BRYAN IN NEBRASKA.

Fair Weather Predicted for the Final Battle.

RETURNS WILL COME SLOW.

Both Parties Confident of Victory in the Grand Struggle.

Bryan's Last Day of Campaigning.
YORK, Neb., Nov. 2.—At 7 o'clock this morning Bryan was proceeding westward from Lincoln in his last day's work in this campaign. The first stop was made at Seward, a Republican town and fully one-half of the crowd wore badges. The appearance of golden colors in his own state seemed to put the candidate on his mettle and while he talked only about 10 minutes, he delivered a very pointed address. Notwithstanding the large number of Republicans present Mr. Bryan was liberally applauded. It was noticeable that some of the shouters wore yellow badges.

Tomorrow's Weather.
WASHINGTON, Nov. 2.—The weather bureau today, issued a special election day bulletin, which says fair and pleasant weather with about normal temperature will probably prevail in all the states except North and South Dakota where there will be snow. In eastern Nebraska, Minnesota, Wisconsin and upper Michigan the indications are for rain or snow. In Indiana, Illinois, Missouri and Iowa the conditions are uncertain but favor fair weather.

Be Prepared for Slow Returns.
CHICAGO, Nov. 2.—The public must be prepared for later service of tomorrow's election than usual, owing to the fact that the interest will center chiefly in the states west of Alleghenies, particularly the states west of the Mississippi. As a rule the polls will close late and telegraphic facilities are limited.

In Tennessee.
NASHVILLE, Nov. 2.—The campaign closed yesterday, though there will be a few speeches today. Both Democratic and Republican committees claim the state. Democratic Committeeman Coleman says Bryan will carry the state by 25,000 to 30,000; Taylor, for governor, by 17,000 to 20,000, and that Democrats will elect congressmen in the third, fourth, fifth, sixth, seventh, eighth, ninth, and tenth districts and the legislature.

The Republican committee claim McKinley will carry the state by 15,000; Tillman for governor by 20,000; four congressmen certain, to wit: First, second, third and eighth, and two doubtful, seventh and fourth. The committee also claims the national Democratic-Republican fusion candidates for congress in the sixth district will be elected, and it is claimed the legislature will be Republican.

Blackburn is Enthusiastic.
CINCINNATI, Nov. 2.—Senator Blackburn, who has been replying to Secretary Carlisle throughout Kentucky, spoke last at Covington, the home of Secretary Carlisle. Senator Blackburn said:

"My estimate, which I consider conservative, gives Kentucky to Bryan by from 18,000 to 30,000. I would not compromise on 10,000. Colonel Whalen and others assure me that Louisville will give Bryan a majority. The Republicans claim that district by 5000 and upward. They will not carry it by more than 3,000 at the best."

Going Home to Vote.
WASHINGTON, Nov. 2.—Assistant Postmasters-General Jones, Maxwell

and Craig have gone to their homes in Illinois, New York and North Carolina, respectively, to vote. Commissioner of Patents Seymour left tonight for Connecticut to vote for Bryan and Sewall.

Election Betting.
NEW YORK, Nov. 2.—Betting on the election result, was without feature on the stock exchange during the forenoon, the only transaction noted being the even wagers of \$2,000 that McKinley will not have 200,000 plurality in New York state. A dozen small bets were made at the Fifth Avenue hotel, one being \$300 to \$100, that McKinley's majority in this state will be 35,000, another of \$100 even, that McKinley will receive 265 electoral votes.

Both Parties Claim It.
SAN FRANCISCO, Nov. 2.—The close of the campaign in California finds the Democrats confident of carrying the state and Republicans also claiming California but not so positively as the Democrat. Frank McLaughlin, chairman of the Republican state central committee, claims ten thousand majority for McKinley while Chairman Alford for the Democrats claims thirty thousand majority for Bryan. Many Republicans concede the state to Bryan by a small majority.

Sixty Thousand Apart.
NEW YORK, Nov. 2.—Chairman of the Democratic and Republican campaign committees in New York are 60,000 apart in their estimates today of result of election tomorrow in this city. Chairman Vanocot predicts the publican plurality 25,000. Chairman Sheehan thinks the Democratic plurality will be at least 35,000.

No Delegation to McKinley
CANTON, Nov. 2.—No organized delegations have reached Canton thus far today, but callers, as individuals, have been going to and coming from the McKinley all day.

Campaign Lies.
PORTLAND, Or., Nov. 2.—The "proclamation" issued to organized labor by the Republican National and State central committees, denying that organized labor is for the free and unlimited coinage of silver, is a campaign forgery. The proclamations signed by J. R. Sovereign and Eugene V. Debs are the only ones that are genuine. They urge organized labor to go to the polls and vote for free coinage. Workingmen must beware of all matter addressed to them which contradicts the resolutions passed by the great labor federations of the United States. The gold standard press is now abounding in campaign lies.

The Ideal Panacea.
James L. Francis, alderman, Chicago, says: "I regard Dr. King's New Discovery as an ideal Panacea for coughs, colds and lung complaints, having used it in my family for the last five years, to the exclusion of any physician's prescriptions or other preparations."
Rev. John Burgess, Keokuk, Iowa, writes: "I have been a minister of the Methodist Episcopal church for 50 years or more and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at Fred A. Legg's drug store.

DON'T SELL WHEAT.

English Farmers Advised to Hold the Crop.

NEBRASKA TRAIN WRECK.

Other Late Telegraphic News of Importance.

London Market.
LONDON, Nov. 2.—Wheat at the Baltic closed firm today at 3d to 6d advance. California wheat, October and November shipment, sold at 3s. Walla Walla wheat, November and December, 33s.
The Mark Lane Express today counsels farmers to hold their grain, saying: The price in England may react to 28s, but it should rise again in December. The new wheat crop of Argentine is now offered for spring shipment. It is now below 30s. This gives a glimpse of the future as Argentine wheat should always be cheaper than English. Telegrams from India, Saturday, gave the rainfall for October as very small at all the chief stations. Wheat accordingly has risen 3's a quarter at Calcutta, and there is considerable distress among the poor.

Train Collision.
OMAHA, Nov. 2.—A special to the Bee from Malcolm, Neb., says the special train bearing John P. Irish, the Democratic orator, following the Bryan train in the interest of the gold standard ticket collided with a freight train east of Malcolm, smashing the engine of the Irish train and completely demolishing the caboose of the freight train. John M. Tippling, of Lincoln, a commercial traveler, was killed.

Heavy Snow in Dakota.
MINNEAPOLIS, Nov. 2.—A special from Huron, South Dakota to the Journal says, five inches of snow fell here last night, making a foot now on the ground. The storm north and west of here is reported severe. The farmers were wholly unprepared for winter.

Sheriff Killed.
DEMING, N. M., Nov. 2.—While in pursuit of border bandits who have been committing murders and robberies in the southwest and in the Skeleton canyon near the Arizona line. Deputy Sheriff Frank M. Galloway, of Silver City, was shot and killed by a member of his own party, who mistook him for a robber, and having called to him and received no answer. The posse was close on the robber, but had camped for the night, and Galloway was on watch. The robbers have made their escape.

Widow Robbed.
ST. JOSEPH, Mo., Nov. 2.—Mrs. Elizabeth Ditto, a wealthy widow, who does not place much trust in banks and keeps her valuables at home, was robbed last night by three men, who stole into her house, choked her into insensibility and then ransacked the place. They secured \$2,000 in currency and other valuables.

An Arc of Fifteen Degrees.
SAN FRANCISCO, Nov. 2.—A meteor, leaving a broad, scintillating track, traversed 15 deg. of the northwestern heavens about 10 minutes past noon today. It was seen at a point about 30 deg. above the horizon, and in the half second of its flight shone as an electric light.

Will Not Go Duck Shooting.
WASHINGTON, Nov. 2.—President Cleveland, it is stated, has no intention of going duck shooting on election day. He will probably receive returns at the White House.

A DASTARDLY SCHEME.

Hundreds of Voters to be Run into Oregon City.

Special to THE JOURNAL.
OREGON CITY, Nov. 2.—The Bryan campaign managers here are alarmed about the proposition of the Portland politicians to vote several hundred here. It is asserted that the men will not get to vote unless they are voted here. Oregon City voters will not allow these Portland voters to cast their ballots here, as it is a clear case of colonizing to carry Clackamas county.

NEAR CUBA'S CAPITAL

The City Is Preparing for a Siege.

BLOW SOON TO BE MADE.

The Army in Good Condition and Fighting Trim.

NEW YORK, Nov. 3.—A dispatch to the Herald from Key West, Fla., says: A prominent Cuban resident of this city said to your correspondent that, without assuming the role of a prophet, the Herald could positively announce that the city of Havana would be besieged by Maximo Gomez within the next 60 days. To that end he said Gomez and all the rebel forces were now marching westward toward the capital. This Cuban is in direct communication with the insurgent leaders in the field, and is the local medium through whom all insurgent correspondence for the New York Junta passes. He also stated that there was no confirmation of a rumor circulated by Cuban passengers who arrived here last night, that towns in the outskirts of Havana had been already besieged by the insurgents.

While the Havana papers, many of which were received by steamer, last night, continue to maintain silence in regard to Maceo's movements since his brilliant attack on the Artemisa, it is still insisted by active partisans here in direct communication with the leaders in Cuba, that he unquestionably crossed the military trocha at that point during the bombardment of the town, and with a small following has since marched through the entire province of Havana, and is now at Colon, a central point in Matanzas province.

It is also alleged that his mission there is to concentrate and assume command of the forces of Ricardo Trujillo, Rojas and other minor rebel leaders, who have been operating in that vicinity, with between 4,000 and 5,000 well armed men. Notwithstanding the persistence of this report, other Cubans here, apparently equally informed, express doubt that Maceo has left the province of Pinar del Rio, which movement, they say, would imply defeat by the superior forces sent against him by Weyler. The explanation, however, is offered that no abandonment of territory has been made, as General Ruiz Rivera, a veteran of the last war, has been left in command in Pinar del Rio, while Maceo has gone eastward, in obedience to orders from his superiors, to operate with Maximo Gomez in the latter's new campaign of invasion.

Gomez has not been heard from since his attack on the town of Cascarro.

The ominous silence of Gomez is said to preage the planning of a series of important attacks on the principal cities within Havana and Matanzas provinces, his apparent inactivity having been caused only by a desire to await the fulfillment of necessary preparations.
