**TO ADVERTISERS.**  
The DAILY LEADER makes a special feature of favorable information concerning the advantages and resources of the city of Madison and of the state at large, calling it to the patronage of advertisers of every class.

There are other Deweys in the Pacific. During the recent trouble at Samoa, the English and American consuls forced open the doors of the supreme court building in Apia the capital of Samoa, and forcibly pushed the German consul who had arbitrarily declared himself chief justice, into the street. They took possession and rule of the roost according to the tripartite or Berlin treaty, it is supposed, and now all is quiet. At least the German consul went back to his own consulate and shut himself up. He had better stay there until he hears from his home government. Great Britain will have a few war ships there in a few days.

The butter exhibits for the national butter makers association meeting at Sioux Falls are now in place and consist of 610 packages, divided as follows: Minnesota 170, Iowa, 167, Wisconsin 72, South Dakota 43, Kansas 43, Illinois 39, Nebraska 16, other states 61. The judges, W. H. Healey of New York, Orin Douglass of Boston and W. D. Collyer of Chicago, are on the ground and have taken possession of the butter room and will be engaged four days in scoring the exhibit.

Mrs. Eliza Bailey, a daughter of a Revolutionary soldier and who recently was admitted as a member of the order of Daughters of the Revolution, at Derby, Conn., died at Milbank, S. D., last Wednesday, aged 84. Her father was a soldier in Washington's army and her grandson is now a soldier in the Minnesota regiment at Manila.

Aberdeen News, 19: "The first appeal from the decision of Speaker Somers occurred Tuesday and over an hour was spent in discussing the point in issue. On roll call the chair was sustained by a tie vote, the Populists voting against the speaker almost solidly and the republicans splitting. The appeal was made by Representative Wilmarth of Beadle county and the bill under discussion was for the purpose of admitting volunteer soldiers to free tuition in the educational institutions of the state. Amendments were tacked on to give the children of volunteers the same privilege, then their orphan children, and when the debate ended it was difficult to see where the bill was at. The tangle was straightened out on Wednesday, however."

The News might have added that the tangle was straightened out by Speaker Somers admitting he was wrong and that the populists took the right position on the question.

Vermillion Republican, 19: Mr. S. E. Young arrived in the city last Friday evening in response to a telegram announcing the serious illness of his brother, Prof. C. M. Young. On Saturday evening a telegram from Ohio from a sister conveyed the sad intelligence that the mother of the two gentlemen had passed away a short time before. Prof. Young had recovered sufficiently by Saturday evening, and Mr. S. E. started for Hiram, Ohio, Sunday morning, driving to Sioux City and taking the first train east. The professor at this writing is slowly recovering, though for a day or two last week he was dangerously ill.

### BRIEF BITS OF NEWS.

Arthur D. Christ, Company F, Fortyninth Iowa, is dead at Havana.

The lower house of the Illinois legislature adopted a resolution requesting the Illinois senators to work for the ratification of the treaty with Spain.

The president has issued an executive order setting apart what is known as Mission Rock, in San Francisco bay, as a naval reservation. The purpose is to use it as a coaling station.

Mr. Foraker, in the senate, denied that he spoke a few days ago for the administration when he said the Philippines would not be permanently retained. Those who thought so, he said, must have imagined the other Ohio senator was speaking.

Are you thin? Would you like to get fat and plump? Tried "laughing" 't wouldn't work, now take Rocky Mountain Tea 't will do the business.

**Recommended for La Grippe.**  
D. Jackson, Danville, Ill., writes: My daughter had a severe attack of La Grippe seven years ago and since then whenever she takes cold a terrible cough settles on her lungs. We tried a great many remedies without giving relief. She tried Foley's Honey and Tar which cured her. She has never been troubled with a cough since. 25c.

### CUBAN TOBACCO TRUST.

New York Banks Will Advance a Hundred Million Dollars.

NEW YORK, Jan. 21.—A dispatch to The Tribune from Havana says: Further particulars are given regarding the proposed control of the Cuban tobacco product and manufacture by an American syndicate. The present owners ignored the propositions until assured that New York City and other banks had taken it out of the hands of professional promoters. The plan is yet a long way from consummation. Initial steps have been taken looking to the banks furnishing the money for a single corporation which should control the output. The estimate is made that \$1,000,000 would be sufficient to obtain the existing factories, but the amount needed to get the tobacco lands of the Vuelta Abajo and Partidos district is largely guess work. Estimates have been made of particular regions in Vuelta Abajo.

These show on paper large prospective returns. One district, the Repate, figures \$250,000 yearly profit on a net investment of \$50,000. The largest estimate is \$30,000,000 for the total tobacco area in the provinces of Vuelta del Rio and Havana.

The bank syndicate professed readiness to advance \$100,000,000. The promise is made that if an arrangement is concluded, the funds will be immediately supplied for buying oxen, rebuilding driving houses and other buildings destroyed during the war and providing seed for next season's planting which begins in September. Five million dollars is the estimate for this purpose. Left to themselves, under the most favorable conditions it will be two years before the tobacco farmer can return to a normal production. Their greatest drawback is lack of oxen. The crop this year is very short, though recent rains are helping it.

The Havana factories will not be able to meet the demand for cigars this year because of their inability to procure the leaf in sufficient quantities.

Gustave Bock, whose companies were made part of the scheme of the English syndicate, said that the proposition had been made to him from responsible parties in New York. He thought the plan feasible, but it would take longer to consummate than its projectors had supposed. Other tobacco men say it is possible, but not probable, though they are satisfied of the financial responsibility of the men who make the proposition. They treat it conservatively.

**Sexton Slightly Improved.**  
WASHINGTON, Jan. 21.—The condition of Colonel James A. Sexton of Chicago, commander-in-chief of the G. A. R., is a trifle improved.

It adds spice to dreary life, encourages the human heart, lifts one out of despair, breathes new life and confidence. That's what Rocky Mountain Tea does.

**Lingering La Grippe Cough Cured.**  
Mr. G. VACHER, 157 Osgood St., Chicago. My wife had a severe case of La Grippe three years ago and it left her with a very bad cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. One bottle cured her cough entirely. Now we are never without a bottle of this wonderful Cough medicine in the house. 25 and 50c.
