## AN OPEN LETTER

TO YOUR FAMILY:

Experience is the best teacher, is it not? If some of your friends and neighbors were to tell you they had saved from \$100 to \$500 in a year or two by depositing small sums regularly in the First National Bank, that would be conclusive evidence that it can be done easily, wouldn't it?

Yet this is exactly what many people all about you are doing.

Their experience has developed a profit paying habit.—The Saving Habit. Yet they live well, and have all the comforts of life that you enjoy, with a certain feeling of security and satisfaction which only those with money in the bank can experience.

To start your Savings Account here is a simple matter. One Dollar for the first deposit, then other amounts as often as your good judgment dictates.

Will you accept our invitation to start your Savings Account now?

For Rent. Seven room house, good well and cistern, barn, and two acres of land East Eighth street.—Geo. Kehrwald, farm line phone 1 C.

Nothing better than a good piano, as a present for the young people. The Schuman, Haddorf, or Clarendon piano, are all good instruments, rich in tone.—Osborn's drug store.

Furs wanted by W. T. Stearns & Son, at the following prices: Skunk, \$1 to \$2.25; mink, \$3 to \$7; fall rats, \$1 to \$3. Other furs bought in season at the highest manufacturers' prices. Honest grading, and cash in your hand.

Contractor Jas. Robertson was out today for the first time since Saturday, having sprained his back while at work on the Dakota State bank building. Work on the building is progressing and the structure begins to show the fine improvement it will be to the corner of Egan avenue and Fifth street.

The annual meeting of Madison chapter, O. E. S., was held last evening and the following officers were elected for the ensuing year: Mrs. Mary Rippe, W. M.; C. E. Kennedy, W. P.; Mrs. Nina Frudensfeld, A. M.; Miss Edith Kingsley, conductress; Miss Goldie Schmidt, A. C.; Miss Lora Gere, secretary; Mrs. Julia Ball, treasurer. Appointive officers will be named at a future date. The order has enjoyed a healthy growth during the past year or two and the membership of each meeting is large, indicating the good executive management of the officers in charge.

Carthage dispatch: H. L. Lucas met with a terrible accident this morning while feeding a corn shredder at work on the farm of B. F. Butron. The machine became clogged with an ear of corn, and while trying to extricate it, both his hands were caught and arms drawn into the machine; the left arm was torn off, the bone being pulled from the socket, and the other arm and hand were so badly mangled it was at first feared amputation would be necessary, but, at last accounts, it was said the physician is in hopes to be able to save it. Lucas is a blacksmith by trade, his shop burning about two months ago which accounted for his employment at the machine.

Aberdeen dispatch: At a meeting of the members of the Aberdeen Commercial club, the plan of establishing a fund of \$50,000 for all purposes relating to the advancement and advertisement of Aberdeen, was favorably discussed, but no definite action was taken, though the plan will undoubtedly go through. Under the new arrangement, instead of asking subscriptions from business men whenever a new enterprise is to be secured, or other advantage gained for the city, the club will have a lump sum of \$50,000 a year to draw upon, and can apportion this fund among the various committees, in addition to paying an industrial secretary to devote his entire time to the interest of the organization and of the city.

Prof. W. W. Girton, business secretary of the State Normal school, was down town today settling up the business affairs of the school preparatory to his retirement from that institution. This has been made necessary on account of failing eyesight which has progressed to the extent that he is no longer able to transact his business other than sign his name, and remarked that he was unable to recognize passerby at a greater distance than ten or fifteen feet. It is Prof. Girton's purpose to close up his business and retire from the school the 19th of December, the end of the school year. As to his future plans he is undecided. He offers his residence in north Washington avenue for sale, and if he can arrange his private business satisfactorily he will spend the winter in Florida or southern California. He thinks it probable that he will not relinquish his residence in Madison, but if he disposes of his present residence he will build a smaller home suitable for the needs of himself and wife.

## STATE TEACHERS

Meeting to Be Held at Mitchell Next Week

Mitchell, Nov. 20.—That many cities throughout the state are taking considerable interest in the coming meeting of the state educational association is evidenced by the fact that Sioux Falls, Huron and Pierre, as well as many of the smaller places, are going to dismiss school the entire week of the affair and will come to the meeting in a body. It is announced that the former will send nearly 100 teachers from the city schools alone and that these intend to come in a body and in

# HANDSOME TABLE SILVER

LAUREL PATTERN  
in 1835  
R. WALLACE  
Silver Plate that  
resists wear

The popularity of a pattern depends not upon its being good, but better. If you desire simple art—a service not overburdened with decorations—the plain, simple Laurel crowning the new Laurel pattern will charm you either for personal use or gift.

is the delight of the hospitable housekeeper when she sees it decorating her table or ornamenting her buffet and lending a tone of superiority to her dining room. Our stock of silver in both Sterling and Plate is artistic, produced by the most talented designers, with every piece a gem of the silversmith's art. Come to us for the kind of silverware that resists wear, the kind that after a lifetime of ordinary wear will be worthy of being mentioned in your will and handed down to your posterity. : : :

## ATHENA UNDERWEAR

FOR WOMEN, MISSES AND CHILDREN

Athena has set a new standard in women's underwear.

It is proving to particular womankind that the uncomfortable features of ordinary knit underwear—the lack of fit, the imperfect conformation to the body lines—are no longer necessary (see illustrations below).

Athena is truly tailored and fashioned to fit

The shaping—the tailoring—is not confined to any one part. It reaches everywhere.

The Athena patent fitted seat is the most remarkable advancement ever made in underwear designing.

Athena is sold in all fabrics at no higher prices than you pay for ordinary knit underwear. In all the new shapes demanded by fashion's requirements.

See advertisements in The Saturday Evening Post and The Ladies' Home Journal

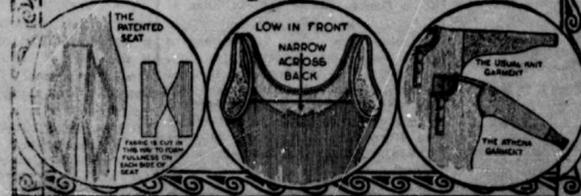

Sold Exclusively by

**D. McKinnon & Company**

The Athena patent fitted seat fits the figure snugly in any posture. No gaping.

Athena low-neck sleeveless garment will not slip off the shoulders.

Athena is shaped to the body's actual proportions.

a special train

"There is no doubt but that we will reach the one thousand mark in point of attendance," said Prof. Lindsay, corresponding secretary of the association. "Outside of the cities quite a number of the smaller places have signified that their teaching force will come in a body, among which are Parker, Lake Preston and Alpen. Indications also are that attendance from

the towns and cities west of the river will also be large. Many letters have come in from those places, asking for reservations."

The program will open Monday of Thanksgiving week and will close Wednesday night.

Many features are announced on the program which will be worth the \$1 asked alone. Among these is Woodridge N. Forzie, president of the Forzie

Institute of Big Rapids, Mich., who since he was engaged to appear here has been elected governor of Michigan. Henry E. Legler also is coming. He is president of the American Library association and is also city librarian of Chicago. He will be here to address a meeting of the state library association and will address the teachers' association in its general association meetings.
