AGUINALDO'S IDEAS.

Government for Philippines Should Conform to Constitution.

Manila, May 18.—General Mascardo, with 328 men, has surrendered to Captain Joseph P. O'Neill of the Twenty-fifth infantry at San Antonio, Zamboanga province.

Aguinaldo, in an interview with the correspondent of the Associated Press, expressed the opinion that the American government of the Philippines, in order to be unquestionably satisfactory, should conform strictly to the constitution. Asked whether he considered the Filipinos capable of exercising all the privileges guaranteed by a literal interpretation and application of the constitution, he declined to express an opinion. Concerning the political and commercial future of the archipelago Aguinaldo was reserved. He said it was hardly time to discuss it while in what he considered to be captivity. The military officials say he is kept guarded principally for his own protection. Aguinaldo says he knows of no enemies, needs no protection and is willing to go out unattended if permitted to do so. He is pleased with the municipal law conferring full local self government.

Concerning the provincial law, by which the governor only is an elective office, Aguinaldo is uncommunicative.

It is not expected that Aguinaldo will continue to be prominent in Philippine affairs, although his friends

concede his ability for leadership. Infantry will proceed to the island of Samar. Squadrons of the Ninth and Seventh cavalry will also be sent to Samar. Nine new American judges called on General MacArthur during the day. The general said their duties were of greater importance than those of any other officer. He recommended the establishment of laws and a judge judiciary head of the coming commercial activity.

YOUNG KING PARTICIPATES.

Alfonso a Prominent Figure in Spanish Maneuvers.

Madrid, May 18.—King Alfonso, for the first time, took a prominent part in the grand maneuvers of Madrid garrison. He appeared on horseback, surrounded by General Weyler, the minister of war; General Molle, the captain general of Madrid, all the marshals resident at the capital and a numerous and brilliant suite. The young ruler is in excellent health. He remained in the saddle for five hours and took the keenest interest in the operations. Queen Regent Christina and others of the royal family were present in open carriages. All the elite of society and thousands of other inhabitants of Madrid attended the camp to witness the brilliant military display. Both the troops and spectators gave the king an enthusiastic reception. His majesty subsequently gave a luncheon to the cadets of four academies.

J. F. STARR, Proprietor.

Thos. Hall, tried for the second time on the charge of murdering Chas. Le May in Hamlin county several years ago and who had already served two years of a life sentence in the Sioux Falls penitentiary on the first conviction was this week again found guilty of the crime and re-sentenced to a life term. It has cost Hamlin county an immense sum of money to run down and convict this man but justice has been vindicated. People can live with a greater degree of security for life in Hamlin county than in many other places of this country because of these trials and convictions.

The A. O. U. W. grand lodge closed its twelfth annual session, at Huron this week by selecting Mitchell as the place of next meeting after a spirited contest for that and the election of representatives to the supreme lodge. These latter are Fred B. Smith, of Hecklar; J. F. Smith, of Yankton; V. K. Stillwell, of Alexandria. Huron's entertainment of the grand lodge was superb.

Some time ago Department Commander Lawrence of the state G. A. R. was turned down in his attempt to secure the same rate from Iowa and Minnesota points to Sioux Falls during the annual encampment as was given to South Dakota. Commander Lawrence has been persistent and he has just been given assurances that the matter will receive the attention of the Western Passenger Association.

Senator J. H. Kyle has been appointed by Senator Fairbanks as the committee-man from South Dakota to receive funds sent to the Benjamin Harrison Monument Association. It is desired that Senator Kyle make the collections within the next sixty days. The total to be raised by the association is \$200,000. Those desiring to contribute to this monument to one of the ablest of American statesmen should designate the funds to the Benjamin Harrison monument fund and send to Senator J. H. Kyle, care of the president of the Aberdeen National Bank. The association will issue a certificate to each person who contributes one dollar or more.

Iowa has what is termed the tax-fetret law passed about five years ago, under which men can be assessed for moneys and credits, even for five years back, if not previously found, and for

moneys and credits in other states. A tax-fetret from Hamlin county, Iowa, recently applied himself to looking up the records at Mitchell this state and found \$20,000 worth of credits against money lenders of his Iowa county which will be reported back and assessed up to the property owners.

Red Ears the child murderer will not be tried at this term of court at Aberdeen, because one of the witnesses is dying of small-pox and several other witnesses and Red Ears himself have been exposed to the disease.

Tompkins of the reform school is given credit for going right along this spring with very necessary improvements on the grounds and farm of the state there, notwithstanding his probable early dismissal. He has planted trees, graded grounds, platted lawns, and worked greater improvements in appearance of the place in two years than Ainsworth did in the twelve years he was there. Two years ago when Ainsworth was notified that he would have to go, he neglected everything. Neither gardens nor crops were planted and everything went to rack and ruin in a very short time. With Mr. Tompkins all is different.

Mitchell Republican: H. J. Rice, of Huron, was in the city on his way to Plankinton, and was joined here by O. S. Gifford, of Canton, who was bound for the same place. The two gentlemen were appointed a committee by the Masonic grand lodge to make a settlement with Fred Stevens, of Plankinton. At the time of the Plankinton bank failure Stevens was treasurer of the Masonic grand lodge and some of the lodge went along with other money in the bank.

Aberdeen dispatch, 16: Two tourists who somehow got possession of a bicycle adopted a novel manner of making a single machine do double duty. One would ride it for a mile and, leaving it by the side of the road, would start ahead at a lively pace on foot. His partner would come up in due time, mount the wheel, ride it a mile and then take his turn at walking. In this manner they made excellent time without any great fatigue.

The Missouri river is reported to have already begun its June rise.
