**ROYAL Baking Powder is indispensable to the preparation of the finest cake, hot-breads, rolls and muffins.**

Housekeepers are sometimes importuned to buy other powders because they are "cheap."

Housekeepers should stop and think. If such powders are lower priced, are they not inferior?

Alum is used in some baking powders and in most of the so-called phosphate powders, because it is cheap, and makes a cheaper powder. But alum is a corrosive poison which, taken in food, acts injuriously upon the stomach, liver and kidneys.

## STRIKE SPREADS

CHICAGO TEAMSTERS GOING OUT IN SYMPATHY WITH THE FREIGHT HANDLERS.

READERS LOSE CONTROL

Despite Advice of Officers of the Union a General Walkout of Truckmen Is Probable and Chicago Will Face the Most Serious Labor Trouble in Years—Compromise Offer of Railroad Officials Rejected.

Chicago, July 11.—A crisis in the freight handlers' strike was reached today when the local unions refused to accept a settlement proposed by the railroads and voted to fight the battle "to the last ditch."

Freight handlers quit work in sympathy with the truckmen, and the Chicago Federation of Labor and the teamsters' union, gave utterance to the most serious statement of the day.

McGee said: "We have not given our men authority to strike and are deploring such action. We are insisting that our members living up to the contracts we have made with our employers, but they will not listen to us and I believe 4,000 teamsters will be mixed in the struggle before night. We have our part and intend to remain loyal to our trust, but if the men strike we will all our efforts to restrain them are powerless and cannot be held responsible for their actions."

BY UNANIMOUS VOTE.

Freight Handlers Reject the Offer of Railroad Officials.

Chicago, July 11.—By unanimous vote the striking freight handlers have refused the railroads' terms and will continue the strike despite the refusal of the Chicago Federation of Labor to help them.

This action was taken by Polk local union, consisting of men employed by Rock Island, Baltimore and Ohio, St. Louis, Nickel Plate, Great Western, Monon and Chicago Terminal roads, and the Western local, comprising men in the warehouses of the Burlington, Chicago and Northwestern, St. Paul, Fort Wayne and Chicago and Alton roads. A thousand members were present at the meeting.

President Curran of the freight handlers' union advocated accepting the terms offered by the railroads and turning to work to await an opportunity to retaliate upon the teamsters' union and the Chicago Federation of Labor. His proposition was entirely rejected in the excitement that followed by a standing vote the strikers only decided to stay out but to fight to the last ditch without seeking operation or support.

Following the meetings of Polk and Western locals a delegation of thirty men visited the Burlington yards and persuaded all the teamsters delivering or receiving freight, except those of Marshall Field & Co., to drive away

with their work uncompleted. The delegation then started for the Rock Island yards. The action of the teamsters is contrary to the orders of the officials of their union.

At a meeting held later Healy local union, to which belong Erie, Grand Trunk, Wabash and Chicago and Eastern Illinois warehousemen, voted to continue the strike.

At 10:30 the Northwest local, comprising men from the St. Paul, Panhandle and Galena and Wisconsin divisions of the Northwestern, and Central local, embracing the Illinois Central, Wisconsin Central and Michigan Central, voted to continue the strike.

W. C. Brown, vice president of the Lake Shore road, upon hearing of the action of the strikers issued an ultimatum declaring that if the men were not back at work by night the non-union men who have been hired in their places would be recognized as "old employees."

President Curran, at the meeting of the Central local, declared his intention of making another attempt to secure the official aid of the Chicago Federation of Labor and of the teamsters' union.

### FOUND DYING LATER.

Chicago Freight Handler Said He Would Return to Work.

Chicago, July 11.—James Landers, a freight handler, was killed during the night, his death being the indirect result of the strike. Landers announced that he intended to return to work and a group of freight handlers to whom he made the statement began to abuse him. A short time afterward he was found in a hallway, his throat being cut. He was taken to the hospital where he died.

The police have arrested Daniel Grogan, another freight handler, whom they suspect of killing Landers.

### GIVEN A CHILLY RECEPTION.

Lord Methuen's Arrival in England Attracts No Attention.

New York, July 11.—Lord Methuen's return to England has been as quiet as Lord Kitchener's welcome will be demonstrative, cables the London correspondent of the Tribune. He remained in South Africa for a longer period than other generals of the original army corps of which so much was expected and has risen in public estimation in consequence of the spirit with which he persisted in staying and seeing the thing to a finish notwithstanding his final defeat and capture.

## MANY ARE DEAD

DISASTROUS EXPLOSION OCCURS IN A COAL MINE NEAR JOHNSTOWN, PA.

LARGEST IN THE REGION

Fearful at Least One Hundred and

Seventy-five of Those at Work in the

Colliery at the Time of the Disaster

Have Perished—Rescuing Parties

Endeavoring to Get to the Aid of the

Entombed Men.

Johnstown, Pa., July 11.—A serious explosion occurred during the day in the rolling mill mine of the Cambria Steel company, just outside the city limits. The scene of the explosion is in the "klondike" heading of the mine and it is impossible at present to give any definite estimate of the loss of life. The mine is one of the largest in the region and was the company's principal source of fuel supply.

Nearly 200 men were at work in this section and it is feared that 175 have lost their lives. Among those known to be dead are Mine Foreman Harry Rodgers, his assistant, William Blanch, and Fire Bosses John Whitney and John Thomas, who all perished from fire in a heroic attempt to save the miners.

Of the number who were at work in the district when the explosion occurred fifty were Americans.

No entrance to the mine can be made through the main entry, and the miners are coming to the surface at the Mill Creek opening five miles from the city.

A rescuing party, headed by Mining Engineer Marshal T. Moore and Superintendent George T. Robinson, have started for the scene of the disaster. Every step of the way must be fought and the rescuers themselves are in imminent danger.

Officials now in the mine send out word that it is impossible to state the loss of life, but hope that the powerful air fans and compressors will furnish enough pure air to keep the men alive. If the passageways are reasonably clear this can be done.

The number of men entombed is estimated by the officials at 175. At 1:30 o'clock seventy-five men had escaped from the mine.

### Backed by the Oil Trust.

Cincinnati, July 11.—The Standard Oil company is said to be back of a project to combine all the Eastern candy companies. The same company is also credited with being engaged in securing a proprietorship of the most extensive sugar plants of the West. The original plan was to combine all the candy companies with the Independent Glucose company, but this proposition was rejected, owing to the fear that the Corn Products company would open a war as well as the candy trade.

### IN ACCORD WITH AMERICA.

Chinese Question the Subject of Discussion at Berlin.

Berlin, July 11.—The officials of the United States embassy here have been verbally discussing Chinese affairs this week with the foreign office representatives. The former again conveyed to the German government the desire of the state department that the Chinese shall be treated as leniently as possible, consistent with the attainment of the aims of the powers. No specific suggestions were made by the United States, but the general ideas was again impressed that the Chinese domestic difficulties are such that nothing can be attained by pressing the Peking government unduly. The foreign office expresses itself as being in full accord with the United States and intends a further withdrawal of troops from Tientsin, which already is gradually progressing, when the German officials are confident that the occupation of the city is no longer necessary as a guarantee that China will carry out all the subordinate articles of the peace treaty. Only the provisions for improving the river and channel is regarded as important. If the authorities at Peking will only make serious efforts to redeem this pledge the German troops will be withdrawn.

The question of the rate of exchange in indemnity payments is not considered by the foreign office as likely to provoke serious differences of opinion either between the United States and the powers or China and the United States.

### LAMONT IS EMPHATIC.

Would Not Accept a Nomination for Governor of New York.

New York, July 11.—The Hon. Daniel Scott Lamont, secretary of war in President Cleveland's last cabinet, and vice president of the Northern Pacific road, has returned from Labrador, where he has been salmon fishing for the last month with Mr. James J. Hill. Colonel Lamont said:

"I find that in my absence some kind friends have been good enough to mention my name in connection with the Democratic nomination for governor of New York state, a suggestion which unquestionably has had more prominence than its source would justify. I wish to say that under no circumstances would I permit the use of my name as a candidate for the nomination for that office."

### After an All-Night Session.

Springfield, Mo., July 10.—The Democratic state judicial convention completed its work at 7 a. m. after being in continuous session since 9 o'clock the previous night by selecting the following justices of the supreme court: Gavon D. Burgess, Chillicothe, chief justice; Leroy B. Valliant, St. Louis, and James D. Fox, Fredericktown. Judges Burgess and Valliant are members of the present court.

## MISS MAY MARKELL,

A Society Belle of London, Canada.

MISS MAY MARKELL

of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual

flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.
