

Tip: an increase in grain rates is going to be made. The markets show that no increase has been made as yet, however...

MITCHELL'S ORDEAL IS OVER

Two cubic feet until they varied from eighty to ninety-two feet. In moving the car from the breast of the mine to the shaft, there was a 5 per cent shake down.

It was done, said he, "through shipping agents, who got men in New York to work on the mine, and turned the current of immigration into the coal fields."

Under the conditions you have described, Mr. Wolverson asked, "can there be any uniform standard of wages applying to the whole coal region or to one colliery, that would do justice to the employe and employer?"

Witness replied that he did not know whether that could be done, but said that where work was the same or nearly so there was no reason why wages would be different.

At this point the commission adjourned.

World to End in Ten Years. This is the statement of a prominent divine in the west, who bases his claim on the prophecies of the bible.

HYMENEAL. Kessler-Christensen. OAKLAND, Neb., Nov. 19.—(Special.)—At high noon today the marriage of Harry Kessler and Miss Julia Christensen took place at the home of the bride's parents.

Krag-Finch. KEARNEY, Neb., Nov. 19.—(Special Telegram.)—A brilliant and happy event was the marriage of Miss Blanche Finch, daughter of Mr. and Mrs. Charles B. Finch of this city, to Mr. Henry B. Krag of Lincoln, which occurred at St. Luke's Episcopal church at 2 o'clock this afternoon.

CONVENTION CONDEMNES ELLIOT'S SPEECH. Federation Committee is to Report on Internal Troubles Today.

Does Not Think Such a Man Should Be Retained as Head of Prominent University in These Enlightened Days.

NEW ORLEANS, Nov. 19.—The special committee appointed to consider the charges of Mr. Shaffer made against Mr. Gompers, will report tomorrow to the full convention of the American Federation of Labor.

As an investigation it will terminate in the exoneration of Mr. Gompers and as a sensation it will probably wind up in the wet freetracker class. Mr. Shaffer has not only failed to substantiate his charges, but a member of the committee is authorized by the statement that he has not even repeated them. He appeared before the committee and when he came away declared he had presented his charges.

The committee says he did not formulate them in the presence of direct accusation there can be but one end to the investigation.

The convention today wrestled with the subject of the autonomy of trades councils and the matter was not exhausted when the adjournment was taken.

Carpenters Renew Fight. The chief fight of the day came in the struggle between the United Brotherhood of Carpenters and Joiners and the Amalgamated Association of Carpenters.

The former organization asked for the revocation of the charter of the latter because of alleged practices contrary to the interests of the trade union movement.

The subject being taken to the Amalgamated Association of Carpenters, the former organization asked for the revocation of the charter of the latter because of alleged practices contrary to the interests of the trade union movement.

It was done, said he, "through shipping agents, who got men in New York to work on the mine, and turned the current of immigration into the coal fields."

Annual Meeting of State Association Held at Iowa City. The twenty-fifth annual fall meeting of the Iowa State Firemen's association was held here today.

IOWA CITY, Ia., Nov. 19.—(Special Telegram.)—The twenty-fifth annual fall meeting of the Iowa State Firemen's association was held here today.

They entered a store near Moorland, bought goods worth \$20 and charged them to Frank Maharsch, a well known Bohemian farmer.

When the deception was discovered they were pursued and captured. Makovets has been identified by Port Dodge merchants as the man who played a smooth swindling game here last spring, obtaining goods from several Port Dodge merchants by the use of the same name.

CRESTON, Ia., Nov. 19.—(Special Telegram.)—The Seventh district woman's relief corps held an interesting and profitable meeting here yesterday in the Independent Order of Odd Fellows' hall.

The district is composed of the counties of Adams, Appanoose, Clarke, Decatur, Lucas, Montgomery and Union, and about every corps was represented.

Stone Cutters on a Strike. CRESTON, Ia., Nov. 19.—(Special Telegram.)—All the stone cutters employed on the government building here, who number a thirteenth men, went on a strike this afternoon for 50 cents per hour instead of 45 cents and insist on finishing the work at the yards instead of doing some of the finishing after the work is placed in the building.

Brakeman Narrowly Escapes. Freight Train Kills a Squaw and Brakeman is Captured by Indians.

BUTTE, Mont., Nov. 19.—(Special Telegram.)—A freight train struck and killed a woman and her child on the tracks here this afternoon.

FORECAST OF THE WEATHER. Iowa and Eastern Nebraska Fair, with Rain and Snow in West.

WASHINGTON, Nov. 19.—Forecast: For Nebraska—Fair in east, rain turning to snow and colder in west portion Thursday; Friday snow.

For Iowa—Fair Thursday, with colder in northwest portion; Friday fair and colder.

For Illinois—Fair Thursday and Friday; colder in northern portion Friday; fresh south winds, becoming northwesterly.

Describe Devastation in Guatemala from Volcano's Eruption. MANY LOCAL INDIANS LOSE THEIR LIVES.

There is another reason why our country should be glad that it was General Wright who rendered this service. General Wright fought with distinguished gallantry among the gallant men who served in the armies of the confederacy during the civil war.

General Wright's work has been as difficult as it was important. The events of the last four years have definitely decided that whether we wish to or not we must have a great part in the world.

Robbers Loot and Kill. Bands of Mexican robbers were swarming the desolated regions, robbing and murdering refugees on the road and looting the abandoned and desolate plantations.

The people left behind were in danger of death from starvation, for the food supply had been cut off and there was no way to send in supplies.

The steamer City of Para met evidences of the volcanic eruption soon after leaving Ocos. Great quantities of pumice were found floating on the water, some of them being about the size of a man's head.

Word had been received from Mazatenango, on the outskirts of the ruined territory, that on the evening of October 26 Santa Maria opened a crater on the west side near its base and not far from Helvetia and all that night belched forth volumes of ash and red fumes.

At Mazatenango, on the south side of the volcano, only ashes had fallen and not to such a great depth; consequently it was possible to save some of the plantation property.

At that place most of the buildings had been destroyed by the earthquakes that accompanied the eruptions. When the last word came from Mazatenango, fifteen days after the first eruption of Santa Maria, the earth had been constantly trembling.

REHABILITATION. Pains in the small of the back, painful passing of urine, inflammation of the bladder, torpid liver, cloudy urine.

By Driving Out Uric Acid Poison from the System, Permanent Cure Can Be Effected. But First the KIDNEYS MUST BE HEALTHY.

Rheumatism, Rheumatic Gout and All Forms of Uric Acid Poison Are Results of Kidney Disease, and Can Only Be Cured by Getting Direct at the Seat of the Trouble, the Kidneys, with WARNER'S SAFE CURE.

Rev. Dr. L. Villars, a Prominent Methodist Divine, Says Warner's Safe Cure Cured His Rheumatism.

SANDWICH, Ill.—After a delay of months to be sure that a cure of my rheumatism of over a year's painful suffering had been effected, I desire to assure you that so far as I know nothing of my ailment is left. I am persuaded that Warner's Safe Cure cured me.

WARNER'S SAFE CURE is purely vegetable, and contains no narcotic or harmful drugs. (Beware of so-called kidney cures full of sediment and of bad odors—they are dangerous.) It is free from sediment and pleasant to take. It does not constipate. It is prescribed by the leading hospitals as the only absolute cure for all forms of disease of the kidneys, bladder and blood.

WARNER'S SAFE CURE moves the bowels, and is a great purifier of the blood. The free trial bottle has often been sufficient to cure cases of kidney disease when the simple home remedy above has failed. It has been made in the earlier stages of the disease.

There is no kidney cure "just as good" as Warner's. Insist on the genuine. Substitutes are harmful.

TRIAL BOTTLE FREE. To convince every sufferer from disease of the kidneys, liver, bladder and blood that Warner's Safe Cure is a cure, we will send a trial bottle free to every sufferer who writes to us.

PLEADS FOR STATEHOOD. Judge Gavin Wants Territories Given Place in Sisterhood.

KANSAS PAYS HONOR TO ADMIRAL SCHLEY. Organizes Parade, Reception, Luncheon, and at Night Gives Him Monster Banquet Attended by Many Notables.

KANSAS CITY, Nov. 19.—(Special Telegram.)—The annual banquet of the Commercial club held in commemoration of the signing of the John Jay treaty. The affair was a notable one and Admiral Schley was given a decided ovation, the climax of a day of enthusiastic greetings.

The banquet, held at the Midland hotel, was most elaborate. Plates were laid for 500, the full capacity of the hall, and among the guests were: Captain A. Rowan, U. S. A., of Atchison, Kan., who "carried the message to Garcia"; General John C. Bates, commander of the Department of the Missouri; Captain H. M. Reeves, Hugh Gordon Miller of Norfolk, assistant United States district attorney of Virginia; Judge C. J. Gavin of Baton Rouge, La.; H. Rosington of Topeka, Governor William B. Stanford of Kansas and Frank Struss, chancellor of the University of Kansas.

Following a parade upon his arrival from Chicago in the afternoon Admiral Schley and the other distinguished guests were given a reception at the Commercial club by several hundred people, then a luncheon at the Baltimore hotel and finally a drive about the city. Preceding the banquet an informal reception was held in the Midland hotel parlors.

Responding to the toast, "Statehood for the Territories," Judge C. J. Gavin said: "The redemption of the arid lands of the west is an almost assured fact and the movement for their development must be according to them their places in the sisterhood of the United States."

No section of the United States or the world, he said, has shown more rapid development than Oklahoma. In his opinion, the territory has been changed to a fruitful garden, and a population of a few millions and cowboys herding a few head of cattle are pushing their way into the acre that has only a few years ago been a desert.

Arizona seeks admission upon the ground that the territory is so rich in resources as to entitle it to admission. The territory is one of the foremost of the United States, and its agricultural interests commend themselves.

The vast resources of these territories have scarcely been touched. They have the germ of a great future in their soil and their people. Their present value of business, as compared with the business which will and can arise after they are admitted as states, is measured by the difference between a star and a star of the fourth magnitude. In every way they have demonstrated their ability to govern themselves.

Then do not let politics or sentiment stand in the way of their admission. These people, but let the halo of three new stars in our flag brighten the commercial way to our country.

A Weak Stomach. Indigestion is often caused by overeating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat only the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.

Kodol Nature's Tonic. Prepared only by E. C. DeWitt & Co., Chicago. The 25¢ bottle contains 75 times the 6¢ size.

CATTLE DIE IN COLORADO. Summer Drouth Leaves Wet Mountains Dry and Grassless.

DENVER, Nov. 19.—The Colorado Humane society today received reports that livestock is perishing in various parts of the state, where the drouth of last summer left the ranges bare of grass.

At Big Mountain, where there has been a heavy snow fall, cattle are reported to be dying by hundreds. The Wet Mountain district is another from which complaints have come.

AMUSEMENTS. BOYD'S! Woodward & Burgess, Managers. Tomorrow Night, Sat. Mat. and Night. Clyde Fitch's Best Comedy.

"Captain Jinks" OF THE HORSE MARINES with a splendid company headed by ELIZABETH KENNEDY.

"KING DODO" (Raymond Hitchcock) And his merry chorus.

WEDNESDAY AND THANKSGIVING DAY. PHIMMOBE & DOCKSTADER.

High Class Vaudeville. Lillian Burkhardt and Company, Rico-ri-ri, Goodnight, Gosh, Crawford and Stanley, O'Brien and Buckley, Bryan and Yankov, Comedy Four, Mitchell and Love, and the Kinodrome.

The MILLARD. 1126 and Douglas Sts. OMAHA, NEB. Omaha's Leading Hotel.

Special Features. LUNCHEON, FIFTY CENTS. SUNDAY, 5:30 P. M. DINNER, 25 CENTS.

Our beer is just as good as it looks and tastes. It is the universal opinion of all good judges.

From Portland, Maine to Portland, Oregon. Hunter Baltimore Rye.

Hunter Baltimore Rye. It is the best known whisky.

It is The First Sought and The First Bought.
