MOTORCYCLE COP IS TRAVELING TOO FAST

Citizens Assert He Is Hurrying Through Streets at Rate of Forty Miles An Hour.

If all reports made to the Capital Journal by local citizens are true, Salem's motorcycle cop is placing himself in a position for dismissal or recall. It is alleged by several that Officer Spencer has been in the habit of scorching through certain streets at the rate of forty miles an hour and that in one instance he nearly ran down a prominent North Salem lady while "answering a call" in that neighborhood.

The public at large frown upon either auto or motorcycle speeding and it is not exactly in keeping for a motorcycle officer to wantonly violate the very laws which he has been hired to enforce. There is no officer, whether he be a motorcycle police or not, permitted to exceed the speed ordinance in this city unless in exceptionally urgent cases. Inasmuch as there have been no reports of murder, deadly combat or gun play in this vicinity for many months, it can hardly be said that there is any need for a policeman to go hurtling through the streets on a call.

During the administration of former Chief of Police Hamilton, the motorcycle was used extensively, but not one complaint was ever turned in to the effect the speed ordinance was violated by an officer. As a matter of fact, it can easily be seen that the present motorcycle officer is speeding

his machine about the city in order to secure the percentage of the fines exacted from persons he arrests, as he is paid so much on the dollar for every fine assessed a luckless auto driver, motorcyclist or even poor laboring man who happens to be caught on his way home without a light. It is suggested by some that if the city would place the motorcycle cop on a regular salary, he might be induced to keep within the law in answering calls (f) or arresting speeders.

HAS NOTHING TO DO WITH MARKET DROP

McAdoo Flatly Denies Half Billion Emergency Currency Promise Due to Conditions.

[UNITED PRESS LEASED WIRE.] Washington, June 12.—Flat denial of reports that market conditions prompted him to tell the national banks of the country that he was prepared to issue \$500,000,000 of emergency currency was voiced here today by Secretary of the Treasury McAdoo.

"For some time," said McAdoo, "inquiries have been received from banks as to whether the trade is prepared to issue such currency. I merely answered these inquiries publicly. The fact that the statement was issued at a time when the market was suffering from depression was merely a coincidence."

A sprained ankle may as a rule be cured in from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.

HOT CONTEST ON FOR SEVERAL OFFICES

Grand Army and Sons of Veterans of California and Nevada Will Elect Men Today.

[UNITED PRESS LEASED WIRE.] Reno, Nev., June 12.—Elections of officers being held by the star organizations represented at the G. A. R. encampment, Department of California and Nevada here today promise to furnish some excitement before the day is over.

An especially hot fight is on in the ranks of the Sons of Veterans in the race for the department commander, the affair really simmering down to a factional fight between San Francisco and Los Angeles. George O. Leewood is the candidate of the people of the south, while Dr. D. B. Plymmer is the choice of the north. Indications are that the struggle over this one office will occupy the whole day.

In the G. A. R. there are two candidates for office, with the odds evidently in favor of Colonel P. M. Green, of Oreville, Cal., present department inspector.

Late yesterday afternoon San Diego was selected as the 1914 encampment place.

The Women's Relief Corps last evening elected Mrs. Kate Field, of Los Angeles, president, and Polly Martin, of Reno, senior vice-president; Amelia Markaker, Sacramento, junior vice-president, and Ella French, Bakersfield, treasurer.

ORGANIZED BASEBALL ACCUSED AS TRUST

Former Manager of St. Louis Browns Brings Suit for \$25,000 Because of Banishment.

[UNITED PRESS LEASED WIRE.] St. Louis, June 12.—Charging that organized baseball is a trust in violation of the Sherman law, Jack O'Conner, former manager of the St. Louis Browns, today retained attorneys to sue the American league in the United States courts for \$25,000 damages because he has been banished from organized baseball.

O'Conner declares that baseball, as at present organized, prevents competition between the players for salaries and between the clubs for their services by a conspiracy to control the prices paid to players. He charges that the "national agreement" in baseball is illegal.

CHAIN OF LETTERS FOR PRESIDENT WILSON PLANNED

[UNITED PRESS LEASED WIRE.] Washington, June 12.—Sworn testimony that sugar cane planters had arranged an endless chain of letters directed at President Wilson was given before the senate committee investigating the "insidious lobby" charges here today by Paul Christian, secretary of the Cane Planters' Association. The witness also admitted that the reduction in the sugar tariff came without warning, and that it caught his association unprepared for a fight.

Truman Palmer, secretary of the United States Beet Sugar lobby, testified that he helped Henry H. Harns fight in 1902 against Cuban reciprocity. He said his annual salary was \$10,000. Palmer declared that he had paid out \$100,000 since 1902, and more than \$50,000 since last November.

GOVERNOR QUOTES LAW IN SNODGRASS CASE

Takes Exception to Statement of Justice That Guard Was in Contempt of Court.

Governor West yesterday took some exception to the statement of Judge Webster, published in The Capital Journal, that the non-appearance of P. H. Snodgrass, in his recent trial for assault and battery, constituted a contempt of court. The governor made the statement that when a person pleads guilty to a crime all trial procedure is put to an end, therefore there could be no contempt of court for non-appearance. The governor said that in the case of Snodgrass the presiding judge had no authority at all to call witnesses to the stand after Snodgrass entered a plea of guilty. In the opinion of the governor the judge knows very little law indeed.

THE ROUND-UP.

While riding on the front of a switch engine at Umatilla at 2 o'clock Tuesday morning, Lerin F. Anthony, a call boy, aged 19, was, in some manner, knocked off, falling under the cars. He was killed instantly. The body was shipped to The Dalles.

A crippled friend wants to know why we don't give the Portland Rose carnival a big write-up. The answer is easy, everybody except newspaper folks and invalids, is in Portland seeing it, and there are none here to read the story.

The McMinnville Elks chartered a special train to visit Portland and take part in the Elks' parade Wednesday.

During the month of May 56 ships loaded at Astoria. They carried away 38,281,438 feet of lumber, 11,000 railroad ties, 250,000 lath, 100,000 pickets and 6094 pieces of piling.

Arno P. Arbell, a grocery salesman, attempted to board a no-stop Mt. Scott car in Portland Tuesday night about 6 o'clock. He was thrown in such a manner that he fell under the car, and both legs were cut off. He was dragged for 100 feet, and almost instantly killed. He was about 30 years old.

J. R. Leshar, aged 35, a salesman for the Monarch Oil Company, was killed at Portland Monday night, when the auto in which he was riding struck a telegraph pole. Those with him were thrown from the auto and were seriously hurt.

Charles Pickett, alias J. W. Ford, an escaped convict from the Arkansas penitentiary, was given away by a fellow convict at Pendleton, and when arrested by the chief of police Tuesday he broke away and slashed at the man who headed him off with a knife, but the latter dodged the blow, then grabbed and held him until assistance arrived, and the desperate man was safely locked up. The chief fired at him twice, but failed to stop him.

HOME TREATMENT FOR SALLOW, WRINKLED SKIN

A. C. F. asks: "What shall I do for my sallown complexion, and how can I get rid of my wrinkles?"

Sallowiness is best removed by removing the skin itself. This is effectively accomplished by the use of ordinary mercurized wax, which causes the of fensive out skin gradually to peel off, in fine particles scarcely noticeable to the naked eye. Within a week or so you will have an enviable complexion, the new skin exhibiting a healthful, youthful tint incomparable with artificial coloring. Get an ounce of this wax at your drug store, apply at night like cold cream, only don't rub it in. Wash it off in the morning with warm water.

For your wrinkles try a solution of powdered soraxole, one ounce, dissolved in a half pint witch hazel. Bathe your face in this every morning for awhile. The result will surprise you.—Beauty's Mirror.
