electricity is to be used as the motive

product then that at present. To put an end to the making of all intoxicants it would be nessary to do away with all of the vegetable kingdom must be done away with and famine ensue, The action of the Methodist conference not only shows the need of education

tist is now serving time in a Chicago juli alongside with thieves, and other criminals, just because he worked on Sunday. None of the Christian people of that great city interposed in his behalf. What is supposed to have taken Rev. W. E. Copeland, pastor of the place in Washington would not interfere with nature. We believe God had nothing to do with the sending of lice et: "Did God Send Lice into the into Washington hop yards. With a little due pre-aution and the use of As a scripture lesson the speaker chemical preparations, lice can be killed without the intervertion of God. We need a new God-one to whom we can pray in wisdom; also need a new form of prayer. It would be well for Christian people to use the simple prayer given them by God. If God bates the beer crop so much why do houses and breweries and destroy the port concerning the failure of the crop itself. There would be no punishop crop throughout Washington, was ment meted out to them. Religious tiberality has made but ;little progress. Better have no God than one who sends a pest to destroy a few hop yards in one state. Better have no religion as to rejoice over the failure of a neighoor's crop. Better have no God if his sed in abundance and converted into only desire is the destruction of beer making. We need such a Diety as Jesus portrayed to his disciples. One to worship in spirit and lu truth. Let hy should the Lord give the hop us endeavor to form such a conception wers in New York and England, of God that we may be better for it, d weather while the hop growers in The solo and chorous by Prof. Z.
