BETTER TERMS

Cable From Manila Says
Twenty Filipino Congressmen

in Favor of Peace and an
Equal Number Are Irreconcilables.

Remaining Six Desire Peace,
But Demand Better
Terms.

Division of Troops Outlined in
a Dispatch Sent via Hong
Kong.

Manila, May 13.—A special dispatch
from Manila says that the Filipino con-
gress now sitting at San Isidro, is com-
posed of 46 members, of whom 20 favor
peace and an equal number are irrecon-
cilable. The others, holding the bal-
ance of power, are ready to admit that
the independence is hopeless of
moment, but demand better terms at
the hands of the United States.

THEY NEED REST BADLY.
The idea of the Nebraska Volunteers For
a Little Respite.

Manila, May 8, via Hong Kong. May
13.—The first regiment, Nebraska vol-
unteer infantry, is taking the unusual
step of respectfully petitioning the di-
vision commander, Major General Mac-
Arthur, to temporarily relieve them
of duty at the front. The regiment
is exhausted by the campaign in
which it has taken an active part, and
many more than 300 men of the or-
ganization are at present fit for duty.
Sunday last 500 men of this regi-
ment responded to sick call.
In view of the facts, have
been a respectful memorial to Gen-
eral MacArthur, asking that their reg-
iment be withdrawn for a short time
from the fighting line, in order that
they may recuperate. The memorial
states that the men are willing to fight,
are in no condition to do so, owing
to the strain of long marching, contin-
uous fighting and outpost duty in which
they have been engaged. It is added
that many of the men have been unable
to change their clothing washed for
the past, having been compelled
to sleep all that time to sleep in their
arms to be in readiness for fighting.
The memorial adds that since Feb. 2
the regiment has lost 225 men in killed
wounded, and 59 since the battle of
Alifan.

Officers Endorse the Plan.
The officers of the regiment propose
to present a similar memorial on behalf
of the men. The splendid record of the
Nebraska in the entire campaign
the tone of the memorial prepared
by the men is such that no imputation
of insubordination can be brought
against them. The officers of the regi-
ment said to a correspondent of the As-
sociated Press that they thought the
men had been worked beyond endurance
and should be given a rest and some of
the regular regiments which are now
in the city sent to the front.
Five volunteer regiments and the
battery of artillery are at San Fer-
nando. They muster in all about 2,500
men. Many of the soldiers are in hos-
pitals suffering from heat or other
causes. The wounded were all suffi-
ciently and showed the effects of
exposure to the sun when they arrived.
The days rest has already worked
wonders.

Since the army entered Malolos, the
soldiers have had little water to drink
except that which was brought on rail-
road trains from Manila and that was
of poor quality. The artesian wells at
San Fernando are doing much towards
relieving the men contented.

AS AN EXPLANATION.

Regulars Mostly Raw Recruits, So Vol-
unteers Are Still Needed.

WASHINGTON, May 13.—No dispatch
received recently from Manila has been
read with deeper interest at the war de-

partment than that sent via Hong Kong.
War department officials and army of-
ficers did not care to be quoted upon the
subject but the comment generally
among army officers was that the troops
who had been fighting so long and con-
tinuously, are exhausted and were
really in need of rest. It was explained
that the men did not fear fighting, but
after fighting and marching and con-
stant picket duty, they were no doubt
much exhausted. Some army officers
suggested that the action of the Ne-
braska regiment was like a town meet-
ing, and that the army could not be
conducted upon such lines. Comment
was made to the effect that the dis-
patches indicated that the various regi-
ments were on duty constantly, and
that there was no reserve to relieve
them when they reached the limit of
endurance. It was said by an official
of the department that one reason why
it had been impossible to relieve the
volunteers with the regulars now at Ma-
nila, was because the regulars recently
sent to the Philippines were at least
two-thirds recruits, and were necessarily
untrained and lacked the discipline of
the volunteers who are now veterans.
It is believed that General Otis does not
care to risk the hard fighting to untried
men, and that he desires the volunteers
to remain at the front because he is sure
of them in any emergency.

DEWEY COMES HOME.

Admiral Given Permission to Leave Ma-
nila at Any Time.

WASHINGTON, May 13.—Send Olym-
pia's mail to B. F. Stevens, No. 4 Traf-
algar Square, London, Eng., was the
notice given out at the navy depart-
ment. This is the first formal indica-
tion that the famous flagship is coming
home immediately.

Upon inquiry it was ascertained that
Secretary Long had cabled Admiral
Dewey permission to return at once to
the United States. He has been re-
lieved of the obligation of remaining at
Manila until the Philippine commission
completes its work. He is not even re-
quired to await the cessation of hos-
tilities, but may start homeward at once.
The notice posted at the navy depart-
ment indicates that the Olympia will
not remain long enough to receive the
next outward mail. Mr. Stevens, re-
ferred to, is the navy department's
agent at London to distribute all of the
mail for United States warships in
European waters, so he will see to it
that the Olympia receives her's as soon
as she passes the Suez canal.

It is intimated at the navy depart-
ment that Dewey will reach the United
States in time for a national demonstra-
tion on the Fourth of July next. The
Olympia will not come under full
steam but, nevertheless, she should
make the run to New York in about 55
days from Manila. That she is to come
to New York is nearly certain, as shown
by the following response made by Sec-
retary Long to the urgent message of
invitation to Dewey from Mayor Van
Wyck of New York. It may be stated
that this was sent before the notice was
sent to Dewey that he might come home
at once:

Long to Van Wyck

"I am in receipt of your telegram
with regard to the return of Admiral
Dewey, and expressing a desire that he
arrive first in the country at New York.
The time of his return has not been
fixed and the department has taken no
other action than to authorize his re-
turn whenever the condition of the
peace commission shall permit. As to
the route he shall take in returning the
department is inclined to leave that to
him. He has served with great ability
and must necessarily feel so much the
effect of his arduous labors in a trying
climate and under trying circumstances,
that the department is disposed to let
him govern himself in this respect
largely by the consideration of his own
personal convenience and wish. It is
understood, however, that Admiral
Dewey will elect to return via New
York."

SAYS THE PRESIDENT.

Alleged He Has Ordered Otis to Capture
or Kill All Fighting Filipinos.

New York, May 13.—A special to
The World from Hot Springs, Va., says:
"Force the fighting. Penetrate far into
the interior and capture or destroy
every warring Filipino."

That is the path of a long cipher cable-
gram President McKinley sent to Gen-
eral Otis in Manila. It was prompted
by several dispatches from General
Otis, transmitted by Secretary Alger,
which greatly encouraged the president.

NO FRICTION

Authoritative Statement From
London Regarding Canadian
Negotiations.

Negotiations Have Never Been
Broken Off Nor Even En-
dangered.

If Matters Proceed as Smoothly
as at Present Pauncefote's
Return

Will See the Conclusion of a
Treaty Embracing All Ques-
tions in Dispute.

LONDON, May 13.—With reference to
the progress of negotiations by, and the
status of, the Washington joint com-
mission, the correspondent here of the
Associated Press has obtained from the
highest quarters the following authori-
tative statement:

"Negotiations have never been broken
off nor endangered at any time since
the adjournment of the commission. If
matters proceed as smoothly as they are
at present doing here, Sir Julian
Pauncefote's return to Washington will
be signified by the conclusion of a
treaty embracing every question in dis-
pute in a manner honorable and pleas-
ing to the two countries."

FAIRBANKS DENIES IT.

Canadian-American Joint Commission
Has Not Given Up.

WASHINGTON, May 13.—Senator Fair-
banks, chairman of the American end
of the joint high commission appointed
to adjust the differences between Can-
ada and the United States, says there is
no truth at all in the widely circulated
report that the commission has been
abandoned.

The commission anticipated some
such report, he says, and when it ad-
journed it made a declaration expressly
intended to refute any allegation that it
would not meet again. The work of
the commission stands exactly where it
did, he declares, and will be resumed
at that point Aug. 2 at Quebec.

It is true that the lumber and bound-
ary questions were stumbling blocks in
the way of negotiations in the spring,
but Senator Fairbanks has a good deal
of confidence in their adjustment before
the next session of the commission is
over.

MUCH POISON IN OUR FOOD.

Startling Evidence Before the Food Com-
mission.

CHICAGO, May 13.—Before the senate
pure food commission four prominent
witnesses testified as to the effect on the
human stomach of the use of anti-sep-
tics and "embalming fluids" and pre-
servatives in foods and drink. In gen-
eral they were agreed that the sub-
stances used were deleterious and that
in many cases they were poisonous.
Either prohibit their use, they declared,
or compel the manufacturer and user to
brand them plainly and explicitly, so
that the consumer may know exactly
what is being eaten. These witnesses
were Henry G. Piffard, a New York
physician; Abbott C. Prescott, dean of
the school of pharmacy of the Univer-
sity of Michigan and professor of hy-
gienic chemistry; Victor C. Vaughn, dean
of the medical faculty of Ann Arbor
and professor of hygiene, and H. C.
Adams, dairy and food commissioner in
Wisconsin.

Commissioners Make a Statement.

Dr. Piffard made specific references
to foods and drugs which were being
generally adulterated, sometimes with
dangerous results to the consumer. The
commissioners made this statement at
the close of the day:

"The things which seem to stick out
above the details of the investigation
are the facts that antiseptics are used
indiscriminately and to defraud and
deceive, that they are in most cases
deleterious and in some positively dan-
gerous. Second, that in the absence of
explicit labels dishonest manufacturers
are enabled to put spurious goods on the
market. These things will be looked
after in the proposed legislation."

The commission has purchased in
Chicago many samples of butter, pep-
per, coffee, jellies and canned goods for
analytical examinations in Washington.

Governor Scofield Recovered.

MADISON, Wis., May 13.—Paul Dar-
ling Scofield, second son of Governor
Edward Scofield, died at the executive
mansion at 10:40 p. m. of consumption.
He was 25 years old and unmarried.

PROTESTS OF NO AVAIL.

Bishop Potter Gives Notice of the Con-
firmation of Dr. Briggs.

NEW YORK, May 13.—Bishop Potter,
disregarding various protests, has given
out the following formal notice concern-
ing the confirmation of Dr. Briggs:
"The Rev. Dr. Briggs and the Rev.
Charles H. Snedeker, will be ordained

PROFESSOR BRIGGS.

on the day officially appointed by the
bishop of New York, May 14, at the pro-
cathedral, Staunton street, New York,
at 10:45 a. m. The Rev. Dr. Cornelius
B. Smith will present Dr. Briggs, and
the Rev. George Francis Nelson will
present Mr. Snedeker."

Bishop Potter chose the pro-cathedral
as the place for the ordination because
Dr. Briggs had asked to be assigned to
work there, and will work there in
future.

Good Blood!

Your heart beats over one hun-
dred thousand times each day.
One hundred thousand supplies of
good or bad blood to your brain.
Which is it?
If bad, impure blood, then your
brain aches. You are troubled
with drowsiness yet cannot sleep.
You are as tired in the morning
as at night. You have no nerve
power. Your food does you but
little good.
Stimulants, tonics, headache
powders, cannot cure you; but

will. It makes the liver, kidneys,
skin and bowels perform their
proper work. It removes all im-
purities from the blood. And it
makes the blood rich in its life-
giving properties.

To Hasten Recovery.

You will be more rapidly cured
if you will take a laxative dose of
Ayer's pills each night. They
arouse the sluggish liver and thus
cure biliousness.
