TO ADVERTISERS

The Daily Leader makes a special feature of advertising. It gives the advertiser the best of all the advantages of the city of Madison and of the state at large, entitling it to the patronage of advertisers of every class.

J. F. STAHL, Proprietor.

At a special meeting of the South Dakota Synod of the Presbyterian church held in Huron the past week for the purpose of considering the advisability of consolidating its two educational institutions of this state—Scotland Academy and Pierre college—and place the institution in a more central location, it was decided to unite the two schools in one institution and locate it at Huron. A board of trustees has been appointed to carry out the plans of Synod in this regard so that the new school may be ready to begin work September 1.

The largest week's clean up in the history of the Homestake mining company of the Black Hills was made on the 3rd inst. Exactly 9,300 ounces of gold were taken out, estimated to be worth \$18,800.

Aberdeen experienced a terrific wind-storm at 1 o'clock in the morning of June 1. Many windows were broken and small buildings wrecked. The Wisconsin house was unroofed and the Northwestern railroad coal sheds totally demolished. Great damage was done in the surrounding country.

Sioux City Journal, 4: Gov. Pingree has the right idea. A man shows as much patriotism by heeding the demands made upon him by his family as by enlisting as a soldier. In fact there is room for debate as to whether family or country presents the higher claim.

A very decided advance has been made in the passage of the war revenue measure from the fact that the senate has agreed upon and passed the silver coinage and bonding provisions. The latter provides for \$100,000,000 in certificates of indebtedness and \$300,000,000 in 1 percent bonds, to be used exclusively in payment of war expenses. In the matter of silver the secretary of the treasury is authorized to coin not only the seigniorage but all the silver bullion now in the treasury at a rate of not less than \$4,000,000 per month. Against \$12,000,000 of these coined dollars, (the amount of seigniorage) he is to issue silver certificates in small denominations. These amendments to the revenue bill were carried by the decisive votes of 45 to 31, and being the chief bones of contention, the revenue bill will no doubt now have clear sailing and a speedy passage.

The Russian government has adopted the metric system, which leaves the United States and the British empire the only countries in the world which do not use it.

Elk Point Courier, 2: The papers are as silent as the tomb on the point raised and urged by the Courier, that Gov. Lee, in appointing Col. Frost, overrode the state constitution and the military law made and provided in such cases. They have a good deal to say about the popularity of Col. Frost with his regiment, the undesirability and even the incapacity of Col. Sheafe, the alleged "thirty six republicans out of forty-six regimental appointments" etc., all of which interesting matters utterly fail to touch, much less explain away the point we have made. Discretion is the better part of valor, and therefore we ought to give them credit, probably, for dodging an issue which can no more be refuted than the principles of science or the laws of nature.

How would it do, Bro. Bruce, to call Gov. Lee's action in this case a "war

measure," just as the administration proposes doing in the case of Hawaii annexation, so much opposed by congress and the people?

Chicago Record, 3: A reader of The Record asks a pertinent question as to why there should be so great a difference between the pay of the officers and the privates in the volunteer army. He claims that as a rule many of the officers get better pay than they could earn in private life, while all of the privates get less, and he thinks there should be a better adjustment. The pay of a private in the regular army is \$13 a month in time of peace; in time of war 20 per cent is added, which makes the lowest grade of private \$15.60 a month. After five years' service the pay is raised \$2 a month. The pay of a second lieutenant, on the contrary, is \$1,400 a year and \$1,500 if mounted. That of a first lieutenant is \$1,800 and \$2,000. The pay of the army has not been changed for more than half a century, but is more liberal in the United States than in any other country in the world. German soldiers get less than half as much. The only way to secure a readjustment is by an act of congress.

Can you afford to be sick, pay doctor's bills, suffer with pain and finally die, when 35 cents worth of Rocky Mountain Tea would make and keep you well?

FRANK C. SMITH.

The Cuban question and political issues sink into insignificance with the man who suffers from piles. What he most desires is relief. DeWitt's Witch Hazel Salve cures piles.

COOK & ODEE.

Big Stone Lake.

To the Interstate Modern Woodmen picnic to be held at Ortonville, Minn., on Big Stone lake, June 22, 1898, the C. M. & St. Paul railway company will sell excursion tickets at the Madison depot for \$2.25 cents for the round trip. Aside from the attractions of this magnificent lake, it is expected that 5,000 Woodmen will be in parade in uniform. Head Consul Northcott, lieutenant governor of Illinois and State Deputy W. H. Dawson will be present to address the meeting, but the crowning feature of the whole event will be Pain's great pyrotechnic and spectacular display of the "Battle of Manila." This alone is worth the price of the excursion. Tickets sold on day of excursion, or evening before on regular train.

Late to bed and early to rise, prepares a man for his home in the skies. Early to bed and a Little Early Riser, the pill that makes life longer better and wiser.

COOK & ODEE.

"Dr. Fenners Dyspepsia Cure."

as the name implies, is simply for Dyspepsia or Indigestion. It should be superior to the general run of preparations and prescriptions because prepared by a physician of many years' study and experience, whose writings on medical questions are accepted as authorities. If not satisfied after using one bottle, your money will be refunded by Frank Smith of Madison.

REVERSE TO RUSSIAN ARMS.

Garrisoned Fort in Turkestan Attacked by the Natives.

St. Petersburg, June 6.—A sensation has been created in official circles here by the news of unexpected attack, by 1,000 natives, on a Russian fort garrisoned by 800 infantry at the town of Andijan, province of Ferghana, Turkestan. It is said that 20 of the soldiers were killed and that 18 were wounded. No such reverse to the Russian arms has occurred in Central Asia in many years.

CENSORSHIP VERY STRICT.

No News of Consequence Is Permitted to Be Sent From Tampa.

TAMPA, Fla., June 6.—The censor at Tampa, which relaxed enough during the day to permit of chattering, with certain restrictions, the arrival of volunteer troops at this point, has been tightened to even a greater extreme than before. No comments whatever will be allowed on the movements of the regular or volunteer troops, either to or from this point, nor will anything bearing on any phase of the situation here be permitted.

AMERICANS

Land 5,000 Troops West of Santiago de Cuba.

Junction Formed With Garcia's Force of 3,000 Men.

Oregon Sinks Spanish Torpedo Boat Terror Furor.

Captain Gridley of Cruiser Olympia Dies En Route Home from Philippines.

Special dispatch to The Daily Leader.

ST. PAUL, June 6, 9:05 A. M.—The following advices have been received by the American Press Association:

The Spanish torpedo boat destroyer Terror is reported sunk.

There is an unconfirmed rumor of an engagement of Hayti.

Captain Gridley of the cruiser Olympia died en route home from the Philippines.

Special dispatch to The Daily Leader.

ST. PAUL, June 6, 12 M.—The following advices have been received by the American Press Association:

New York—A Kingston, Jamaica, special reports five thousand United States troops landed near Punta Cabara, west of Santiago, where a junction has been effected with Garcia's army of three thousand insurgents. The dispatch adds that the landing was effected under cover of fire from Admiral Sampson's fleet. With the troops several heavy siege guns were landed.

Kingston—News has been received confirming the report from San Antonio of the sinking of the torpedo boat destroyer Terror by the battleship Oregon.

Madrid—An imperial dispatch says the Americans ineffectually bombarded Santiago de Cuba Saturday. The bombardment lasted forty-five minutes.

Special dispatch to The Daily Leader.

ST. PAUL, June 6, 2:15 P. M.—The following advices have been received by the American Press Association:

Male St. Nicholas—Advices from the flagship New York say there is no truth in the report from Port Antonio that the Spanish torpedo boat destroyer Terror had been sunk by the Oregon.

DEWEY

Reports Insurgent Successes in the Philippines.

The Bombardment of Santiago Still Continues.

Special dispatch to The Daily Leader.

ST. PAUL, June 6, 4:25 P. M.—The following advices have been received by the American Press Association:

Washington—Admiral Dewey reports to the navy department that the insurgents have won several victories over the Spanish in Cavite Province, Philippine Islands, and have taken fifty officers and eighteen hundred men prisoners.

Cape Haytien—Advices from Santiago de Cuba are to the effect that the bombardment of the fortifications there continues.

There's nothing made or sold that's so good a friend to suffering women as Rocky Mountain Tea. It's woman's best friend. 35 cents.

FRANK C. SMITH.

DOMINATED BY CROPS.

Flattering Outlook Favorably Affects the Trade Situation.

New York, June 6.—Bradstreet says: The general business situation might well be expressed by the single word "crops." Certainly the very flattering outlook reported in nearly all the grain growing sections of the country, and particularly as regards the growing wheat, has been of a nature to dominate the entire trade situation. From all of the surplus wheat growing states comes but one report, that of a large acreage, extremely good weather and crop conditions already forecasting an unprecedented production of the king of cereals. Reports as to distributive trade are encouraging in spite of the advanced state of the season.

J. J. FITZGERALD, MASONIC TEMPLE Spring Announcement.

LADIES

Have you seen our stock of beautiful SILK CAPES? They are cheaper than ever.

LADIES SKIRTS.

BACCALAUREATE

Sermon at Opera House Opens Exercises of Commencement Week—Rev. Rosewarne Delivers an Excellent Discourse to a Large Audience.

Commencement week exercises of the State Normal school began yesterday with the baccalaureate sermon at the opera house at 10:30 a. m. President Bendle, Rev. A. C. Shepherd, Rev. C. M. Cline, Rev. J. Vincent Rosewarne and the Presbyterian church choir occupied the platform and assisted in the services. The sermon was preached by the Rev. J. Vincent Rosewarne of the Presbyterian church and it proved a magnificent discourse. The speaker read for the scripture lesson the nineteenth Psalm and took therefrom the theme of his discourse—"The two-fold revelation of God—the revelation of God in nature and the revelation of God in His Word. In the first we learn of God's power, sovereignty, wisdom, etc., in the latter of His love, care, tenderness and grace. The two revelations of God form a grand unity. No one can be a thorough student of nature without coming face to face with God. Yet David after his long experience in royal life avowed that the Word was more precious to him than all the gold or good things in the storehouse of nature. The authenticity and inspiration of the bible were evidenced by the hold it had upon men; no other book has the, "Thus saith the Lord," no similar number of writers of any other books have given us the same unity of plan and purpose as those who through a period of 1600, composed the books of the bible; its adaptability to the needs of man; its harmony with science. In 1860 the French scientists formulated so theories of science opposed to the science of the bible. Today not one of those so theories stands in science, but the bible stands still uncontroverted. Addressing the class at the close the speaker said: These two volumes—Nature and the Word are open before you. Study them well as you go forth into the duties of life. Study nature and find God, but by all means study His Word. It will give you wisdom. In all your work speak a good word for the bible. But for the Word of God there would be no schools, no higher education for you. May God bless you.

To-night the oratorical contest for the Clara G. Mackay prizes take place at the opera house, to-morrow night the class exercises of '98 take place at the opera house also in the form of a play, and at 10 a. m. Wednesday, the graduating exercises will be held, Pres. J. W. Heston of Brookings college delivering the address.

Liver Complaints and Nervousness Cured.

No complaints are more common than the above; you feel dull and muggy; your bowels move irregularly and you have a clumsy feeling about the liver. As this condition develops you are apt to grow despondent. Try at once a bottle of Dr. Fenners' Blood and Liver Remedy and Nerve Tonic. It will brighten the spirits and give an exceptional vigor to the body. If not satisfied after using one bottle, your money will be refunded by Frank Smith of Madison.

Want Bragg Appointed.

MILWAUKEE, June 6.—At a meeting of the Milwaukee County Iron Brigade a resolution was passed asking President McKinley to appoint Edward S. Bragg, former brigade commander, to be a major general of volunteers.

We Will Not Endeavor

to tell you how the War will terminate but the fact remains that we are showing an elegant line of

Spring Goods

PLAIN & FIGURED Dimities.

Organdies.

PLAIN & DOTTED Mull.

French Ginghams

inbeatiful stripes and plaids. We have just opened a line of Summer Corsets including the French Model which are very popular this year. Our line of 25c corsets are going like hot biscuits.

Our Shoe Stock

is still in good shape.

We are showing an elegant line of Ladies' & Gents' Oxford Ties. We know the prices are right and you should have a pair.

Fresh Groceries & Choice Butter always found here.

N. D. MCGILLIVRAY.

WISCONSIN BOYCOTTED.

The University Given the Cold Shoulder by Other Colleges.

CHICAGO, June 6.—James H. Mayberry and H. E. Cochran of the University of Wisconsin were cleared of the charge of professionalism at a meeting of the graduating committee of the Western Intercollegiate association by a unanimous vote. As a result the University of Chicago has withdrawn from the association and will hold a separate meeting on the Marshall field. Michigan and Illinois will follow suit. Wisconsin is much incensed at this action and fears the boycott will extend to football also. Northwestern probably will stand by Wisconsin and possibly Iowa and Minnesota.

One Minute is not long, yet relief is obtained in half that time by the use of One Minute Cough cure. It prevents consumption and quickly cures colds, croup, bronchitis, pneumonia, grippe and all throat and lung troubles.

COOK & ODEE.

Address, The National Book Concern, Dept. 15, 356 Dearborn street, Chicago.

GETTING READY

Every expectant mother has a trying ordeal to face. If she does

Nature is not given proper assistance.

Mother's Friend

is the best help you can use at this time. It is a liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after effects. Mother's Friend is good for only one purpose, viz.: to relieve motherhood of danger and pain.

One dollar per bottle at all drug stores, sent by express on receipt of price. FREE BOOKS, containing valuable information for women, will be sent to any address upon application to THE BRADFIELD REGULATOR CO., Atlanta, Ga.
