A BIG SHOW COMING.
Eringling Bros.' Great Exhibition to Visit this City Soon.

Arrangements have been completed for the visit of the Ringling Bros. World's Greatest Shows to Madison. This memorable event will occur Tuesday, May 26. The Ringling Bros. are so far in advance of all competitors that a comparison with any other tented exhibition would be superfluous. Nothing like this vast exposition of all that is marvelous in the circus and zoologic world has ever before been gathered together under a single management. Among its many features are the famous Nelson Family of nine Acrobats, the greatest acrobatic feature ever presented in a circus; the three DaComas, the greatest of all great aerial performers; the Landauer troupe of nine flexible models in a remarkable reproduction of famous old-world statuary; the French family of expert bicyclists and roller skaters; Joseph Le Fluer, the aerial somersaultist and high diver; M'lie Irwin, the "human top;" all the world's greatest male and female riders, including Mike Rooney, Wm. De Mott, Chas. Anson, Jerome Diehl, Albert Leonard, Elens Ryland, Lizzie Rooney, Josie Nelson, Sallie Hughes and Marion Leslie; three herds of performing elephants and a complete circus of trained pigs, sheep, goats, horses, ponies, bears and other animals. Added to all this is a grand introductory spectacle, in which the resplendent Festival of Olympus is presented on a scale of magnificence never before equaled, even by its classic and splendor-loving originators in old Greece. Ringling Bros.' great circus is this season larger, better and more comprehensive than ever. The paraphernalia used is the most massive and the most attractive ever made for a circus; the cages, dens, chariots and even the baggage wagons are resplendent with brilliantly illuminated ornamentation, and, all in all, the world has never seen so beautiful, costly and dazzling an exhibition. The procession which inaugurates circus day is over a mile in length, and gorgeous beyond the imagination to conceive. There are ten distinct kinds of music, including the famous chime of Kremlin bells, and over a thousand men women and children. The performance is given in three rings, upon two elevated stages, on a quarter mile hippodrome track, and under the dome of the largest canvas amphitheater ever constructed, and is personally managed by the five famous proprietors of this biggest of big shows.

DATE QUESTION UP AGAIN.

Grand Army Encampment Managers Kiew on the State Fair.

ST. PAUL, May 5.—The question of a possible conflict between the G. A. R. encampment and the state fair, which are scheduled for the same week in September, has come up again. The managers of the encampment are again urging that the two events shall not be held the same week. They are considering three propositions. One is a change in the date of the fair, another is changing the date of the encampment and the third is abandoning the fair altogether. The fair managers object to changing their date and holding no fair they will not hear of. A conference will be held this week between committees of the two bodies in an effort to arrive at some understanding.

It was thought that the matter was settled some time ago, but the reports of the hotel men, and the pressure of other business interests have caused the board of managers of the encampment to decide to reopen the matter. This is one of the most delicate things that the encampment managers have had to deal with, and they are moving in the matter with the greatest caution and considering it from all sides in order to prevent conflict of interests or discord between the two bodies.

MILES CITY, Mon., May 5.—Fire was discovered in the Catholic Church of the Sacred Heart about 7 p. m., having gained quite a headway before being discovered. The entire inside with contents was destroyed. Loss about \$3,000; insurance \$3,000. Origin of the fire is unknown.

Kept the Robbery Quiet.

PITTSBURG, May 5.—It has just been made public that the jewelry store of M. G. Kohen, 223 Fifth avenue, was robbed at noon on April 2, of \$7,000 worth of diamonds. Three men and a woman were concerned in the robbery, which is pronounced by the police one of the slickest thefts ever worked in this country. Two trays containing 56 diamond rings were taken, the cheapest of which was valued at \$100.

Marvelous Results.

From a letter written by Rev. J. Gundersen, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at River Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottle free at C. H. Wood's drug store. Regular size 50c. and \$1.00.

The South Sea Expedition.

CAPE TOWN, May 5.—A dispatch received from Macouste, in King Khama's country, announces the arrival there of 300 troops under Colonel Plummer, forming the first detachment of the relief corps bound for Bulawayo. This body of men has now accomplished about one-third of the journey to the besieged town.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at C. H. Wood's drug store.

Mrs. R. De Young, Middleburg, Iowa, writes: "I have used One Minute Cough Cure for six years, both for myself and children, and I consider it the quickest acting and most satisfactory cough cure I have ever used."
