Storm Along the Coast Proves to Have Cost a Hundred Lives.

Fifty Persons Said to Have Been Drowned at Fernandina Alone.

On Campbell Island Only Three Out of the Forty Inhabitants Escaped.

Many of the Small Islands Off the Coast Have Not Yet Reported.

SAVANNAH, Ga., Oct. 6.—News from the storm-stricken districts along the coast is coming in gradually and it is probable that a hundred lives have been lost. News by way of a boat which has arrived here, is that 50 people were drowned at Fernandina.

From Campbell Island, inhabited by about 40 colored people, it is reported that all but three were drowned. At Brunswick, four people lost their lives and at Jessup, 100 miles from the coast, one was killed in a building blown down by the storm.

At Sterling station, Charles Wright, a merchant, reports the disasters from the flood great to lives and property in the rice fields portion of Glynn and McIntosh. There are a number of small islands at various points around Brunswick, Fernandina and Darien, on which small groups of families live. It will be some days before accurate reports are heard from these points. At Darien the water is reported high, and the town badly damaged. There are many rumors of loss of life, but all of the reports thus far received are believed to be exaggerated. Many of those who bring news left the scene of the storm during its height and consequently cannot be expected to give accurate information. The damage by wind and rain is enormous and extends inland 100 miles in some cases. The damage to shipping is enormous. Near Darien, the schooner Blanche Hopkins collided with a small schooner, the Minnie, and sunk her. The Minnie had on board 3,000 pounds of dynamite. At Fernandina the tug Gladiolus is said to have landed in the middle of the town. Mrs. Lucy Carnegie's magnificent yacht Dungeness is badly damaged. The Cumberland island pilot boat Maud Helen was landed high on a bluff in Barbanks' yard.

Invention of Dr. Hageman Which Promises to Be Very Important Musically. CINCINNATI, Oct. 6.—A patent has been allowed to Dr. S. A. Hageman of this city on his invention which is designed to correct the false intonation of the "tempered" scale, in which all pianos now play, so as to make the piano render music in the true scale, raising that instrument to the level of the violin and other stringed instruments in this respect. Dr. Hageman is a half brother to the late Rev. David Swing of Chicago. The problem which his invention claims to have solved is one that has puzzled the musical world ever since the piano has been in existence.

AT DEATH'S DOOR.

But Saved by Dodd's Kidney Pills. After all Means had Failed.

DETROIT, MICH., Oct. 3.—Mr. James Paisley, of Magnolia avenue, one of our most reputable citizens, is a happy man. Things have changed in his life lately. He is a robust, healthy man to-day. Recently, he was broken down, a physical wreck.

Read what he says about it. "For two years I was at death's door, brought there by Bright's Disease. Doctors gave up trying to cure me. Medicines did me no good. Pain and misery was my daily and nightly portion.

"A friend persuaded me to try Dodd's Kidney Pills. The first few doses gave me heavenly relief. Each succeeding dose made me better. Two boxes cured me—made me a new man."

What Dodd's Kidney Pills did for Mr. Paisley, they will do for every other victim of Bright's Disease. There is no doubt, no uncertainty about their effect. They cure every time. If you don't believe test them. They'll convince you by curing you.

NARROWLY ESCAPED DEATH.

Miss Elizabeth Stephenson and Party Lost Their Way on Mount Vesuvius.

CHICAGO, Oct. 6.—The Times Herald says Miss Elizabeth Stephenson, who was recently selected by Governor Scofield to christen the battleship Wisconsin, had a narrow escape from death in the lava beds of Mount Vesuvius.

Miss Stephenson, accompanied by her sister, Miss Harriet, Miss Charlotte Holmes of Menominee, Mich., and Mrs. Frederick C. Austin, and Miss Marion Austin of Chicago, were visiting in Naples. They started toward the volcano early in the afternoon, and en route engaged three Italians who represented themselves as official guides. The Italians proved anything but guides and the party lost their way. All night they wandered, frequently having narrow escapes from a terrible death in the boiling streams of lava coming from the crater above. At daybreak they got back to the road and reached their hotel almost exhausted. All the ladies are said to have been painfully scorched and almost exhausted from inhaling sulphurous gases.

PARLEYED WITH THE REDS.

Marshal O'Connor Visits the Bear Island Indians.

WALKER, Minn., Oct. 6.—This has been a day of rumors, the first being that Marshal O'Connor had been captured and held as a hostage by the Bear Island pillagers, and the second that the wild, turbulent reds of the island had secured ammunition and would resist both the marshal's posse and the United States regulars to the death.

There was nothing in either of these reports. Marshal O'Connor went over to Bear Island and had a talk with the Indians, but there was not so much as a move toward molesting him in the slightest degree. In fact, it is stated that his parley was satisfactory to the Indians, and that they promised to give up Chief Bush Ear and the other members of the tribe wanted.

Decision Against George Gould. ALBANY, Oct. 6.—George J. Gould, by a decision of the court of appeals just rendered, will be compelled to pay the state \$132,784 as tax on a \$5,000,000 bequest left him by his father, the late Jay Gould.

Cervera a Life Senator. MADRID, Oct. 6.—It is announced that Admiral Cervera will be appointed a life senator.

In the olden days men were physically, at least, worthy of the admiration of women. It is a great big something for a woman to feel that her husband is truly a capable and intrepid protector. It is a comfort for her to feel that he has the physical stamina and courage to defend her through all the vicissitudes of life. Nowadays there is not much to admire about the average man from a physical standpoint. He may be a moral and a mental giant, but the flesh of his back is weak, and he is probably a physical coward. It is not in nature for a sickly man to be a brave man. His spirit may be willing but his body is weak. That is the man's own fault. Any man can be healthy who will pay a little common sense attention to his health when he has it, and when he gets a little out of sorts, take the right remedy. Many of the diseases that afflict mankind are traceable directly to indigestion, torpidity of the liver and impurities in the blood. The greatest medicine for disorders of this nature. It strengthens a weak stomach, corrects all disorders of the digestion, gives edge to the appetite, invigorates the liver, purifies and enriches the blood and tones up and invigorates the nerves. It searches out disease germs, kills them and carries them out of the system. It is the great blood-maker, flesh-builder and nerve-tonic and restorative. It makes strong, healthy men out of weak, sickly invalids. Medicine dealers sell it and no honest dealer will urge a substitute upon you.

"I have been taking Dr. Pierce's Golden Medical Discovery and 'Pellets' and must say that they have worked wonders in my case," writes Mr. L. L. Peck (Box 10, Hiram, Minn.). "I feel like a new person. I can eat, I can sleep, I can do my work. I can't speak too highly of a new person. I can eat anything now without misery in my stomach. I have gained some eight or ten pounds, weighing as I did three years ago."

"The medicine certainly worked like a charm on me, but when I first began to take it I felt a little worse for a few days; had pains through my body and bones, but all this left me after taking the medicines four or five days."

SIGNED FICTITIOUS NAMES.

Some Iowa Soldiers Take Advantage of Governor Shaw's Generosity.

DES MOINES, Ia., Oct. 6.—Governor Shaw promises to be out of pocket as a result of liberality in extending loans to hundreds of members of the detail stationed at Camp McKinley. The government has refused to issue pay prior to the return of the two regiments now home on furlough, and Governor Shaw, in the goodness of his heart, placed in the hands of the adjutant general \$500, to be distributed in the form of loans of \$5 each to the detail. Before all entitled to the money had received it, some members of the detail repeated at the desk of the disbursing agent of the governor, securing \$10 by signing fictitious names. As a consequence some members of the detail are without the money intended for them.

Captain Olmsted has received a telegram from the war department appointing him mustering out officer for Iowa, with Captain E. L. Howell as assistant. Captain Howell has been mustering out officer. Preparations are being made at Camp McKinley for the reception of the regiments. The Fifty-second will be back Oct. 19, and the Fifty-first a week later. The men will be served with meals by the restaurants at 17½ cents each instead of being provided with rations at 25 cents daily.

WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, Iowa, Dec. 14. No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since. MRS. GRACE LAMPHIRE.

McLREE'S Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles."
