

### Brandeis Buyers Reach Home After Trip to Europe

#### Germany Busiest Country, They Say—Manufacturers Anxious to Cater to U. S. Trade.

W. C. McKnight and David Carter, buyers for the Brandeis stores, returned yesterday from Europe where they visited the manufacturing centers for the latest creations in lace, hosiery, dress trimmings, linens, gloves, buttons, toys and other articles for their departments. Some of their purchases were received here in advance of their homecoming.

George Lowden and Richard Fisher, other buyers of the party, are expected home on Monday. George Brandeis, head of the store, sailed yesterday on the Aquitania, and will reach home this month.

These Omaha buyers noted during their European travels an eagerness to cater to the American trade. In Berlin they found factories working three shifts during the 24 hours of the day. Mr. McKnight went to Paris where he bought laces and fancy silk hosiery and thence to Brussels for laces, fancy dress trimmings and real Brussels laces. He visited Cologne, Berlin and the great industrial fair at Leipzig.

The population of Leipzig is about 1,000,000, and I venture to say that at least another 1,000,000 came from other towns to visit the fair," said Mr. McKnight.

**Germany Busiest Country.** "It is not so difficult for the American to get around, because one always meets those who can speak the English language," said Mr. Carter. "Even in the hotels there are waiters who can speak English. The Leipzig fair was an interesting experience. Buildings of four or five stories are maintained exclusively for this annual exposition."

Messrs. McKnight and Carter stated that under present conditions it is not unusual to get orders delivered even as far as Omaha within 30 days after the purchase. They averred that the busiest country they visited was Germany. Mr. Carter observed that the Paris taxicabs are not up to date.

### Landlord to Give \$25 for Tenants' New Tots

Chicago, April 1.—Harry I. Dalsey, who is building a 33-story flat building with a perambulator stall for each apartment, has announced that each tenant who receives a call from Mr. Stork will get a cash present of \$25. Should twins be left he'll make it \$50. He makes no promise as to triplets.

This is Mr. Dalsey's theory: "I want to see lots of children around my building, for they make happy homes, and that means better and more contented tenants."

During almost a quarter of a century The Pantorium has been doing your dry cleaning, and I am conceited enough to think that you favor us because of your desire to give your patrons the best of everything, regardless of cost, for it is well understood between all of us that others have made you prices about one-third less than ours.

You men know that The Pantorium uses only the best of materials, pays the highest wages and has a reputation of turning out the same class of work that you yourselves turn out, therefore it is only reasonable that you send your own dry cleaning to us.

I thank you, gentlemen, for the business you have given us, and please accept my assurance that you will always get the best that skill, experience and close attention to details can produce.

Very truly yours,

### Omaha Brothers to Attend Big Chinese Convention

Robert H. Lem, left, president of the Chinese Merchants' association in Omaha, and his brother, Frank K. Lem, right, a practicing physician in this city, will leave Sunday for Philadelphia, where they will represent the Chinese organization at the annual convention of the National Chinese association on April 5. Charles Yen, secretary of the local Chinese organization, may also attend the convention.

### Doomed Dog Dodges Death Decree

#### Pet Sentenced to Chloroform for Vagrancy Snatched From Fate by Pathetic Plea of Youngsters—Phonograph Peals Out "Bow-Wow Blues."

They changed records on a phonograph in a little home at 5021 South Twenty-second street yesterday morning.

"Ain't We Got Fun" was substituted for "The Bow Wow Blues."

Charles Lonkan, 9, taking the role of amateur lawyer, had just brought to a successful conclusion a plea before "the bar of justice" for the life of Fido, a white dog with black ears and a humorous twinkle in his eyes, "specially when he's playing with 'us kids'."

At 8 yesterday morning Fido was keeping a lonely death watch, condemned to die by chloroform after conviction of vagrancy and the discovery by the city poundmaster in the role of dog detective that he did not carry a license.

Then W. H. Wright, agent for the Humane society, opened his mail. "Dear sir: "Fido is the only pet we have and baby's been crying ever since they took him last night. He is a good dog and won't you turn him loose?" "Respectfully," "CHARLES LONKAN."

Justice has a heart, after all, and by 10:30 yesterday morning a pardon had been arranged by Wright for Fido. The dog was given a seat of honor in a flivver and the machine whizzed out to the Lonkan home. "Oh! Oh, Fido," cried Mrs. Lonkan, approaching the car flanked by Charles, John, 7, and Emil, the baby.

### "TIZ" FOR FEET

#### Instant Relief for Sore, Tired, Tender or Aching Feet

You're footsick! Your feet feel tired, puffed up, chafed, aching, sweaty, and they need "Tiz." "Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and burn right out of corns, callouses and bunions. "Tiz" is the grandest foot-gladdener the world has ever known.

Get a box of "Tiz" at any drug store and end foot torture for a few cents. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitutes.

An Open Letter to Herman Kessler, Nick Guckert and E. B. Williams  
Gentlemen:

You three men own and operate the three leading Tailoring establishments in Omaha, and have done so for many, many years.

The fact that you have all been in business so many years, and that you have all grown and prospered is proof that the citizens of Omaha appreciate QUALITY and SQUARE DEALING, for it is a well-known fact that your prices are considerably higher than other tailoring concerns.

During almost a quarter of a century The Pantorium has been doing your dry cleaning, and I am conceited enough to think that you favor us because of your desire to give your patrons the best of everything, regardless of cost, for it is well understood between all of us that others have made you prices about one-third less than ours.

You men know that The Pantorium uses only the best of materials, pays the highest wages and has a reputation of turning out the same class of work that you yourselves turn out, therefore it is only reasonable that you send your own dry cleaning to us.

I thank you, gentlemen, for the business you have given us, and please accept my assurance that you will always get the best that skill, experience and close attention to details can produce.

### Dennison Sells Boulevard Home

#### Political Boss Will Make Home With His Married Daughter.

Tom Dennison yesterday announced the sale of his home at 6141 Florence boulevard back to its original owner, Fred M. Crane. He will make his home with his only daughter, Mrs. Vernon Regan, and her husband in a five-room apartment at Twenty-fourth and Farnam streets, he said.

Dennison said he would continue to call Omaha his home except for brief trips in connection with horse races.

"My enemies will still have me here to contend with," he announced.

### McCaffrey Home Tranquil Again

#### Couple Officially Reconciled as Wife Drops Suit for Divorce.

The McCaffreys were reconciled "officially" yesterday. District Judge Sears at 10 yesterday morning dismissed the divorce action of Mrs. Frank O. McCaffrey.

McCaffrey, who was nursed by his wife in their home at the time the petition was filed, is said to be "up and around."

The court docket only states "divorce action dismissed by Carl Herring, attorney for Mrs. McCaffrey."

Steward Farrell, club man and president of the Farrell Syrup company, who was sued for divorce the same day, is still "somewhere in the east," his friends say.

It also is rumored that Farrell has been attempting to effect a reconciliation with his wife through "correspondence." Mrs. Farrell charged her husband with cruelty.

Nine months absent from his flock on a vacation, Rev. James W. Stenson, pastor of St. Philomena church, Tenth and William streets, returned home yesterday. The priest spent most of the time regaining his health in Southern California. He spent some time also with Bishop McGovern of Cheyenne, Wyo.

**Man, 81, Protests Retirement.** New York, April 1.—Just before a man 81 years old he should not be retired from city service, outside Henry B. Kanak, a lawyer, who has been placed on the list of those to be retired.

Kanak in a protest maintained the limit should be at least 75. Recently the limit was raised from 75 to 80.

### Hospital Measure Is Passed by House

#### Washington, April 1.—An appropriation of \$17,000,000 to be used in providing additional hospital facilities for war veterans would be authorized by a bill passed by the house without a record vote. The measure now goes to the senate.

The bill, drafted by Chairman Laughey of the public buildings and grounds committee, would place the director of the veterans' bureau in charge of all activities which would grow out of passage of the measure.
