O. H. Byland, principle of the public schools at Aurora, was in the city today.

Attorneys Frank and Webster Holmes went to Portland this afternoon.

Travelling Secretary J. A. Dunnett was a passenger to Albany this morning.

Misses Edna Purdy and Gertrude Riddell went to Turner this morning to remain over Sunday.

Among the Salemites going to Portland this afternoon were noticed U. S. Senator Mc Bride, Senator I. L. Patterson, E. C. Giltner, Dr. D. A. Paine, G. P. Hughes and C. M. Idleman.

Two Salem officials, who will not attend Hon. Sol Hirsch's senatorial banquet, although they may become senatorial possibilities are Governor Lord and Mayor Gatch. The former has a severe cold and the latter sent his regrets.

Katie Emmet Coming.

The Boston Herald in commenting upon Katie Emmet's appearance in that city recently in "The Waifs of New York," says: "The Waifs of New York captured the hearts of the patrons of the Howard last night. There was a large and enthusiastic audience present, and it enjoyed every moment of the time from the first rise of the curtain till it dropped on the last and perhaps the most thrilling scene of the play." Many well known scenes and places of note in Greater New York are produced, and the stage effects are entirely new and novel. Altogether, "The Waifs of New York" in its new dress should be a strong attraction, for it is together with its star, Katie Emmet known from one end of the country to the other. Miss Emmet will appear at Reed's opera house Monday night.

REMAINS INTERRED.—The remains of Mrs. Betsy Fletcher, who died in Plainville, Linn county, Friday at the advanced age of 84 years, arrived in the city this afternoon and were immediately conveyed to Rural cemetery in a funeral car where they were interred. Rev. S. C. Adams officiated at the cemetery.

Satisfaction Guaranteed.

Time honored chestnut. Everybody says it. Great deal easier to say than to do. The saying is valuable or not, according to who says it.

The easiest way to do it is to have the goods do it for you.

That's just what our cloaks are doing in hundreds of instances in Salem and the surrounding country. Perfect in style, quality, fit, price.

OUT WITH OLD NOSTRUMS.

Try Paine's Celery Compound, the Most Advanced Remedy That Science Can Give.

MRS. R. R. PRATT.

There are very intelligent men and women who still prefer open fires to steam pipes and furnaces.

But only a very shallow-minded person would deliberately choose an old-fashioned remedy in case of sickness.

Sufferers from neuralgia, rheumatism or kidney trouble want the surest and most advanced remedy science can give them. Getting well is not a matter of sentiment, but the most seriously practical matter. That is why the most thoughtful and conservative people now use Paine's celery compound, and recommend it to friends and relatives who are threatened or afflicted with nervous exhaustion, sleeplessness, disordered liver or blood diseases.

That wonderfully acute and patient investigator, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college, embodied in Paine's celery compound

the most progressive, yet thoroughly established, views on the cure of diseases of nervous origin.

All of the imitations of Paine's celery compound—every one knows how many there are—have proved to be entirely wide of the mark. Their promises of astonishing curative abilities are easily made on paper; but they are not kept.

It is easy to verify every claim made by Paine's celery compound. There is no village so small but it contains families in which this wonderful remedy has made some member well. Men who weigh their words and are careful what they write about their signatures have publicly given their great invigorator its deserved credit for health-making powers such as no other remedy ever received.

That Paine's celery compound certainly cures such diseases as neuralgia, sleeplessness and dyspepsia does not

MRS. W. R. JOHNSON.

admit of a doubt. It builds up the entire nervous system plumps out the tissues, starts the blood into healthy circulation and regulates the action of the nerves. It makes people well, strong and energetic.

Mrs. R. R. Pratt of Center Brook, Conn., whose portrait is given here, says plainly:

"I had Paine's celery compound a perfect medicine. I took several bottles for general debility, and it did for me all I could ask. It made me well. I have recommended it to my friends, and they all speak in its praise."

Paine's celery compound is the most assured and direct means of getting back a full store of vitality. It is a true nerve regulator. It exterminates all vicious humors that linger in the blood. It cures rheumatism, and is used by physicians as a specific for this disease.

Says Mrs. W. R. Johnson of Cape Rozier, Me.:

"I was attacked with rheumatism fever in its worst form. I employed the best physicians, but received no permanent relief. When I commenced to take Paine's celery compound my feet and hands were swollen so badly that they were useless. I could not walk a step, and was suffering very much. When I had taken four bottles of Paine's celery compound I could walk well, and I continued until I took six bottles. It made me perfectly well and I have been so every since. I wish the whole world might know of its great value."

Paine's celery compound makes people well!

Winter searches out the weak parts in the body; colds settle in the deranged organs and develop disease. Make every part of the body sound; build up the strength and be ready for the shock of cold weather by taking Paine's celery compound.

ENDEAVORERS.

Program Being Successfully Carried Out—Small Attendance.

The opening session of the county convention of Marion county Christian Endeavorers, was held in the First Congregational church Friday afternoon. The program as printed in Friday's JOURNAL was closely followed and the reports from the county officers were very encouraging. The very small attendance may be attributed to the inclemency of the weather, many county delegates being detained on account of the poor roads. The sessions are of extreme interest to young Christian workers and many valuable suggestions are brought out in the discussions that are largely indulged in by the delegates. The convention adjourned shortly afternoon today.
