will be called early and will start low after each other in quick succession,

low after each other in quick succession, with the exception of the special exhibitions, and the spectators will see some of the best races ever trotted or paced. Ella Range was reported in fine form last night and should make good time.

BRADSTREET'S REVIEW OF TRADE.

Past Six Months Period Has Few Equals in Volume of Business. NEW YORK, June 27 .- Bradstreet's to-

NEW YORK, June 27.—Bradstreet's tomorrow will say:

The current week closes a six months' period, which as regards volume of business done, except speculation, and general prospects at the close has had few equals and no superiors. Thus ends quite satisfactorily a fiscal year, which owing to smaller crop yields gave little promise at its opening. No ground appears to have been lost, but on the contrary distinct gains over the best of provious years have been noted in many lines. Profits may have been smaller, but the volume of trade turned over has about made up for this. Export trade in agricultural products is one of the few lines to suffer in comparison with previous years.

Unseasonably cool weather is a drawback to immediate retail distribution and arrests the progress of the corn crop east and west. Confidence in the outlook, however, is evidenced by the continued heavy buying for fall delivery noted in the great grain growing sections of the west. This is also reflected by a continued large increase in railway earnings over the best results of previous years, except where, as in the case of the coal roads, distribution is paralyzed by the wholesale shut-down of production and consumption.

From this single exception, however, the general industrial situation has rather improved. The price movement has been irregular, in keeping with varying weather conditions, as far as agricultural products are concerned.

Cotton moved higher earlier on weather reports from Texas and Louisiana, but rains at the close of the week in southern Texas gave hopes of a change here. The rest of the cottonbelt conditions are of a favorable character.

In cereals the features have been the strength of corn on reports of cold weather and the advance in oats, due to short supplies and large cash demand. Wheat has fluctuated within narrow limits, but the large decreases in supplies have constituted a balance to the quite favorable reports as to the winter and spring planted crops.

At this, the usually dullest period of the year, th PHILADELPHIA, June 27.—The feature of today's play in the woman's championship lawn tennis championship was the final in singles between Miss Jones of Nevada and Miss Neely of Chicage.

Contrary to expectations Miss Neely quickly gained the advantage and was within one point of securing the first set, but Miss Jones, by brilliant and masterful handling of the racquet won the match in straight sets. In the two games Miss Jones scored 87 points against 72 scored by Miss Neely, Miss Jones will tomorrow meet Miss B. Moore, the present champion, for the title. The bicycle road race which was to have occurred last Sunday at Plattsmouth in connection with the picnic of the Independent Order of Foresters there, but which was postponed, will take place Sunday, June 28. The start will be made from Krug park, the riders leaving a point inside the grounds. The race will be to Irvington and return. The prize list has been largely increased and a big crew of starters is expected. Louis Fiescher has charge of the entries. The start will occur at 3 o'clock sharp.

NEW YORK, June 27.—The business meeting of the twelfth annual congress of the American Whist league was held today at the Oriental hotel, Manhattan Beach, and the following officers were elected for the ensuing year: President, John T. Mitchell of Chicago; vice president, Thomas A. Whelan of Baltimore; recording secretary, Henry T. Fry of Chicago; corresponding secretary, Clarence W. Vall of Brooklyn; treasurer, Frederick C. Thwaits of Milwaukee.

tuted a balance to the quite favorable reports as to the winter and spring planted crops.

At this, the usually dullest period of the year, the movement of general merchandise is still very large. The coal strike dulls trade at the eastern markets.

A jull in the demand of lumber at retail is noted at New York, Philadelphia and other cities, but the cities are firm as to prices. Builders' hardware sales are far ahead of last year.

Lower prices for print cloths have not evoked surprise at the east, but reductions in bleached cottons have induced good sales. Woolens note a better demand and raw wool is steady, reflecting good reports from the clothing branch of the trade.

Crude forms of iron and steel are in as good demand as ever. Considerable business has been booked in pig iron for next year. Foundry pig is especially scarce and spot deliveries command fancy prices. Plates, bars and structural material are also active and the latter is ordered far ahead. Foreign iron and steel are being bought freely and old material is being carefully looked after. Other metals are dull and lower, copper and the being earefully very much weaker.

Wheat, including flour, exports for the week aggregate 23.82.701 bushels, against 3.80.434 last week and 4.364.147 in this week last year. Wheat exports July, 1901, to date, aggregate 228.68.584 bushels, against 214.501.559 last season.

Corn exports aggregate 130.012 bushels, against 110.779 last week and 2.455.469 last Corn exports aggregate 120,012 bushels, against 119,979 last week and 2,455,469 last year. July 1, 1901, to date, corn exports are 26,323,177 bushels, against 173,879,684 last year.

Business failures for the week in the
United States number 153, as against 177
last week, 196 in this week last year, 185 in
1900, 158 in 1899 and 173 in 1898.

Don't Treat

the symptoms. Go after the cause. Stimulants and cathartics will never cure indigestion. They may temporarily relieve the system but the next meal clogs it up again as badly as before.

The food should be digested-absorbed into the system. This strengthens the body and leaves no waste matter to be expelled by artificial means. If your stomach won't digest what you eat you must depend on such a preparation as

KODOL

which digests it without the stomach's aid, thus building up the body while the stomach rests. This will soon make the stomach strong again. It is not necessary to diet. Kodol digests any kind of good wholesome food. It strengthens, satisfies and invigorates.

Relief At Last. "I wish to thank you for what Kodol has done for me," writes Clifton Girton, Collett, Ind. "It cured me of dyspepsia after everything else had failed. When I tried Kodol it helped me right away. I can cheerfully recommend it."

Digests What You Eat.

If You Want the Best

In looking at offices in different buildings, the greatest praise the owner or rental agent can give an office is to say that it is "as good as an office in The Bee Building." It may be in some respects, but it can not be in every respect.

The Bee Building is one of the only two absolutely fireproof office buildings in Omaha. The Bee Building is the only building having all night and all day Sunday elevator service. The Bee Building furnishes electric light and water without additional cost. The Bee Building is kept clean, not some of the time, but all of the

Keep these points in mind when looking for an office, and you will take one of those listed below, if you are wise,
