

# SAL-MEDICO

## The Guaranteed Worm Destroyer

### SAL-MEDICO

**Is a Scientifically Prepared Medicated Salt**

It contains medical properties which immediately KILL and EXPEL stomach and intestinal worms and parasites, at the same time restoring the digestive organs to a normal, healthy condition.

It prevents infection by worms and other parasites.

If your sheep or hogs are sickly, act dull and listless, they no doubt are affected with stomach and intestinal worms.

By its frequent use they can be kept entirely free from worms and disease.

Give this preparation to your cattle just as you would ordinary salt. They are very fond of it.

### POOR RUN DOWN STOCK

It is also very fattening, and if you have an animal that is run down and in bad condition give SAL-MEDICO a trial, and you will be convinced of its medical qualities.
