Up to seven or eight years ago we bought our Coffees and Teas from different houses. In 1893 at the World's Fair, Chicago, Chase & Sanborn was awarded medals over all competition which placed them at the head of all coffee and tea dealers. We were fortunate enough to get the agency for these goods and ever since somebody else has been selling something just as good. But when you see coffees quoted at 25c and 35c go to **McKINNON'S** and buy their

**"FANCY RIO" at 20c per pound or their "OUR BLEND" at 30c per pound**  
and save 5c per pound, beside you get a better cup of coffee for this reason; that we place quality above prices and not below them.

Thos. Lamb, one of Lake county's oldest and most successful farmers, will dispose of his live stock and farm implements—a very large list of both—at public auction on his place on section 4 Lakeview township, four miles south of Madison, on Wednesday, February 20. Sale begins at 9 a. m. with Wm. Lee as auctioneer. A free lunch will be served at noon.

D. Wing and Geo. Herrick, 7½ miles north of Madison, will jointly sell at the premises of the former on section 32 108.52, a large quantity of farm stock and implements, on Monday, February 18, and A. H. Warner, six miles west of Ramona, will do likewise at his place, Wednesday, February 27. These public sales begin at 10 a. m. Wm. Lee, auctioneer, in both cases.

The State Camp of the Modern Woodmen of America meets at Huron Wednesday next. Reduced railroad and hotel rates have been provided. W. E. Daniels is delegate from the Madison Camp and leaves for Huron to-morrow evening. The chief duty of the State Camp is to elect eight delegates to represent the state in the National Head Camp which meets in Minneapolis next June.

The assurance with which outsiders speak of base ball organizations is amazing. For instance a Dell Rapids paper of the 8th says: Flandreau, Madison and Sioux Falls will have semi-professional base ball teams during the coming year. Doc. Hillebrand has been secured as manager of the Flandreau club and has already signed Blewett, pitcher, and Moran, shortstop. Both these players were with Sioux Falls last season and were the two best players belonging to that aggregation. Bobby Warner, who managed the Sioux Falls team last year, will be manager of the Madison club this year and as Bobby is an excellent judge of base ball timber we may look for a much faster lot of ball tossers wearing Madison uniforms during the coming year than last.

The Ramona Times of the 9th inst., reports that Wm. Giossi's barn, one of the best in the county, has been completed; that a young people's society has been organized in the German church of that place with 27 members; that Phillips & O'Connell have sold the Olof Larsen farm, northeast of town to Coffey & Larkin of Madison, for a consideration of \$3,100; that Platzi Derungs' building is nearly ready for the plasterers and will be used by the young men in town as a reading room; that Thos. Carmody has decided to quit the hotel business and will give possession of the Ramona house about the 24th inst., and

Matt Rensch will move in and again look after the wants of the traveling public; that E. A. Wilkinson, representing a Minneapolis firm, has placed a 100 gallon chemical engine in town and it is believed Ramona can now make a pretty good fight if fire should break out.

Paris, Feb. 11.—Emperor Nicholas has conferred upon M. Waldeck-Rousseau, the premier, the Order of St. Stanislaus Newski, the Grand Cross of St. Stanislaus upon M. Mongot, under secretary of posts. This is construed to be a reply to the Nationalist accusation that the czar is on cool terms with the French government.

**TOOTH BRUSH ECONOMY.**

We have tooth brushes [for ten cents that are sold for double the price] in some places. Extra good ones for fifteen cents. Splendid values for the money. But we do not urge the sale of any of these, because real, downright economy comes in buying something a little better. We would advise you to pick a brush costing 25 cents or more for two reasons:

**FIRST**, your teeth are worthy of the best brush made. The better the brush, the more perfect the work.

**SECOND**, the higher grade brushes are guaranteed to give long and perfect service.
