The DAILY LEADER makes a special feature of
publishing information concerning the advantages
and resources of the city of Madison and of the
state at large, entitling it to the patronage of ad-
vertisers of every class.

J. P. STAH
Comptroller Eckles in his address be-
fore the National bankers at Detroit
spent most of his time in denouncing
our currency system as the worst on the
face of the earth and seriously questions
the ability of this nation to maintain
even the gold standard. The
comptroller takes rather a gloomy view
considering the inexhaustible resources
of this country. In the last twenty
years gold has appreciated in value over
fifty per cent or in other words the prices
of products have been lowered corre-
spondingly, all to maintain the gold
standard, and while the people have done
a good deal of groaning and growing,
they are capable of doing a good deal
more before we let this phantom of for-
eign credit place us in the third class
of nations. We have a tariff now to meet
the exigencies of the case which Mr.
Eckles, being a democrat, thinks at also,
but he will find out that workings
that it is an excellent method to extort
largest from the people to maintain any
sort of expensive government, whether of
financial or fiscal lavishness. The
beauty of this gold standard business is
that when adopted by a government the
people do not realize so distinctly what
it costs and the politicians and capitalists
can gloss it over with other names and
keep right on with the extortion. Mex-
ico for example, which has been in a very
prosperous condition for some time on
the silver basis, her producers realizing
the old time prices, as a government,
confronted with a very serious condition
of her treasury, owing to the recent
rapid decline of the value of silver as
compared with gold. It now takes be-
tween two and three dollars of silver to
pay one of the gold interest on her
debt, and as her revenues in the past
have been adjusted to silver, she is not
getting revenue enough to meet her
obligations. She is now a government
realizing in actual dollars and cents what
the appreciation of gold is costing her.
Now, if the government of Mexico will
adopt the gold standard, it will cut
prices of the products of her people in
two and even less, but the government
will get its revenue in gold sufficient,
even on the old basis, to meet her ob-
ligations and the people "pay the fiddler,"
not knowing the cost in dollars and
cents, only as they feel they are becom-
ing impoverished and great moneyed in-
terests are being built up there and
abroad at their expense. This adopting
a gold standard is a slick way to deceive
and rob the common people. It may be
that Mr. Eckles' dark forebodings in re-
gard to this country maintaining the
gold standard are caused by an appre-
hension that the people in time may find
out what the system is costing them, if
they have not already found out.

The little republican clubs maintained
principally by aspiring politicians and
office seekers received a very discourag-
ing blow in President McKinley's recent
civil service order. The hope of gain is
gone and the clubs are disbanding quite
generally.

Government by injunction is getting
the better of the striking miners. The
poor fellows had better take to the road
and seek a means of existence elsewhere.

The Sioux Falls caucuses went solidly
it is supposed for Judge Wilkes of that
city for circuit judge on the populist
ticket. This will no doubt control the
Minnehaha county delegation in his fa-
vor. The sixth ward caucus adopted a
series of resolutions severely condemn-
ing Judge Palmer, H. H. Schwartz, W.

O. Colton and J. S. Kirk, representa-
tives of that county in the last legisla-
ture, for their treachery and incompe-
tency to protect the interests of the peo-
ple in that body. With the
republicans lauding Attorney Gen-
eral Grigsby for his position
towards the railroads while sitting
on the state equalizing board, the
weather in the fusion camp at Sioux
Falls looks decidedly squally.

Something to Depend on
Mr. James Jones, of the drug firm of
Jones & Son, Cowden, Ill., in speaking of
Dr. King's New Discovery, says that last
winter his wife was attacked with La
Grippe, and her case grew so serious
that physicians at Cowden and Peoria
could do nothing for her. It seemed to
develop into Hasty Consumption. Hiv-
ing Dr. King's New Discovery in store,
and selling lots of it, he took a bottle
home, and to the surprise of all she be-
gan to get better from first dose, and
half dozen bottles cured her sound
and well. Dr. King's New Discovery for
Consumption, coughs and Colds is guar-
anteed to do this good work. Try it.
Free trial bottles at C. H. Wood's drug
store.

Don't nauseate your stomach with teas
and bitter herbs, but regulate your liver
and sick headache by using those fa-
mous little pills known as Dr. Williams'
Little Early Risers.

Burning, itching skin diseases in-
stantly relieved by Dr. Williams' Witch
Hazel Salve, unequalled for cuts, brus-
es, burns. It heals without leaving a
scar.

WHOLESALE PROSECUTIONS.

**Violators of the Illinois Butterine Law Be-
coming too Numerous.**
CHICAGO, Aug. 20.—Prosecutions on a
wholesale scale will, it is said, soon be
instituted against violators of the new
butterine law which prohibits the col-
oring of imitation butter. It is claimed
that dealers in all parts of the city are
selling butterine and other preparations
in open defiance of the law and with
the mutual understanding that the mat-
ter is to be brought to the supreme
court to have the constitutionality of
the law passed upon. In this it is said
they will be accommodated with a ven-
geance. Three prominent firms have
already been indicted for violating the
law and evidence is being collected in
other cases. The national dairy union
is said to be behind the prosecution.

EXPLOSION OF DUST.

**Serious Accident at the Davenport Syrup
Refinery.**
DAVENPORT, Ia., Aug. 20.—An ex-
plosion of dust knocked out two walls
of the elevator of the Davenport syrup
refinery. John Rapp and John Rahn,
two men in the cupola, were forced to
jump 60 feet and were badly injured.
William Wolf, a farmer, was fatally
crushed and his 11-year-old daughter
was killed. Frank Stevens was in-
jured. The building took fire immedi-
ately and was destroyed. Loss \$15,000.
insured.
