Morris Mann, son of Rev. and Mrs. L. L. Mann, 406 Lee avenue N., departed today by way of Sioux City and Chicago for Washington, D. C. He was asked to make this trip because of his interest in radio work. Mr. Mann has been performing a public duty here faithfully serving our people in the capacity of parcel post delivery man. His attention to his work, his promptitude and courtesy were noticed by all. It is possible that he may be given a responsible position in the east in connection with radio work. TOWNSHIP FARM BUREAU MEETINGS

The regular monthly farm bureau meeting of Lakeview township was held in the Schnell school last evening with about 40 people present. Community singing was enjoyed for 30 minutes after which Miss Schnell gave an interesting talk on the value of the right kind of books and papers for reading by the children.

Mrs. J. W. Ritz gave a fine talk on the second period of the child's life and the importance of proper direction of certain traits, and characteristics in their early development. Particular stress was laid on the importance of example as the child is simply an imitator and follows the examples set by others that appeals most to it.

The county agent than took up the matter of correctly pruning a tree and the treatment of seed potatoes for disease. After an interesting discussion a fine lunch was served by the ladies.

Miss Mary A. Dolve, extension food specialist is here today. She will meet the Lakeview Ladies' club at the home of Mrs. J. W. Ritz this morning and the Herman Ladies' club this afternoon at the home of Mrs. Thos. Walsh.

The Farm Bureau succeeded in selling another carload of Early Ohio potatoes yesterday. This car goes to Thos. Strachan, of Westington Springs, and will be loaded by Kirstein Bros. and their father at Junius.—Lake County Farm Bureau.

MADISON GERMAN BAPTIST CHURCH

GENERAL MISSIONARY COMMITTEE IS TO MEET HERE

The members of the German Baptist church and their friends have a rare treat in store for them during the next few days. The general missionary committee composed of twenty representative men from the German Baptist churches will hold their annual session with the Madison church. Only once before in the history of the denomination has this body met out west. The members of this committee are elected by the nine district conferences to present their needs and to discuss the problems of the work at large, both in this country as well as abroad and in the foreign fields. There are four laymen on this committee as well as a representative from Russia who comes direct from there. These men will be entertained by the members, and dinner and supper served them in the church dining room by the Ladies' Missionary Society.

Friday evening at 7:45 the general secretary, the Rev. Wm. Kuhn, of Chicago, will give an illustrated lecture on Our Mission. This lecture will be in German and many of the slides shown were taken by Mr. Kuhn while on an investigating tour last year.

Sunday will be a big day. One of the visiting men will preach in the morning, three of the men will make short talks in the interest of the Sunday school. The representative, H. Theo. Sorg, for the young people's work will lead the young people's prayer meeting at 7:30 and the Rev. Frank Kaiser, Rochester, N. Y., editor of the young people's publication, The Yokefellow, will preach at the English service in the evening.

A fee of 10 cents will be charged to children who attend the afternoon matinee and 25 cents will be charged parents. Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. Circulars free. All Druggists. F. J.
