THE POPE'S ORDER

Letter Regarding Religious Congresses Excites Considerable Interest.

Believed That No Liberal Interpretation Will Be Tolerated by Rome.

And That Another and More Definite Letter on the Subject May Follow.

WASHINGTON, Oct. 19.—Among high ecclesiastics here it is felt that the pope's letter to American archbishops urging nonparticipation by Catholics in "promiscuous religious congresses," opens up a question of more importance than the sectarian school question, the Cahensly movement or the other issues which have been presented of recent years. It is said the pope's opposition to religious congresses does not affect the Catholic church alone, but has a bearing upon the entire movement towards Christian unity which began in England, and has spread through this country. The purpose of this movement was to harmonize and unify all divergent sects on non-essentials, bringing them together on the

One Essential Tenet of Christianity. There has been division of opinion as to whether the Catholic church could enter into this plan of unity. An eminent Catholic preacher a series of sermons in Washington, showing that there was but one plan of unity possible and that was the return of all sects to the Catholic church. Other Catholics have taken a more liberal view, and this broader sentiment found expression in the attendance of Cardinal Gibbons at the congress of religious at Chicago. At that time Mr. Setoli was in Chicago, but took no part in the congress. The cardinal's paper and subsequent magazine articles showing the common grounds on which all sects might stand, attracted much attention.

Ought to be Clear Enough. The language of the pope's letter is said to leave no room for doubt as to the position of Rome on the holding of congresses, or the broader question of church unity, as the following direct statement makes clear.

"But although these promiscuous conventions have until this day been tolerated, with prudent silence, it would nevertheless seem more advisable that Catholics should hold their conventions separately."

It is stated this statement is so direct as not to be open to misinterpretation, and doubt is expressed as to the very liberal interpretation placed by Archbishop Ireland on such a clear statement from the pope. It is believed, also, that if there is any misunderstanding or broad interpretation given to the pope's language he will speedily issue a second letter as he did when the Knights of Pythias letter was liberally construed, leaving no room for doubt as to his position on promiscuous congresses.

INTENDED AS A GUIDE.

Pope's Latest Message Discussed by the Archbishop of St. Paul.

ST. PAUL, Oct. 19.—Archbishop Ireland, in an interview with the Associated Press representative, said: "The word 'Pope Leo' are in no manner of means a condemnation of parliaments of religion. He merely prescribes the method or conditions under which Catholics may take part in them. He does not advise the promiscuous assembling of Catholics with men of all forms of religion, Buddhists and Mohammedans as well as non-Catholic Christians, upon the same platform for the discussion of religious questions. The pope no doubt somewhat fears, as many others did and do, that from such promiscuous gatherings the impressions put into the public mind that all forms of religion are looked upon as of equal value and equal sufficiency."

Conditions Imposed. Cases of religions will continue to be held, and Catholics may take part in them, under certain well defined conditions. Catholics will hold their meetings during the same period of time, on the same grounds as the representatives of other faiths or religions, in halls of their own, marking away their own doctrinal exclusiveness and yet allowing to others the advantages of hearing their discussions. All the results that were ever expected from congresses of religions remain. Such as allowing comparative studies of the several faiths, the exhibiting to the world the fundamental truths scattered through all of them and the good points of each one, although in so many of them those points be fragmentary and incomplete.

Coming Congress at Paris. Much agitation is at the present time being had in Europe over the proposition to hold a great congress of religions in Paris during the exposition of 1900. The idea of a Paris congress of religions has sprung from the great congress at Chicago two years ago. It received much impetus from Rev. John Henry Burrows, the inspiring and directing spirit of the congress of Chicago, during his recent visit to France, and it will no doubt lead to a great success. Catholics may well take part in

it. Indeed, the pope's letter has cleared the way for it by making out the conditions under which it may be held, even in punctilious Europe. I am of the mind that this letter of the pope on congresses in America is entirely due to this coming Paris congress."

Young Runaways Captured. MADISON, Wis., Oct. 19.—The two boys who escaped from the Red Wing reform school Friday night were captured at James O'Brien's place, four miles from here.

SAID TO BE SIGNIFICANT.

Ex-Secretary William C. Whitney Getting Ready for His Campaign.

NEW YORK, Oct. 19.—It has leaked out that at the annual meeting of the Metropolitan Traction company on Tuesday Mr. William C. Whitney declined reelection as a director. Charles R. Henderson, the president of the company, also retired. It is understood that Mr. Whitney's retirement has no significance so far as the company is concerned, and that he is still one of the largest holders of the company's securities. Politically, however, his withdrawal from the directorate of the Metropolitan Traction company is of importance. The ex-secretary will, it is said, retire from the management of all properties in which he is interested, while retaining his stock holdings therein. It is inferred from this that Mr. Whitney is arranging his affairs in such manner as will leave him free to push his canvass for the presidency.

STRIKE TURNS LOCKOUT.

Bicycle Manufacturers at Toledo Shut Up Shops.

TOLEDO, O., Oct. 19.—The strike has turned into a lockout. Thursday the toolmakers in all the bicycle factories, except the Viking, and in the machine shops of the city struck for a 10 per cent advance in wages. The manufacturers' association declined to accede to the demand and have posted notices on the doors of their establishments announcing that they are closed. This makes nearly 5,000 men who are idle. Not a bicycle factory is at work in any department except the Viking. The foundries are at work, but otherwise everything in iron and steel manufacturing is at a standstill.

MANITOBA WILL ANSWER.

The Province Has No Thought of Keeping Silent.

WINNIPEG, Oct. 19.—Members of the local government state, with reference to the sending of the reply of Manitoba to the last communication from Ottawa on the school question, that reply will be sent in due course before the Dominion house meets. There is no intention on the part of the Manitoba government to overlook the last message and allow its first reply to carry its answer. No members of government state what the reply will be, but its tenor can easily be guessed.

A Dairy School.

WILLMAR, Minn., Oct. 19.—A dairy school has opened here, conducted by Superintendent O. C. Gregg and Professors Carlyle and Haecker. The dairy business in all its details was considered and explained. The superintendent made a speech strongly pleading for the "cows." He said we were exporting 44-cent wheat and importing 18-cent cheese, and he was sorry it was so. In raising wheat the farmers are competing with the cheapest human labor upon earth.

Another Mine Accident.

FRANKLIN, Wash., Oct. 19.—Fire broke out in the main hoisting slope of the Oregon Improvement company's mine, causing the death of John H. Glover, S. W. Smalley, John Adams and James Stafford. The accident was caused by August Johnson, who dropped his lamp, setting fire to a feeder of gas.

Burned to Death.

GREEN BAY, Wis., Oct. 19.—Mary Schons, 8 years old, while on her way home from school in the town of Pierce, 18 miles east of here, stopped to play by a pile of burning brush. Her clothes caught fire and the unfortunate child was burned to death before assistance reached her.

Sons of Herman.

MANKATO, Minn., Oct. 19.—The grand lodge, Sons of Herman, wound up with a typical German social. All the old officers were re-elected. It was decided to raise the initiation fee to a minimum of \$5 and annual dues from \$4 to \$6. The time for grand lodge meeting was changed from October to January.

A Dozen Injured.

BURLINGTON, Ia., Oct. 19.—An electric car got beyond control on a steep grade and dashed toward the center of the city at a terrific speed, jumping into a ditch on a curve. A dozen people were hurt, Mrs. E. G. Stegner receiving serious spinal injuries.

Favorable For Fast Time.

BOSTON, Oct. 19.—The battleship Indiana left her anchorage below Boston light at 8 a. m. for her official speed trial over the Cape Ann course. The weather conditions are favorable for making a good showing.

English Collector.

SAN FRANCISCO, Oct. 19.—It is announced that Congressman Warren English has been appointed deputy collector of the port of Oakland at a salary of \$3,600 a year. English was instrumental in having the bill creating Oakland a port of entry passed by congress.

HAND OF RUSSIA

She Will Be Forced to Take Steps Necessary to Make Korea Independent.

This Statement in Response to a Note From the Japanese Government.

Sensational Statements Regarding Venezuela Made by The St. James Gazette.

PARIS, Oct. 19.—A special dispatch to The Leader from St. Petersburg says that an exchange of communications has occurred between the Russian government and the Japanese minister at St. Petersburg, with reference to the recent disorders at Seoul, capital of Korea. It is added that the Japanese minister assured the Russian government that the culprits would be punished. But Russia is said to have replied that she would be forced in consequence of the riots to take steps considered necessary to preserve order, and to make the Korean government independent of foreign interference.

VENEZUELA BOUNDARY.

St. James Gazette Makes Sensational Statements.

LONDON, Oct. 19.—The St. James Gazette made some highly important and sensational statements regarding Venezuela, which seem to show that the dispute between that republic and Great Britain has assumed a very grave aspect. It says that since the Rt. Hon. Joseph Chamberlain assumed office as secretary for the colonies, he has paid close personal attention to the relations between Great Britain and Venezuela, and that he has taken the initiative in directing in part the administration of the affairs of the British colony of Guiana, adjoining Venezuela.

A Remarkable Dispatch.

Mr. Chamberlain's hand, it appears, has been felt in the local executive council and the St. James Gazette adds: "We are now enabled to give the tenor of a remarkable dispatch, in which is outlined the imperial policy towards the colonies. The document is of much importance inasmuch as it was followed by cabled instructions from Mr. Chamberlain to the governor of British Guiana, Sir Charles Cameron Lees, K. C. M. G., to obtain without delay a vote for the provision of two Maxim guns, one of which is to be stationed at Draun, or elsewhere along the frontier, where the Venezuelans may attempt to cross. The mere fact that Mr. Chamberlain cabled instructions for the defense of the frontier in this manner is positive proof that the imperial government will not tolerate a repetition of the Uruan incident, and that it intends to hold the frontier within the Schomburgk line."

By Force If Necessary.

"In this dispatch, Mr. Chamberlain advocates especially fostering gold mining, and urges the cutting of a road from the upper Barima river to Cuyuni, pointing out its importance from a military point of view, as it would enable the government to keep more closely in touch with the frontier and repel attempts at Venezuelan aggression, adding that in view of the possibility of early and rapid expansion of gold mining, it will be necessary to provide adequately for the protection of the Northwest district and recommending an increase in the number of military and police, as well as the erection of barracks on the frontier."

A Large Sum Involved.

ST. PAUL, Oct. 19.—The cases of the Sioux City, O'Neill and Western Railway company against the Manhattan Trust company, Hubbard, as assignee, against J. Kennedy Tod et al. and Tod against Hubbard are being heard by the judges of the United States circuit court of appeals. The cases involve the failure of the Sioux City syndicate, against which the Great Northern has a claim of \$500,000.

The Formosa War.

HONG KONG, Oct. 19.—Dispatches received here from the island of Formosa announce that Takao, on the west coast of that island, was captured on Oct. 16 by the Japanese. The dispatches also state that the Japanese intend to bombard Tai Wan Fu, the Chinese capital of the island. That city is held by the black flag leader, who refused to surrender unconditionally, and heavy fighting resulted.

Dunraven Gets Home.

RYDE, Isle of Wight, Oct. 19.—The steam yacht Valhalla, owned by Mr. Joseph Frederick Laycock, and having Lord Dunraven on board, arrived here from Newport, R. I., having left the latter place on Sept. 28. The craft anchored close to the Royal Yacht Squadron club house. Dunraven refuses to talk about the yacht races.

Used His Gun Freely.

PHILADELPHIA, Oct. 19.—John H. Bowen, aged 55, who for several years has been a clerk in the mercantile appraiser's office, shot his wife, attempted to shoot his son and then killed himself at their home. Mr. Bowen had been ill for some time with brain trouble.

MID-CONTINENT EXPO.

Invitation to Governors to Meet and Consider It.

MINNEAPOLIS, Oct. 19.—Upon his return from Milwaukee Governor Clough will issue an invitation to the governors of 10 Northwestern states to send representatives, or be present in person, at a meeting to be held in Minneapolis Nov. 20 to consider the matter of a mid-continent exposition in the Twin Cities in 1897 or 1898. The interested states are Michigan, Wisconsin, Iowa, Nebraska, North Dakota, South Dakota, Montana, Idaho, Oregon and Washington, which, with Minnesota, bring the number up to 11. In addition to the governors the mayors of all leading cities in these states will be invited to be present. This will be the governor's part of the work. The commercial bodies of Minneapolis and St. Paul will send out invitations to the commercial bodies of these states, and so the whole industrial field will be covered.

CREED IN HARD LUCK.

Third Disastrous Fire in the Famous Mining Camp.

DENVER, Oct. 19.—A dispatch from Creed says that all the frame buildings in the town have burned. This is the third disastrous fire in that famous mining camp.

Thirty-four business houses are destroyed, including the post office office, the two newspaper offices, the Sentinel and the Candler. The loss is estimated here at \$50,000.

NEARLY ALL LOST.

Destruction of a Chinese Troop Ship Is Confirmed.

SHANGHAI, Oct. 19.—Additional advices from Kin Chow, near which place on Wednesday last the steamship Kun Pai was destroyed by an explosion which sunk her in shallow water, confirms former advices. The vessel was loaded with troops. The explosion, the cause of which is unknown, completely wrecked the forward portion of the steamship, and only 24 persons of those on board were saved.

Palpitation of the Heart

Shortness of Breath, Swelling of Legs and Feet. "For about four years I was troubled with palpitation of the heart, shortness of breath and swelling of the legs and feet. At times I would faint. I was treated by the best physicians in Savannah, Ga., with no relief. I then tried various Springs without benefit. Finally, I tried

Dr. Miles' Heart Cure

also his Nerve and Liver Pills. After beginning to take them I felt better. I continued taking them and I am now in better health than for many years. Since my recovery I have gained fifty pounds in weight. I hope this statement may be of value to some poor sufferer."
