## EARL COOPER WINS CHICAGO CUP RACE

Driving Stutz Car He Comes In Ahead of Field of Nine Starters

Elgin, Ill., Aug. 20.—Earl Cooper driving a Stutz car this afternoon won the 201 mile Chicago cup automobile road race here from a field of nine starters. Time 4:01:32, average speed 79.97 miles an hour. Gil Anderson was second.

Elgin, Ill., Aug. 20.—After taking the lead early in the 201 mile automobile race for the Chicago cup today, Ralph De Palma was forced to retire at the end of the sixth lap when his engine developed serious trouble.

De Palma was the first away when the starting gun was fired and finished the first lap in the lead, going 90 miles an hour. Anderson was a close second. Barney Oldfield, one of the favorites, developed engine trouble early in the race. During the sixth lap De Palma had engine trouble and after tinkering with his machine for a time, decided to abandon the race.

At the end of 50 miles Earl Cooper, in a Stutz, led the field, having averaged only 74.42 miles an hour. Gil Anderson and Tom Alley followed in that order.

While his opponents were in their sixteen laps, De Palma finally fixed his engine and re-entered the race, ten laps behind. Frank Justens' Cordinus was forced to withdraw temporarily because of engine trouble, but was expected to resume later.

Earl Cooper led the field at the 100-mile mark, having averaged 76.65 miles an hour. Anderson was still in second place with Tom Alley close behind.

Cooper maintained his lead at the 150-mile mark when the timers gave his average speed at 76.77 miles an hour.

**Conscience Troubles  
Him and He Returns  
\$2 To State Treasury**

A letter has been received at the office of the state engineer from a man writing from Walla Walla who says he was overpaid \$2 for working on the roads and that he has since had a change of heart and returned the money in the above amount to the state. The writer said he had worked on the state highway on the concrete work south of Astoria and that when he quit there he was paid \$2.75, when in reality there was only \$1.10 due him.

He said that since he had experienced a change in his manner of thinking and that he could not rest until he had returned this \$2 to the state. The money was received and turned over to the state treasurer to be placed in the state highway fund.

**Body of Leo. M. Frank  
Was Buried Privately**

New York, Aug. 20.—The body of Leo M. Frank who was buried yesterday near Maier's Hill, Goshen, was buried in a grave near Maier's Hill cemetery. There was no demonstration, although 25 persons waited outside the home of Frank's mother to deal with any crowd that might gather.

Mr. Frank, who has been buried privately since his husband's death, was here en route. The funeral was private.

It is almost like bringing out canned goods expressions to talk about the humidity and why the weather seems so much warmer than usual. The thermometer at the fair gave up later in the day when he pleaded guilty and was given a sentence of five days in jail or \$10.

Up to the present date, the Drager Fruit company has shipped 20 car loads of peaches to California from its shipping points between Hood River and Moreland. According to W. F. Drager, the company expects to ship as many more before the close of the season.

The Hood River Gas & Electric company petitioned the State Public Utilities commission for permission to change back to the system of a 10 per cent straight discount for bills paid promptly after the presentation of the monthly statement. The method prescribed by the commission was a little more elaborate and caused some computation to be made up to calculate the discount. The method of the commission however, amounted to about the same discount.

The Salem Military band will give another of their popular concerts this evening at 8 o'clock in Wilson park. The program will be of the usual length, and include the ever popular overtime to William Tell, and selections from Faust. For those who prefer the piano style of music, there will be Louisiana Lou and several rag time selections. The vocal numbers will be given by Mrs. Hattie Pirch Biagges, one of her selections being "Bonnie Sweet Beanie."

State Engineer John H. Lewis returned last night from a trip of inspection to Hood River over the Columbia highway. The particular piece of construction that called for the trip was that of the Newberg construction on which consists of about seven miles on either side of the Cascade locks. The work has been completed and the state engineer will prepare the final estimates to be presented to the state highway commission. G. N. Ross, auditor, Chief Deputy State Engineer Captain and L. Ferguson, assistant engineer, made up the party which made the inspection.

Hal V. Bolam, who recently went to Portland to become buyer for the West End grocery, met with an accident resulting while driving from an illegal hotel across town near Falls City. While going at a rapid speed, the driver of the car ran into a stamping iron, driving it through the side of the car and under the floor. His face was cut and he was unconscious. The car was immediately stopped and the men who were in the car were taken to the hospital.

Dr. H. E. Clay, had to take him to the hospital where he was taken care of. He is now recovering, but is to be taken to the hospital again to have his eye removed.

## ITALY SEEKS TRADE WITH UNITED STATES AFTER WAR IS OVER

Driving Stutz Car He Comes In Ahead of Field of Nine Starters

One of the benefits that might come to the United States from the European war was brought out by a letter received by Secretary of State Glavis from the American chamber of commerce in Milan, Italy. The letter was a circular letter and signed by Charles P. Huss, president of the association.

The letter went on to state that it was natural to be expected that the purchasing power of Germany and Austria would be less after the war, to say nothing of the hatred Italy and Italian goods in Germany and the corresponding hatred of German and Austrian goods in Italy. On this account it was stated that it would be necessary for Italy to seek new outlets for her goods and markets in which to purchase millions of dollars worth of goods annually.

This could best be done in the United States, and the American chamber of commerce in Italy asked the co-operation and support of all Americans to promote further and closer commercial interests between the Italians and the Americans.
