### DEEM WAR INEVITABLE

PEOPLE OF CONSTANTINOPLE RE-  
GARD CLASH WITH BUL-  
GARIA UNAVOIDABLE.

TURKS STAMP OUT INSURRECTION

REGULARS AND BASHI-BAZOUKS  
RUTHLESSLY REPRESS UP-  
RISING IN MONASTIR.

Constantinople, Sept. 8.—War between Turkey and Bulgaria is now regarded here as inevitable. It is even believed that the outbreak of hostilities will occur before the end of September, when the reinforcements from Asia will have been concentrated in Macedonia and in the vilayet of Adrianople. It is not thought there will be any formal declaration of war, in view of Bulgaria's vassal status, but that some frontier incident will precipitate hostilities.

The Bulgarians and Macedonians residing in Constantinople are in terror of massacre. A large number of them were arrested a few days ago as a "preventative measure" and they have not yet been released. The fear of a massacre is probably exaggerated, although, in view of the present excited state of Mussulman feeling, an insignificant incident might perhaps lead to a massacre.

The terrible accounts received regarding the conduct of the Turkish troops have not surprised European circles here, but many who have hitherto been optimistic in their views now accept the prevailing belief that Turkey is on the eve of a catastrophe.

A consular dispatch from Salonica says that according to authentic information the insurrection in the district of Monastir has been practically stamped out. Bashi-bazouks assisted the regular troops in the work of repression which is said to have been carried out with sanguinary ruthlessness, the object of the Turks being, apparently, to exterminate not only the Bulgarian inhabitants, but all the Christians of whatever nationality.

TO TAKE COERCIVE ACTION.  
Powers Want Bulgaria to Sever Relations With Insurgents.

Berlin, Sept. 8.—Russia and Austria have proposed that the powers take coercive diplomatic action at

Sofia, with the aim of severing the relations now existing between Bulgaria and the Macedonian insurgents. Germany has assented, but several of the powers have objected, and the Russian and Austrian proposal has probably fallen through.

The Russian and Austrian representations regarding the necessary action against Bulgaria reveal the attitude of these powers towards Turkey and the whole Balkan question. They affirm that Bulgaria has been acting in bad faith in giving secret countenance to the insurgents and giving them hope of ultimate success, thus rendering Turkey's task of pacification more difficult and delaying longer the execution of the programme of reform accepted by Turkey.

The language of the joint proposal assumes that a settlement of the Balkan troubles is attainable if Bulgaria is forced to cut off all connection between the two sides of the frontier.

#### VILLAGES DESTROYED.

Turks Laying Waste the District of Kastoria.

Sofia, Bulgaria, Sept. 8.—The revolutionary headquarters received information that the Turks have burned or otherwise destroyed nearly all the villages in the district of Kastoria, near the Greek frontier. The villages in this district were the largest in Macedonia, each having from 1,000 to 3,000 inhabitants. Among the largest burned were Zagoritshani, Dumbeni, Konomladi, Monkront and Koshinetz. Altogether about twenty-five villages in that part of Macedonia have been destroyed. It is added that 300 women and children, fugitives from Zagoritshani, went to the Turkish commander of the district to seek assistance and protection from the Bashi-bazouks. The commander promised them protection, but when the fugitives left, the Bashi-bazouks pursued, outraged and killed many of the women and children.

The Turks have concentrated 18,000 soldiers in the Kastoria district, who are openly burning villages.

#### APPREHENSIVE OF WAR.

Porte Takes Measures to Get Troops in Readiness.

Salonica, European Turkey, Sept. 8.—The latest orders received from the Turkish government are regarded here as a sure indication that the porte entertains serious apprehensions of war. Sixteen battalions of Mustahfuz, or second reserves, have been called to arms in the Salonica, Usak and Monastir districts and the artillery and cavalry reserves of the Adrianople and Smyrna divisions have also been mobilized.

The commander of the Third army corps has been ordered to strictly watch the Servian frontier, where, it is thought, revolutionary bands will probably cross.

"I shall never undertake any work of magnitude in a new field. My interests are limited by the lines I have already drawn for the development of the great Northwest. They will never be extended."
