I Will Begin on Tuesday, May 20, 1919 a Closing Out Sale

COST or LESS THAN COST. Nothing reserved---everything goes. My stock is large and complete and consists of the best of **up-to-date HARDWARE, SILVERWARE, TINWARE, PAINTS, OILS, ETC.,** but I will begin to whittle it indiscriminately. I will not restock any of the different departments so come while I have the goods in stock---to-day I have the goods---tomorrow may be too late! I expect to close out the entire stock in the next 60 DAYS, and will then leave the city. Seldom do the people of any community get the opportunity to buy first-class Hardware at the prices I propose to make and I shall expect to draw buyers from a distance of 25 miles or more. You can afford to lay in a years supply of Hardware. Farmers should buy nails by the keg, assort up Bolts, Screws, Hinges and other goods that are in daily demand, lay in their supply of lubricating oil and paint those rusty buildings. Ladies will find my shelves teeming with ware of the latest and best, very seasonable too for daily use.

and continue the sale until the entire stock is sold. I am going out of the business and all goods will be sold at
