## AUTOISTS TO TALK BUSINESS

State Association Will Plan to Co-Operate to Suppress Joy Riding.

## WILL MEET HERE IN DECEMBER

Legislative Program for Next General Assembly Will Be Outlined—Automobile Parade Will Be a Feature.

The Nebraska State Automobile association will hold its annual convention in Omaha, beginning December 4 and continuing two or three days, depending on the progress of business.

Each county represented in the association is entitled to one delegate for each twenty-five members, and as the membership is now 2,000 about 120 delegates are expected. A banquet will be held, and if the weather is favorable there will be a parade with about 200 autos in line.

One matter of business for the convention will be the outline of a plan for a committee in each county to investigate automobile accidents. By this means it is expected that the association can assist in the prosecution of irresponsible joyriders, whose misdeeds are often perpetrated with rented or stolen cars, and at the same time help in the protection of automobile owners who are innocent of blame in case of accidents.

## Legislative Program.

A legislative program for the next session of the legislature also is to be decided upon. Delegates probably will be appointed to a national meeting of automobile men in Washington January 15 and 17, its purpose being to interest congress in giving federal aid for state highways. Nine directors of the association will be elected.

Secretary D. E. Watkins says that fifty-eight counties are now represented in the state association. He assisted in the organization of a club last week at Papillion and will go this week to organize clubs at Ord, Loup City, Neligh and Stanton.

The Sarpy County Automobile association was organized last Friday at Papillion with these temporary officers: President, E. G. Fane, Papillion; secretary-treasurer, G. P. Miller, Papillion.

## HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

BRADFIELD REGULATOR CO., Atlanta, Ga.

## New Colds

Bad enough, to be sure. But old colds are worse. Better stop your fresh cold at once. Never hesitate to ask your doctor about Ayer's Cherry Pectoral. Use it or not, as he says. He knows.

## How to Change Your Face

(From Fashion Review.)

The painful, dangerous and expensive operation known as "face-peeling" is not necessary to accomplish the results sought. One can gradually and safely remove the old and unbecoming cuticle from her face without pain, danger or detention indoors. Simply use ordinary mercolized wax, which can be obtained at any drug store. Apply it for a few nights like cold cream and wash it off each morning. The mercolide in the wax slowly absorbs the half-dead outer skin, which flakes off day by day in fine, invisible particles. The fresh young skin underneath soon blooms forth radiantly, making the face look years younger and much prettier. Employment of this process is not noticeable to others, except that your complexion improves rapidly.

Of course, the removal of the surface skin in this pleasant manner, takes with it all facial blemishes, such as chaps, freckles, moth patches, liver spots, fine wrinkles, pimples, etc. Mercolized wax has been known for years to many society women noted for their beautiful and lasting complexions.—Adv.

## A meeting for permanent organization will be held at Springfield next Saturday.

## Winter Wheat Will Have Large Acreage

Beginning early in the spring and continuing during the growing season, the Burlington, each week, receives crop reports from all over Nebraska, gathered by agents and crop reports. The last report for the season of 1911 was received Monday morning and summed up the entire situation so far as the west two-thirds of the state is concerned.

In dealing with the corn crop, 75 per cent of a full crop is estimated. In most sections husking is progressing rapidly and in many places more than half finished.

Everywhere the winter wheat acreage is fully up to the average and the grain looks well.

Potatoes are all dug, and while the yield is below the average, owing to the high price the crop will net the farmers fully as much as usual. In some sections of the state, particularly in the northwest, the yield is fully up to that of former years.

Sugar beets, wherever planted, have done well, the yield being better than an average. This crop is not entirely harvested, but all beets will be pulled before the ground freezes.

Apples are abundant, but are selling at rather low prices.

Owing to recent heavy rains, pastures are in excellent condition, with fall and winter range the best in many years.

## Creighton Alumni Attends Clinics

About one-hundred alumni of the college of medicine of the University of Nebraska gathered at the Rome hotel Monday morning to attend the Second annual meeting of the college.

The delegation was taken to the Wise hospital, and from 8 to 9:30 Dr. James S. Goetz conducted a medical clinic. A visit was made at the Douglas county hospital, where Dr. Rodney W. Bliss held a medical clinic and Dr. R. R. Hollister a surgical clinic.

A luncheon was served at noon, after which the alumni association held a meeting. Dr. B. B. Armstrong of Papillion, president of the association, Dr. A. P. Overgaard of Fremont, Dr. A. J. Williams of Omaha, Dr. I. S. Trostler of Chicago, addressed the meeting.

A reception to the faculty will be held this evening at 8 o'clock at the Commercial club. Prominent among the guests will be Acting Dean Robert H. Wolcott and Chancellor Samuel Avery.

## PASSENGERS IN PANIC WHEN CAR IS DERAILED

Sixty Council Bluffs passengers, riding to their work in Omaha, were given a scare at Fourteenth and Douglas streets at 6 o'clock Monday morning when the car in which they were riding was derailed. While rounding the corner the rails spread and the trucks went off the track. The car toppled to a dangerous angle and the passengers were panic-stricken. The car again lurched and righted itself, but the passengers scrambled out as fast as they could. A wrecking crew cleared the track in a short time.

## The Yellow Peril.

Jaundice-malaria-billousness, vanishes when Dr. King's New Life Pills are taken. Guaranteed. 25c. For sale by Beaton Drug Co.

## STATE VERITABLE GOLD MINE

Products Equal Nation's Gold, Copper, Iron, Lead and Then Some.

## GUYE ISSUES SOME STATISTICS

Compares Wealth of Nebraska Soil with the Products of Mines and Excellent Showing is Made.

Bulletin No. 23 of the Nebraska bureau of labor and industrial statistics has been issued by Deputy Commissioner Guye. Values of some of the state's products, as compared with the production of the United States in various lines, are given as follows:

Nebraska's alfalfa, hay, dairy products and food.....\$100,000,288  
United States and Alaska, total.....90,232,200

Balance in favor of Nebraska.....\$ 9,768,088  
Nebraska's eggs and poultry.....\$ 42,884,274  
United States, silver mines, total.....27,733,312

Balance in favor of Nebraska.....\$ 15,150,962  
Nebraska's live stock.....\$184,934,050  
United States, copper mines, total.....145,631,207

Balance in favor of Nebraska.....\$ 39,302,843  
Nebraska's corn crop.....\$87,877,446  
United States-iron ore.....95,556,264

Balance in favor of U. S.....\$ 7,678,415  
Nebraska's manufactured products.....\$150,176,620  
United States, crude petroleum.....114,200,000

Balance in favor of Nebraska.....\$ 35,976,620  
Nebraska's wheat, oats, rye, and barley.....\$ 60,191,361  
United States, sugar, total output.....52,096,359

Balance in favor of Nebraska.....\$ 7,494,572  
Nebraska's packing industry.....\$ 97,739,702  
United States, tobacco crop, total.....97,719,393

Balance in favor of Nebraska.....\$ 69,020,309  
Grand total for Nebraska.....\$69,713,851  
Grand total for United States.....69,515,539

Balance in favor of Nebraska.....\$ 69,598,312  
Grand total.....\$ 69,598,312  
Which equals the total production of both lead and zinc.....69,598,312

Balance in favor of Nebraska.....\$ 3,069,451  
In other words, Nebraska produced in 1910 products in value equal to the United States, total production of gold, silver, copper, iron, crude petroleum, tobacco, lead and zinc, with \$3,069,451 balance in favor of Nebraska.

## MALICIOUS ATTACKS ON JUDGES BY LITIGANTS

The political campaign just closing reveals the fact that there still remain a few persons who are so selfish and narrow minded that they will attack judges who fail to rule in their favor, even though they would have to ignore the laws in order to do so.

A newspaper repeatedly has attacked Judge Lee S. Estelle because when its interests were at stake he committed the crime of refusing to set at naught and nullify the laws of the commonwealth in order that it might win.

A dentist named Whiteside has published an advertisement attacking Judge Howard Kennedy because Judge Kennedy was the presiding judge in a case which Mr. Whiteside was interested and Mr. Whiteside lost.

In the thousands of cases which have been tried in the district court half the litigants have lost. It is a gratifying comment on the intelligence, unselfishness and breadth of mind of litigants that only two of them try to defeat the judges because they happen to be beaten in lawsuits.

## FEDERAL OFFICIALS LOOK INTO BLACK HAND LETTER

A black hand letter threatening death if he doesn't stop cutting food prices and advertising the cuts in the newspapers has been received by Manager A. King of Hayden Bros. grocery department. The letter was mailed at Seventeenth and Vinton streets. Here is a copy of the letter:

This letter is sent to you through us people we are 500 of us all over Omaha. We are looking for you these days to shoot you because we were told by people that you drive over every man out of business in Omaha. You won't leave anybody else make a living at all.

So you better look out for your life right now before we go to your store and stop your cutting prices in your store at once. I am in a hurry to close my letter. Don't put your ads in the paper any more.

The letter has been turned over to United States District Attorney F. S. Howell.

Hayden Bros. have offered a reward of \$500 for the arrest and conviction of the writer of the letter.

## Births and Deaths.

Births—Colt G. and Vivian Campbell, 132 North Thirty-fifth street, boy; H. C. and Emily Doughty, Omaha General hospital, girl; Roy and Edith Harman, Methodist hospital, girl; Ernest and Fern Robey, 2706 North Eighteenth street, boy; Amos and Hannah Tillotson, 4235 Seward, boy.

Deaths—Paul W. Wentworth, 25 years, 2301 Burt street; C. E. Chapman, 46 years, St. Joseph hospital; Mrs. Minnie Pelger, 59 years, Fourteenth and Capitol avenue; Little L. Carry, 6 years, 3712 South Twenty-first street.

Persistent Advertising is the Road to Big Returns.

## Coal Men Profit by Basket Sales

John Grant Peck, city inspector of weights and measures, is on the trail of fuel peddlers who have reaped big returns by selling coal to the poorer people of the city by the basket. A ton of coal will bring twice as much when sold in baskets, at 20 to 30 cents each than is realized when it is sold by weight. City License Inspector Schneider is with Peck in his fight to prevent this robbery of the poorer people. They will inspect the occupation tax records of all retail coal dealers and will force them to take out peddlers' licenses, which may be done for \$30 each, if they persist in dispensing fuel by the basket.

## Rowdy-Dowdy Boys Pummel an Officer

Officer Dudley appeared in police court Monday morning with a beautifully tinted eye, presented to him in a scuffle ensuing when he attempted to make an arrest in the Union chop suey joint on Fourteenth street, which has been raided twice since it opened a few weeks ago. Ed Fitzgerald, a South Omaha rowdy-dowdy boy, went into the joint all sharpened up Saturday night. He created a disturbance and officer Dudley appeared. Several of Fitzgerald's friends rushed the police man and decorated his eye. Fitzgerald failed to appear in court Monday, forfeiting a \$10 bond.

## Robertson Uses Axe to Settle Quarrel

An old quarrel resulted Sunday in an attack upon William Kiln of 719 Pacific street when he was struck over the head with an axe by a Bert Robertson. A scalp wound five inches long was inflicted, but a serious turn is not anticipated by Dr. Peppers, who has the patient in charge. Kiln tells the police that he was walking along the Burlington tracks at Third and Hickory streets with a friend, Charles McCarthy, when Robertson assaulted him unexpectedly. Kiln is reported to be doing well.

## Dundee Water Case is Again in Court

Mrs. Jennie E. Brown, 519 Burt street, Dundee, in district court Monday petitioned for a writ of mandamus commanding the Omaha Water company to furnish her water connections. She says the company has cut off her water supply without just reason, she having offered to pay all rentals and any costs incidental to the furnishing of water for her home. Judge Sutton issued an alternative mandamus writ commanding the company to either make the connections or appear in court Thursday and show cause why it should not be compelled to do so.

## ARRESTED FOR STEALING CATTLE FROM GOVERNMENT

Jessie LaPoint, a Santee Indian from the Santee reservation in South Dakota, who was indicted there for selling government cattle from the Indian reservation and who jumped his bond, was arrested Sunday at Niobrara, Neb., by the United States marshal and brought to Omaha. LaPoint is said to have sold several hundred dollars worth of cattle and when indicted, he disappeared. He will be taken back to the Santee reservation in South Dakota by Marshal Hayes. The government officials are seeking the purchaser of the cattle, but thus far have failed.

## Marriage Licenses.

The following marriage licenses have been granted:

Name and Residence.	Age.
Charles Oliver, Buxton, Ia.....	25
Beulah Jones, Buxton, Ia.....	24
Louis Paces, Omaha.....	23
Carrie Vak, Omaha.....	23
Frank W. McAnon, Des Moines.....	41
Berta E. Query, Des Moines.....	31
Peter G. Peterson, Red Oak, Ia.....	31
Lina Svedin, Red Oak, Ia.....	25

## Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 500 illustrations, newly revised up-to-date Edition, cloth-bound, sent for 31 one-cent stamps, to cover cost of wrapping and mailing only. Address: Dr. R. V. Pierce, Buffalo, N. Y.

## Boys' Suits, Overcoats and Furnishings

We have never shown such winter clothes for boys, nor such great varieties as are ready at this store now. The good things you've come to know about this store is only magnified by the immense showing of fall and winter garments. The standard of quality and value-giving are higher than ever before, assortments greater and varieties better than at any previous time. If you have not already done so, "give us your boy to clothe."

**SUITS or OVERCOATS,**  
**\$2.50, \$3.50, \$4.50 and up to \$12**

## TO OPEN BRIDGE NEXT WEEK

Big Celebration at Plattsmouth at a Good Roads Meeting.

## CROSSES PLATTE AT LA-PLATTE

Omaha-Kansas City Auto Road Association to Be Organized at the Meeting to Boost Road for West Side of River.

November 15 has been set as the date for the good roads meeting at Plattsmouth, to formally celebrate the completion of the Duff-Pollock bridge across the Platte river at La Platte—a part of the newly projected Omaha-Kansas City auto route down the west side of the river. The bridge is called the Duff-Pollock bridge because Ralph Duff of Nebraska City and Tom Pollock of Plattsmouth raised the money for it by popular subscription, contributing a goodly share themselves.

The Omaha-Kansas City Auto Road association will be organized at this meeting, which probably will be held in the afternoon. Plattsmouth business men promise lively entertainment for the roads boosters in the evening.

It is expected that a large number of Omaha automobile men will attend the meeting. The Omaha Commercial club will be represented by delegates.

## COURT IS ENTERTAINED BY A QUEER CHARACTER

William Barnes gave the spectators in police court several minutes of entertainment when he was arraigned before Judge Crawford on a charge of being intoxicated Monday morning. Barnes in a loud voice told the court that he never touched a drop of liquor in his life. Barnes then gave his life's history, saying the queen of England was his sister. He said he was in Omaha to put on a few sketches in the various opera houses in the city and that he is the best singer in the world. When he attempted to give an exhibition of his vocal powers Judge Crawford ordered him back to the mourners' bench. He will be taken before the insanity commission.

## PLATTE RIVER IS HIGHER THAN FOR SOME YEARS

Railroad men in the city from Brady Island, Maxwell and points farther west, and along the line of the Union Pacific in Nebraska, state that

## FORT TALKS TO HOTEL MEN AT DEVER MEETING

Besides pledging the Union Pacific for a contribution of \$2,000 in the event Denver is able to land the two big political conventions next year, Gerrit Fort, passenger traffic manager of "the road," delivered an address at a meeting of the Northwestern Hotel Men's association, while he was in Denver, speaking upon the effect that the "Yellowstone National Park Has Upon Hotel Trade."

At the Denver meeting Rome Miller of Omaha was also one of the speakers, his subject being a discussion of the "Hotel Men's Protective Association." Both of the addresses were well received and loudly applauded by the 250 hotel men in attendance.

the stage of water in the Platte river is greater now than at any corresponding date in years. Instead of being dry, there is a strong flow of water in the channel of the stream, and in many localities it has covered the bars.

Throughout western Nebraska there have been a number of heavy rains during the last few weeks, but the stage of water in the Platte is attributed to the fact that most of the reservoirs farther up the river are full and the natural flow is no longer impeded.

While there is plenty of water in the Platte, there are also plenty of ducks all along the stream from Kearney west. Hunters coming in have the limit, most of the birds being mallards, which have taken the place of the teal and the smaller varieties, which have gone farther south.
